

V For Vendetta Opening Speech

Robert R. Redfield

Educational, Psychological, and Behavioral Considerations in Niche Online Communities Venkatesh, Vivek, Wallin, Jason, Castro, Juan Carlos, Lewis, Jason Edward, 2014-02-28 Online communities continue to evolve as more people take on a virtual presence. This shift in online communities and the diversity of individuals populating the web has allowed for the emergence of virtual communities centered on niche topics of interests ranging from heavy metal music to indigenous and native culture. Educational, Psychological, and Behavioral Considerations in Niche Online Communities examines the presence of online communities centered around niche topics of interest and the impact of these virtual spaces on community members. Taking perspectives from interdisciplinary fields such as sociology, psychology, and education, this publication will appeal to educators, psychologists, behaviorists, students, and researchers interested in the impact of virtual communities on individuals as well as the opportunities these online communities present.

Handbook of Research on Aestheticization of Violence, Horror, and Power Erdem, M. Nur, Kocabay-Sener, Nihal, Demir, Tuğba, 2020-10-02 Individuals seek ways to repress the sense of violence within themselves and often resort to medial channels. The hunger of the individual for violence is a trigger for the generation of violent content by media, owners of political power, owners of religious power, etc. However, this content is produced considering the individual's sensitivities. Thus, violence is aestheticized. Aesthetics of violence appear in different fields and in different forms. In order to analyze it, an interdisciplinary perspective is required. The Handbook of Research on Aestheticization of Violence, Horror, and Power brings together two different concepts that seem incompatible— aesthetics and violence— and focuses on the basic motives of aestheticizing and presenting violence in different fields and genres, as well as the role of audience reception. Seeking to reveal this togetherness with different methods, research, analyses, and findings in different fields that include media, urban design, art, and mythology, the book covers the aestheticization of fear, power, and violence in such mediums as public relations, digital games, and performance art. This comprehensive reference is an ideal source for researchers, academicians, and students working in the fields of media, culture, art, politics, architecture, aesthetics, history, cultural anthropology, and more.

Introduction to Cyber-Warfare Paulo Shakarian, Jana Shakarian, Andrew Ruef, 2013-05-16 Introduction to Cyber-Warfare: A Multidisciplinary Approach, written by experts on the front lines, gives you an insider's look into the world of cyber-warfare

through the use of recent case studies. The book examines the issues related to cyber warfare not only from a computer science perspective but from military, sociological, and scientific perspectives as well. You'll learn how cyber-warfare has been performed in the past as well as why various actors rely on this new means of warfare and what steps can be taken to prevent it. - Provides a multi-disciplinary approach to cyber-warfare, analyzing the information technology, military, policy, social, and scientific issues that are in play - Presents detailed case studies of cyber-attack including inter-state cyber-conflict (Russia-Estonia), cyber-attack as an element of an information operations strategy (Israel-Hezbollah,) and cyber-attack as a tool against dissidents within a state (Russia, Iran) - Explores cyber-attack conducted by large, powerful, non-state hacking organizations such as Anonymous and LulzSec - Covers cyber-attacks directed against infrastructure, such as water treatment plants and power-grids, with a detailed account of Stuxnet

Graphic Novels and Comics in the Classroom Carrye Kay Syma, Robert G. Weiner, 2013-06-24 Sequential art combines the visual and the narrative in a way that readers have to interpret the images with the writing. Comics make a good fit with education because students are using a format that provides active engagement. This collection of essays is a wide-ranging look at current practices using comics and graphic novels in educational settings, from elementary schools through college. The contributors cover history, gender, the use of specific graphic novels, practical application and educational theory. Instructors considering this book for use in a course may request an examination copy here.

Yoggerst V. Hedges, 1980

John Webster Don D. Moore, 1981 The Critical Heritage gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses on a writer's work, enabling student and researcher to read the material themselves.

Public Personnel Administration and Constitutional Values Yong Lee, 1992-08-30 Several Supreme Court battles during the Warren-Burger era finally brought public sector employees under constitutional protection, setting forth a new legal framework for personnel management. This new framework requires administrators to manage personnel foremost in compliance with the established constitutional principles without necessarily sacrificing efficiency. Public Personnel Administration and Constitutional Values is a sketch of this new framework in which constitutionalism and judicial accountability become defining characteristics. In the text the author provides, for the first time, a comprehensive review of case law principles in non-technical terms that are central to today's personnel management and decision-making: First Amendment freedoms, procedural due process, equal protection of the laws with respect to anti-discrimination, affirmative action, and compensation, and governmental and official liability. The author concludes that although excessive legalism may undoubtedly cause administrative timidity, a constitutionally competent administrator should be able to overcome this timidity; more important, a democratic administration grounded in constitutional values promises the best of all possible

alternatives. This book is an invaluable addition to education and training for the students of public administration, as well as public administration practitioners at all levels in the United States. It also provides an important insight for the scholars of public administration in other parts of the world.

International Journal of Comic Art ,2009

A Generous Symphony Christopher D. Denny,2016-11-01 Hans Urs von Balthasar, one of the preeminent theologians of Roman Catholic theology in the modern era, constructed a theological world suffused by the literary, a vision carried across over 16 volumes of his magnum opus. *A Generous Symphony* offers a balanced appraisal of Balthasar's literary achievement and explicates Balthasar's literary criticism as a distinctive theology of revelation, which offers possibilities for understanding how divine presence may be manifested outside the canonical boundaries of Christian tradition. The structure of *A Generous Symphony* is a chronological presentation of the Balthasarian canon of imaginative literature, which allows readers to see how social and historical interests guide Balthasar's readings in the pre-Christian, medieval, and modern eras. While other books have examined the systematic theology of Balthasar, this book will examine the important question of how students of literature, like Balthasar, can be transformed into theologians by attending to the implicit presence of Christ in what Gerard Manley Hopkins' poem "As kingfishers catch fire . . ." called "the ten thousand places." Balthasar's deep investment in the uniqueness of Christian revelation is underlined, while, at the same time, his aesthetic sympathies cause him to invest literature with 'quasi-sacramental' status.

Annual Section 1983 Civil Rights Litigation ,2002

Harry Boland's Irish Revolution David Fitzpatrick,2004 Along with his close comrades Michael Collins and Eamon de Valera, Harry Boland (1887-1922) was probably the most influential Irish revolutionary between 1917 and 1922. His sway extended to almost every aspect of republican activity. Already prominent as a hurler before 1916, he was convicted and imprisoned after an energetic Easter Week. He subsequently became Honorary Secretary of Sinn Fein, T.D. for South Roscommon in the First Dail, President of the Irish Republican Brotherhood's Supreme Council, and a republican envoy in the United States between May 1919 and December 1921. He broke with Collins over the Treaty, but became the chief intermediary between the factions. Early in the Civil War, however, he was killed by National army officers in the Grand Hotel, Skerries. Boland's influence was the product of charm, gregariousness, wit, and ruthlessness. After his rebel father's early death, Boland's mother raised him in a spirit of intransigent hostility to Britain. Yet he was also stylish, cosmopolitan, and humane. His celebrated contest with Collins for the love of Kitty Kiernan is perhaps the most intriguing of all Irish political romances. Attractive yet elusive, his personality helped shape the Irish revolution. David Fitzpatrick's biography draws upon documents in Irish, British, and American archives, including his American diaries and thousands of letters to,

from, and about Boland. Extensive use has been made of family papers and de Valera's vast archive on the Irish campaign in America. These and other recently released documents illuminate the inner workings of Irish republicanism, and the critical importance of brotherhood in the revolution. As an old-fashioned republican and advocate of 'physical force', Boland is still venerated as a martyr by revolutionary republicans. Yet, in his conduct, he practised the ambiguities associated with Sinn Fein in today's Northern Ireland. Doctrine was subordinated to the twin quests for republican unity and political supremacy, entailing reiterated compromise, systematic duplicity, and mastery of propagandist techniques. If his outlook seems archaic, his practice was astonishingly modern. Harry Boland was a forerunner for Adams and McGuinness. -- Publisher description.
