The Irrevocable Call of God Richard H. Bell, 2005 Richard Bell examines the impact of Paul's life changing experience before Damascus on his theological understanding of Israel. The book considers the development of Paul's view concerning the election and salvation of Israel, paying special attention to 1 Thessalonians, Galatians and Romans. The author examines Paul's critique of Israel's religion in the light of traditional protestant approaches and the 'new perspective'. The work concludes by considering some contemporary issues relating to Israel in the light of Paul's theology.--BOOK JACKET.

Intergroup Conflict, Recategorization, and Identity Construction in Acts Hyun Ho Park, 2023-12-28 Hyun Ho Park employs social identity to create the first thorough analysis via such methodology of Acts 21:17-23:35, which contains one of the fiercest intergroup conflicts in Acts. Park's assessment allows his readers to rethink, reevaluate, and reimagine Jewish-Christian relations; teaches them how to respond to the vicious cycle of slander, labeling, and violence permeating contemporary public and private spheres; and presents a new hermeneutical cycle and describes how readers may apply it to their own sociopolitical contexts. After surveying previous studies of the text, Park first analyses Paul's welcome, questioning, and arrest, and how slandering and labeling make Paul an outsider. Park then describes how, through defending his Jewish identity and the Way, Paul nuances his public image and re-categorizes himself and the Way as part of the people of God.

When Paul identifies himself as a Roman and later a Pharisee, Park examines Luke's ambivalent attitude toward Rome and the Pharisees, and assesses how Paul escapes dangerous situations by claiming different social identities at different times. Finally, he discloses the vicious cycle of slander, labeling, and violence not only against the Way but also against the Jews and challenges the discursive process of identity construction through intergroup conflict with an out-group, especially the proximate "Other." Furthermore, he demonstrates how the relevance of such scholarship is not limited to Lukan studies or even biblical studies in general; the frequent use of slander, labeling, and violence in the politics of the United States and other polarized countries around the globe demands new ways of looking at intergroup relations, and Park's argument meets the needs of those seeking a new perspective on contemporary political discord.
