Mona Lisa Donald Sassoon, 2001 What has made the Mona Lisa the most famous picture in the world? Why is it that, of all the 6,000 paintings in the Louvre, it is the only one to be exhibited in a special box, set in concrete and protected by two sheets of bulletproof glass? Why do thousands of visitors throng to see it every day, ignoring the masterpieces which surround it?

Leonardo and the Mona Lisa Story Donald Sassoon, 2006 Five centuries after Leonardo da Vinci painted La Gioconda, or the Mona Lisa, her mysterious smile retains its celebrity status. From photographs of Florence to paintings by Leonardo's Florentine contemporaries, this work unlocks the history behind the painting and illustrates just how much she continues to influence our culture.

Advertising and Popular Culture Sammy Richard Danna, 1992 Subliminal perception debunked, senior citizen advertising comes of age, Mona Lisa goes commercial, and male ad image changes are questioned! These and a host of other insightful, informative essays comprise this volume. Numerous advertising and marketing scholars united to bring the reader some of their most instructive, stimulating and entertaining works. Advertising today, more than ever, is a field filled with change, challenge, and controversy. For about a decade, the Popular Culture Association's Advertising Area has proved to be a forum for a variety of topics that highlight advertising's impact on culture and society. This volume stems from a proposal to collect into a book some of the papers presented at PCA Conferences in the Advertising Area from 1985-1989. Authors represent a variety of interests and research areas. While original plans did not call for any specific topic divisions in this volume, the articles do present variety, though somewhat loosely categorized. In general, these categories fall under the broad umbrella of popular culture studies. Besides the familiar historical and critical presentations, articles of controversy and interest are included, such as the one on subliminal advertising. Some of these articles attempt to debunk previously written pieces and serve as a stepping stone to much further discussion. All-in-all, you will find something to amuse, amaze, inform and stimulate in this volume of advertising variety and versatility.--BOOK JACKET.

Becoming Monalisa Donald Sassoon, 2004-02 The extraordinary story of how Leonardo da Vinci's masterpiece became the most famous painting in the world & an icon of popular culture. In 2003, the 500th anniversary of the Mona Lisa, it became the only work in the Louvre Museum to occupy its own room. But the picture is also used to sell everything from chocolate to champagne to automobiles, & appears on ashtrays, mouse pads, & T-shirts. More than any other art object, the Mona Lisa demonstrates that something can be high art & pop, classic & cool. Sassoon examines how the Renaissance genius created the picture, who the subject was, why it gained its unrivaled position in the art world, & how it has come to be used & abused by other artists & the international ad industry. Photos.

A Heart for Art Sue Jones, 2014-02 If you are interested in understanding art, you need both tools and knowledge of some basic facts. In *A Heart for Art*, author Sue Jones seeks to help you gain what you need to further your understanding, providing a guide to the four main categories of art: pictorial, sculpture, architecture, and crafts. In this study, Jones provides examples of some of the greatest works of art in these four categories and discusses them in terms of the five questions one must ask to further their art appreciation: Who made it? When was it created? What is the subject? Why did the artist create the art? What is the style? Including such works as paintings of Van Gogh, the Mona Lisa, *The Thinker*, and the *Venus de Milo*, *A Heart for Art* helps you learn about art-how to understand it and how to make an informed decision about what you are seeing and experiencing.

The Thefts of the Mona Lisa Noah Charney, 2011 Leonardo da Vinci's portrait, called the Mona Lisa, is without doubt the world's most famous painting. It achieved its fame not only because it is a remarkable example of Renaissance portraiture, created by an acclaimed artistic and scientific genius, but because of its criminal history. The Mona Lisa (also called *La Gioconda* or *La Joconde*) was stolen on 21 August 1911 by an Italian, Vincenzo Peruggia. Peruggia was under the mistaken impression that the Mona Lisa had been stolen from Italy during the Napoleonic era, and he wished to take back for Italy one of his country's greatest treasures. His successful theft of the painting from the Louvre, the farcical manhunt that followed, and Peruggia's subsequent trial in Florence were highly publicized, sparking the attention of the international media, and catapulting an already admired painting into stratospheric heights of fame. This book tells the art and criminal history of the Mona Lisa. This extended essay in book form, prepared to coincide with the 100th anniversary of the 1911 theft, examines the criminal biography of Leonardo's Mona Lisa, with a focus on separating fact from fiction in the story of what is not only the most famous art heist in history, but which is the single most famous theft of all time. In the process this book also tells of Leonardo's creation of the Mona Lisa, discusses why it is so famous, and investigates two other events in its history of theft and renown. First, it examines the so-called *affaire des statuettes*, in which Pablo Picasso and Guillaume Apollinaire were arrested under suspicion of involvement in the theft of the Mona Lisa. Second, there has long been a

question as to whether the Nazis stole the Mona Lisa during the Second World War-a question that this book seeks to resolve. This book provides a strong introduction to the Mona Lisa and the thefts surrounding it. Noah Charney is the Sherlock Holmes of art theft. Beyond his great sleuthing prowess, he writes with the simple grace of a novelist and the erudition of a scholar. Here his subject could be no more dramatic: the impossible-but-true story of the most famous of all paintings, the Mona Lisa. It is a tale that bounces along, implicating the likes of Apollinaire, Picasso, the Nazis, and Nat King Cole. It is easy to pick up and very hard to put down. -Mark Lamster, author of *Master of Shadows: the Secret Diplomatic Career of the Painter Peter Paul Rubens* Deftly written and riveting to read. -Sidney Kirkpatrick, author of *Hitler's Holy Relics* Few writers have brought the issue of art theft to the fore with the fervor of Noah Charney. With *The Thefts of the Mona Lisa: On Stealing the World's Most Famous Painting*, Charney has created a work that is equal parts lucid art history and thrilling true crime. Both the popular myths and the hidden truths surrounding the theft and recovery of Leonardo's seminal work provide art theft investigators and museum security directors with important lessons for solving-and preventing-art crime today. -Anthony Amore, art theft and security expert and author of *Stealing Rembrandts: The Untold Stories of Notorious Art Heists* All profits from the sale of the print edition of this book support the charitable activities of ARCA, the Association for Research into Crimes against Art, an international non-profit research group on art crime and cultural heritage protection.

Famous Works of Art in Popular Culture Joy Sperling, 2003-10-30 Certain works of art-Mona Lisa, the Statue of Liberty, Rodin's *The Thinker*, Grant Wood's *American Gothic*-are famous to everyone: those who love art and those who are generally indifferent to it. This volume considers 29 works of art and examines the ways in which they have transcended the art world and become facets of the popular imagination. Sperling (art, Denison U.) considers how 30 great works of art-such as the Mona Lisa and the Statue of Liberty-have become part of popular culture. She begins by exploring the role of travel, tourism, photography, and books in making certain ancient monuments world famous. Other topics include, for example, how coffee-table books helped make a number of Italian Renaissance paintings ubiquitous, how marketing embedded a number of modern memorials in the public consciousness, and how twentieth-century artists endeavor to strike a balance between critical and popular fame. Thirty art works that have become facets of the popular imagination are examined.
