Susan Nolan, Kelly M. Goedert

OuterSpeares Daniel Fischlin, 2014-11-05 For Shakespeare and Shakespearean adaptation, the global digital media environment is a “brave new world” of opportunity and revolution. In *OuterSpeares: Shakespeare, Intermedia, and the Limits of Adaptation*, noted scholars of Shakespeare and new media consider the ways in which various media affect how we understand Shakespeare and his works. Daniel Fischlin and his collaborators explore a wide selection of adaptations that occupy the space between and across traditional genres – what artist Dick Higgins calls “intermedia” – ranging from adaptations that use social networking, cloud computing, and mobile devices to the many handicrafts branded and sold in connection with the Bard. With essays on YouTube and iTunes, as well as radio, television, and film, *OuterSpeares* is the first book to examine the full spectrum of past and present adaptations, and one that offers a unique perspective on the transcultural and transdisciplinary aspects of Shakespeare in the contemporary world.

[The Humanity Archive](#) Jermaine Fowler, 2023-02-28 This sweeping survey of Black history shows how Black humanity has been erased and how its recovery can save the humanity of us all. Using history as a foundation, The Humanity Archive uses storytelling techniques to make history come alive and uncover the truth behind America's whitewashed history. The Humanity Archive focuses on the overlooked narratives in the pages of the past. Challenging dominant perspectives, author Jermaine Fowler goes outside the textbooks to find recognizably human stories. Connecting current issues with the heroic struggles of those who have come before us, Fowler brings hidden history to light. Praise for The Humanity Archive: From the African Slave Trade to Seneca Village to Biddy Mason and more, The Humanity Archive is a very enriching read on the history of Blackness around the world. I was hooked by Fowler's storytelling and would recommend others who want to pore over a book that outlines critical moments in history—without putting you to sleep. — Philip Lewis, Senior Editor, HuffPost Fowler sees historical storytelling and the sharing of knowledge as a vocation and a means of fostering empathy and understanding between cultures. A deft storyteller with a sonorous voice, Fowler's passion for his material is palpable as he unfurls the hidden histories. — Vanity Fair Born in Louisville, Kentucky, Jermaine Fowler is a storyteller and self-proclaimed intellectual adventurer who spent his youth seeking knowledge on the shelves of his local free public library. Between research and lecturing, he is the host of the top-rated history podcast, The Humanity Archive, praised as a must-listen by Vanity Fair. Challenging dominant perspectives, Fowler goes outside the textbooks to find recognizably human stories.

Connecting current issues with the heroic struggles of those who've come before us, he brings hidden history to light and makes it powerfully relevant.

Casting Gender John T. Warren, Laura B. Lengel, 2005 *Casting Gender* puts forward a vision of theatre, storytelling, and the performance of the everyday function within the lived spaces of its performers and audiences, asking how women artists/scholars embody meaning, carry social value, and constitute possible identities. Drawing on scholarship in intercultural communication, performance studies, women's studies, and cultural studies, this collection of new, critically informed research advances our understanding of how theater works as intercultural communication and as a vehicle for change. *Casting Gender* offers varied locations and sites of research, highlighting the rich diversity of women's cultural identities, roles, and societal positions. This book moves beyond the western-centered nature of intercultural performance and intercultural communication theory and practice by creating a forum for nonwestern voices.
