El cartel de los sapos 2 Andrés López López, 2011-08-08 Una historia real con los verdaderos personajes de uno de los más temibles carteles del mundo: el cartel del Norte del Valle Este libro todavía no ha sido llevado al cine ni a la televisión. Pronto será una película protagonizada por Manolo Cardona y el actor estadounidense Tom Sizamore. Esta sí es una auténtica historia, contada desde las entrañas mismas de la mafia por Carmelo, uno de los hombres más cercanos a Diego Montoya, el narcotraficante colombiano extraditado a los Estados Unidos. Hijo de pistolero, Carmelo fue el fiel jefe de seguridad de Montoya y testigo privilegiado y protagonista de la guerra que se vivió en las entrañas del cartel del Norte del Valle. El libro relata detalles de cómo se manejaban los negocios del gran capo, cómo funcionaban las riesgosas cocinas, la búsqueda de nuevas rutas para burlar a las autoridades, los escandalosos nexos con algunos miembros de la Fuerza Pública y con renombrados políticos. El cartel de los sapos 2 muestra aspectos desconocidos de las relaciones de la mafia con el paramilitarismo y del papel que las AUC, de Carlos y Vicente Castaño, desempeñó en el manejo del negocio y de la guerra interna del cartel durante las conversaciones en Santa Fe de Ralito; de cómo los dos bandos criminales se movían por todo el país planeando venganzas y matanzas y moviendo sus cargamentos. También explica el origen de esa guerra sin cuartel que, en últimas, ocasiona la captura de Don Diego, alcohólico y avaro, y el fin del cartel del Norte del Valle. Esta historia también arroja luces sobre los posibles autores del magnicidio del ex candidato presidencial Álvaro Gómez Hurtado, en noviembre de 1995; pero también cuenta quiénes ordenaron y quiénes ejecutaron los asesinatos de Wilber Varela, Jabón, uno de los más prominentes jefes de ese cartel mafioso y del coronel de la Policía, Danilo González, un brillante oficial que luego de colgar el uniforme se puso al servicio de la crema y nata del narcotráfico colombiano.

ENGLISH DESCRIPTION The film version of El Cartel de los Sapos opening May 2011 and starring Manolo Cardona and Tom Sizemore, presents the inside story of Colombia's drug world as told by Carmelo, a key player in the Norte del Valle Cartel. As the son of a hired gunman, Carmelo grew up to become chief of security for Diego Montoya, head of the notorious Norte del Valle Cartel. The key position he played within the extradited drug lord's organization allowed him to be a privileged witness and leading player in the war that consumed the cartel. The book walks the reader through each and every aspect of Montoya's drug empire, from the workings of the dangerous kitchens, (drug labs) reconnaissance missions for new drug routes to evade the authorities, and the shocking links to members of Colombia's Fuerza Pública as well as renowned politicians. El cartel de los sapos 2 unveils previously unknown aspects of the relationship between the drug mafias and paramilitary groups, the role the United Self-Defense Forces of Colombia (or AUC, in Spanish), and the internal conflicts during the Santa Fe de Ralito summit. The story also throws some light into the possible authors of the assassination of presidential candidate Álvaro Gómez Hurtado in November of 1995, and reveals who ordered—and who carried out—the murder of Wilber Varela, alias Jabón, one of the most prominent leaders of the drug cartel, and the murder of Danilo González, the former police chief who retired from the force to sell his expertise to high ranking drug dealers. The story is so accurately portrayed, readers will feel they are live witnesses of a world where the price for a transgression is a life, and the fight for power and territory is synonymous with bloodbath. It also explains the origin of the merciless war which, in the end, led to the capture of the drunk and miserly Diego Montoya and the end of the Norte del Valle Cartel.

Pablo Escobar and Colombian Narcoculture Aldona Bialowas Pobutsky, 2025-02-18 In this exploration of Colombian drug lord Pablo Escobar's impact on popular culture, Aldona Bialowas Pobutsky shows how Escobar's legacy inspired the development of narcocultura—television, music, literature, and fashion representing the drug-trafficking lifestyle—in

Colombia and around the world.

Drug Trafficking in Mexico and the United States Gabriel Ferreyra, 2020-06-22 Gabriel Ferreyra presents a comprehensive analysis of drug trafficking in Mexico and the United States by examining the roots, development, consolidation, and cultural ramifications of this phenomenon in the past century as well as its negative consequences in contemporary Mexico. Ferreyra discusses the most devastating effects correlated to drug trafficking such as high murder rates, gruesome violence, disappearances, and mass graves to emphasize how Mexican society bears the brunt of this phenomenon while the United States insists on the futility of drug prohibition. Unlike other publications, this book provides an interdisciplinary social science approach where drug trafficking is conceptualized as a multifaceted social, political, economic, and cultural problem, rather than just a criminal justice issue. Drug Trafficking in Mexico and the United States also revisits the war on drugs and provides an argument how drug control is the primary force behind drug trafficking. In that respect, there is an analysis on how the DEA has reinforced the war on drugs model and why it became a reactionary agency that opposes any comprehensive alternative to the American drug problem besides drug control. The author concludes with recommendations to implement forward-thinking measures such as decriminalization, reclassification, and legalization of drugs to effectively address the illicit drug trade.

Las fantásticas Andrés López López, Juan Camilo Ferrand, 2011-08-08 Un viaje al extraordinario mundo de las mujeres de los narcos DE LOS CREADORES DE EL CARTEL La historia del narcotráfico contada a través de las esposas y compañeras de los grandes capos colombianos. Seis relatos escalofriantes de las vidas detrás de escena de las mujeres de los narcos en Colombia Historias reales de las esposas y mujeres de los narcotraficantes y, aunque los nombres se ocultan tras seudónimos, se puede reconocer en la vida real a las protagonistas. Las fantásticas son mujeres bellas, que aparentan ser inocentes. Sin embargo, una vez que logran conquistar a un mafioso, comienzan una carrera contra el reloj que las consume para poder mantener su sitio de poder, cueste lo que cueste. Elemento a resaltar: Hasta ahora nadie había contado cómo eran las mujeres de los narcos y hasta dónde se llegaban a transformar sus personalidades.

Telenovelas in Pan-Latino Context June Carolyn Erlick, 2017-10-02 This concise book provides an accessible overview of the history of the telenovela in Latin America within a pan-Latino context, including the way the genre crosses borders between Latin America and the United States. Telenovelas, a distinct variety of soap operas originating in Latin America, take up key issues of race, class, sexual identity and violence, interweaving stories with melodramatic romance and quests for identity. June Carolyn Erlick examines the social implications of telenovela themes in the context of the evolution of television as an integral part of the modernization of Latin American countries.

Las muñecas de el cartel Andrés López López, Juan Camilo Ferrand, 2009 Tras la exitosa serie de televisión 'El Cartel' llegan Las Fantásticas, las hermosas y voluptuosas mujeres oficiales de los narcos. Hasta ahora nadie había contado cómo es

la vida de la mujeres de los narcos, ni hasta dónde llegan aquellas sencillas jovencitas para lograr convertirse en compañeras de reconocidos delincuentes. He aquí los testimonios de las seis mujeres Fantásticas que inspiraron la serie de televisión. 'Las Fantásticas' are women who rarely go unnoticed. During their time of glory, paraded at their husband's side, they travel in opulent vehicles decked out in the latest designer fashions and live in the lap of luxury. It just takes one second, one false move, however, and their entire life comes crashing down on them. Their man loses power, money and/or his freedom, and suddenly their golden dream turns into their darkest nightmare. Glamour and an affluent lifestyle give way to uncertainty, unease, and an inability to go back to a 'normal' life. 'Las Fantásticas' were always the official women. They were owed respect and subservience. They ruled the house, presiding over an army of servants that saw them as an extension of the boss. Never before had anyone told their story, had delved into their metamorphosis from simple, unassuming women into the partner of recognized criminals. The true story of drug trafficking as recounted by the wives of the top Colombian drug lords.

Las muñecas de los narcos Andrés López López, 2010-07-14 Las muñecas de los narcos recoge por primera vez el testimonio de seis esposas de mafiosos colombianos. Brenda, Violeta, Noelia, Pamela, Renata, Frida... Probablemente estos nombres no significan nada para ti, en este momento, ahora que tienes este libro entre las manos; sin embargo, sus historias merecen ser leídas. Las seis son originarias del Valle del Cauca y esto no es casualidad. En este distrito colombiano arraigó con gran fuerza el narcotráfico. Brenda, Violeta, Noelia, Pamela, Renata, Frida comparten algo más: conviven a diario con peligrosos narcos. Son esposas, amantes, madres, pero por encima de todo son mujeres. Por primera vez dan la cara para contar cuál es la realidad de sus vidas, su historia de amor, lo que ven, lo que sienten, lo que callan, las operaciones de estética que necesitan para conquistar el paraíso, la humillación y sus palabras son un torrente de sucesos fuera de todo orden. El ex narcotraficante y escritor Andrés López y el periodista Juan Camilo Ferrand nos ofrecen en Las muñecas de los narcos seis desgarradores testimonios de las mujeres de los mafiosos de la droga para mostrar que la felicidad no la dan las grandes sumas de dinero ni el poder. Éste es el relato del narcotráfico contado por sus mujeres y desconocido hasta ahora. Éstas son las muñecas de los narcos. Así es como suena su voz. Hoy por fin tienen la palabra.

En complicidad con las autoridades mexicanas, creó un imperio que traficó toneladas de droga en flotas de aviones privados y comerciales. De ahí su apodo El Señor de los Cielos. Su vida fue casi un mito: sólo se conocía su nombre y pocos lo habían visto. Era tanto el temor que causaba que sólo tras haber sido declarado muerto se conoció su historia. Perseguido por la DEA, Carrillo Fuentes se sometió a múltiples cirugías plásticas y murió de complicaciones durante el procedimiento. Aunque la DEA confirmó su muerte, muchos creen que aún sigue con vida. ENGLISH DESCRIPTION El Señor de los Cielos is based on the life of Amado Carrillo Fuentes, the most powerful drug lord in Mexico. In connivance with mexican authorities, he built an empire that literally trafficked tons of drugs in commercial and private plane fleets, hence his nickname Lord of the Skies. He was a mythical figure: only his name was known and very few had seen him in person. He was so feared, in fact, that his story could not be told before his death. Pursued by the DEA, Carrillo Fuentes underwent multiple plastic surgeries and died from complications during the procedure. And even though the DEA confirmed his death, many believe he is still alive. El Señor de los Cielos is a fiery story of love, betrayal and boundless ambition, and a door into the inner workings of the drug world.
