THE MIND, BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity. Which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative, are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki(Ea). From his home planet Nibiru, the eponymous God of creation, imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians (Mithrum). Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar's of god on Earth. Reading this book gives you this powerful insight from a mind, body, and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African-Egyptian consciousness of spiritual science precepts. The Kemetic ankh (life) became the Christian cross (death). Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible, religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of genesis. Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods. The truth about the elite, Royals pantheon of alien gods as Anunnaki Anu, Enlil, and Enki as: Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites, which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis, as it should be taught. Not like the Christian, Catholic, Protestant, and Baptist religions teach the gospels of the Christian, savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian, Catholic, Protestant, and Baptist religions of blind faith. But in its purest form of theology, that is primarily the

Gospels of death, salvation, and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative, its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki (Ea) deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces, omitted the rulers, suppressed by the Church, or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes, manipulated and used to fashion Adam (men) as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition, logic, and reason.

Starseeds What's It All About? Alexander Quin, 2022-06-03 In the 1960s, legendary hypnotherapist Dolores Cannon began working with patients who had smoking and eating issues. When taken deep into their subconscious, a surprising thing happened. No matter their class, creed or religion, clients from all over the world kept saying the same thing: "I came here to raise Earth's vibration Upon returning to full consciousness this was something of a confusion to people at the time especially prior to crossing the great marker in 2012 when earth moved into a much higher photonic area of the cosmos changing the magnetics and many other elements that trigger our DNA and consciousness. This book acts as a 360° dot-connector, giving a beginner to master level explanation of the Starseed phenomenon, which is currently exploding globally and where it has developed to since. It links together various information and insights spiritually, metaphysically and scientifically so that the phenomenon can be broken down into disparate parts and understood from a very unique vantage point as a connected whole. This book offers the why, who, how, when, and where. For a very long time humanity has been kept in the dark about its spiritual and cosmic inheritance. Who would do such a thing and what would they gain from such an endeavour? In an age of lies everything has become a conspiracy theory and the truth is far stranger than fiction. We are not having a global awakening, but a remembrance of who we really are, a return to our true selves. We are from the stars and we are not alone.

Antarctica: the prison of fallen angels in Enoch's prophecy Cinzia Palmacci, 2023-09-21 Why do so many powerful people on Earth often go to Antarctica? What do they know about us that is important? Is Antarctica the kingdom of the antichrist? One thing is certain: the hybrid offspring of Lucifer for millennia have been interacting and working to pervert Creation and persecute humanity. We see this from the iniquitous laws of a ruling class in corrupt and evil-minded power. It is written that Enoch and the prophet Elijah will return for the final battle against the antichrist. And it doesn't seem to be that far off.

Knowing is defending and reacting. Enjoy reading.

Now and Then 2nd Edition Bob Maddison, 2012-09-05 Lost civilizations? Origins of mankind? Why does mankind seem to need religion? Why is there so much confusion and mental indigestion manifest among not only rank and file mankind, but also actively demonstrated by the academics? After all, does it really matter who built the pyramids of Egypt? Or when they were built? Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions? So who, or what, is god? Is it Jehovah, Allah, Krishna, or Enlil? Or perchance it is a fiction. And what does it matter or avail if we understand the true origins of man or not? If we cannot correctly understand who and what mankind is, how can we ever know and understand what angels, demons, gods, God, or aliens are? Is it that we are the aliens and this was not our earth?

I Can See Clearly Now - 3rd Edition Bob Maddison, 2013-10-20 This is the ultimate story of the origin of the univers, a subsequent 'god' and humanity, and every one's search for reality. Seriously.

"It Ain't Necessarily So" Book Two Bob Maddison, 2013-11-12 A review of global conspiracy against mankind, from religion, science, education, wars, government, medicines to global warming. Now is the time to uncover and discover some of the many issues and causes of human misery and despair. Also covered is the origin of religions foisted upon man, and how and why this is done. The truth about the identity of Jehovah, Yahweh, culminating in the Christian god and christ is fully documented

Weltkonstruktionen Peter Gemeinhardt, 2010 English summary: Religion has to do with God and the world. This volume contains an interdisciplinary discussion on the interpretation of the world by religions in the Ancient Near East, Greco-Roman antiquity, the Old and New Testament, and by late ancient Christianity and Islam. The basic categories for interpreting the world are chaos and cosmos, creation and eschatology, heaven and earth or the world of the living and the netherworld. The ten case studies in this book examine the topography of such world structures, and in doing so show the differences as well as the similarities between patterns of religious hermeneutics. The authors make it clear that whoever asked about the world and the powers that ruled it between the second millennium BC and the first millennium AD was also asking about the power of God - and thus about the purpose and meaning of the world. German description: Religion hat mit Gott und der Welt zu tun. Wie Religionen im Alten Orient, in der griechischen und ägyptischen Antike, im Alten und Neuen Testament, im spatantiken Christentum und im Islam die Welt deuten, wird in dem vorliegenden Band im interdisziplinären Gespräch erörtert. Grundlegende Kategorien der Welterklärung sind Chaos und Kosmos, Schopfung und Weltende,

himmlische und irdische Welt bzw. die Welt der Lebenden und die Unterwelt. In zehn Fallstudien fragen die Autoren nach der Topographie solcher Weltkonstruktionen, wobei sowohl die Unterschiede zwischen den Deutungsmustern der einzelnen Religionen als auch die Analogien zu Tage treten. Klar ist: Wer zwischen dem zweiten Jahrtausend vor und dem ersten Jahrtausend nach Christus nach der Welt und den in ihr waltenden Mächten fragt, fragt auch nach der Macht Gottes - und damit nach Ziel und Sinn der Welt. The Anunnaki Guidebook William A. Hinson, 2017-10-27 The Sumerian King List allegedly recorded all the rulers of Earth over 400,000 years who were said to be gods, demigods, or immortals . . . or one soul playing all the roles. In Sumerian Mythology the Anunnaki were a pantheon of good and evil gods and goddesses (duality) who came to Earth to create the human race. According to some resources, these gods came from Nibiru - 'Planet of the Crossing.' The Assyrians and Babylonians called the planet 'Marduk', after their chief god. The Sumerians believed one year on the planet Nibiru, called a sar, was equivalent in time to 3,600 Earth years. The Anunnaki therefore had lifespans that were 120 sars which is 120 x 3,600 or 432,000 years. According to the Sumerian King List - 120 sars had passed from the time the Anunnaki arrived on Earth to the time of the Great Flood. According to Ancient Alien Theory, the Anunnaki, and other alien groups, came to Earth and seeded the human race in many variations. This research was led by Zecharah Sitchin and Erich von Döniken among others, you can see much of their research on the History Channel Series - Ancient Aliens - which is also found on YouTube. This physical evidence of ancient astronauts can be found throughout our planet, leading one to conclude that different races

visited here at different periods in Earth's history, or the same aliens return and set up various civilizations in which they could inhabit and experience. In the first large civilization on earth, ancient Mesopotamia, we must first look at the Sumerian and Akkadian mythologies. The Sumerians were the first civilization on our planet to put their stories down in writing, and the first to establish the names and histories of their many gods. The Sumerian gods include the following examples: Enki, the god of water and wisdom; Ninhursag, the earth mother; Dumuzi, the shepherd; Inanna, the goddess of love and war; Ereshkigal, the goddess of the underworld . . . and the list goes on. The Akkadian civilization which replaced the Sumerian civilization, changed the name of the original gods. The Babylonians replaced the Akkadian civilization and changed the stories around. The Babylonians believed in a male dominated society, they were the first to introduce the concepts of good and evil. The snake became a symbol of evil, women became chaos, and daemons (the intermediaries) became the modern demons. Some of the Babylonian gods included: Ishtar, the goddess of love and war; Ea, the god of wisdom; Nintu (Mami, Belet-Ili), the mother of gods; Tammuz, the shepherd; Irkalla, the goddess of the underworld. Do you see some similarities? The Egyptian gods and goddesses: Osiris, the god of the dead, ruler of the underworld; Sekhmet, god of war; and Hathor, goddess of love. In the Greek myths, the gods and goddesses are similar with the others. Ares, the god of war; Aphrodite, the goddess of love; Athena, the goddess of wisdom; Hades, the god of the underworld. If you read these mythologies in chronological order (from Sumerian gods, to Akkadian gods, to Babylonian gods, to Egyptian gods, to Greek gods and to Roman gods), you will find that the names and point of view changes, but their attributes are virtually identical. However, the Sumerians were more nature-based, they did not have the concepts of good and evil. By the time we get to the Babylonians, their stories are more masculine in nature. You will find words in their stories that you will not find in the Sumerian stories. The Babylonians introduced the concept of good and evil, their women had to ask permission, they had no voice. These stories suggest that their society would control nature. This is the same concept in Greek and Egyptian mythologies, they were also more society based rather than Nature based. It is the author's conclusion, that these early Sumerian gods (the Anunnaki) were the same gods of later civilizations.
