C1 Advanced Key Word Transformation Made Easy Diego Mendez, 2020-07-02 This book has been written to help students prepare for the Key Word Transformation part of the Use of English paper (grammar) of the Cambridge English: C1 Advanced exam. It will give you a good understanding of the different grammatical structures commonly used in this part of the Use of English test, e.g. passive - active voice, impersonal passive, conditional sentences, inverted conditionals, inversions, set phrases, comparative-superlative, causative verbs, phrasal verbs, linking words, etc. If you want to learn how to do Key word transformation exercises effectively, this book is for you.

57 Common Reflexive Verbs in English (C1-C2) Diego Méndez, Mike Smith, 2024-08-16 What are reflexive verbs? Reflexive verbs are transitive verbs whose subject and object refer to the same person or thing, so the object is always a reflexive pronoun such as myself, yourself and herself. Examples: 'I washed myself'; 'He introduced himself and they shook hands. Watch out because verbs that are reflexive in some languages may not be reflexive in English. For example, in Spanish we say relajarse but in English we say relax, not relax yourself. In French, we say se rappeler, but in English we say remember, not remember yourself, and in German, we say sich vorstellen, while in English we say imagine, not imagine yourself. This ebook contains 57 of the most common reflexive verbs that are taught to advanced English learners. It will help you to familiarise yourself with them and notice them while reading in English or listening to spoken English, so that you can take your English skills to the next level.
