Forked Saru Jayaraman, 2016-01-14 A restaurant critic can tell you about the chef. A menu can tell you about the farm-sourced ingredients. Now who's going to tell you about the people preparing your meal? From 2015 James Beard Leadership Award winner Saru Jayaraman, *Forked* is an enlightening examination of what we don't talk about when we talk about restaurants: Is the line cook working through a case of stomach flu because he doesn't get paid sick days? Is the busser not being promoted because he speaks with an accent? Is the server tolerating sexual harassment because tips are her only income? As most corporate restaurants continue to set low standards for worker wages and benefits, a new class of chefs and restaurateurs is working to foster sustainability in their food and their employees. *Forked* offers an insider's view of the highest--and lowest--scoring restaurants for worker pay and benefits in each sector of the restaurant industry, and with it, a new way of thinking about how and where we eat.

California Pizza Kitchen Michael J. Schill, 2008 This case examines the question of financial leverage at California Pizza Kitchen (CPK) in July 2007. With a highly profitable business and an aversion to debt, CPK management is considering a debt financed stock buyback program. The case is intended to provide an introduction to the Modigliani and Miller capital structure irrelevance propositions and the concept of debt tax shields. With the background of a pizza company, the case

provides an engaging context to discuss the 'pizza graphs' that are commonly used in corporate finance curriculum to illustrate the wealth effects of capital structure decisions. The case serves to motivate the following teaching objectives: 1. Introduce the Modigliani-Miller intuition of capital structure irrelevance 2. Establish how the cost of equity is affected by capital structure decisions by defining financial risk and introducing the levered beta CAPM equation 3. Discuss interest tax deductibility and the valuation tax shields 4. Explore the importance of debt capacity in a growing business An instructor spreadsheet and teaching note is available for instructors.
