Leading Things You Didn't Start Tyler Reagin,2021-03-02 A high-impact leadership coach gives you the tools you need to maximize your influence in a new role, giving you the ability to meet any challenge and take your team, organization, church, or company to new heights. "A practical path to maximizing your influence, navigating transitions, and producing positive results."—Jon Gordon, 10x bestselling author of *The Power of Positive Leadership* Sure, it's inspirational when we hear stories about those who founded companies from their garages with one hundred dollars cash while in high school. But such success is super rare and not always how it plays out for great leaders. The reality is that most leaders are responsible for corporations, teams, and products they didn't launch from the ground up. Tyler Reagin saw the immense need to address this mission-critical but often overlooked aspect of leadership: healthy transition for leaders who inherit teams, places, or platforms others created. His groundbreaking book *Leading Things You Didn't Start* provides a faith-based four-step plan that answers practical questions such as: • Do I really want to take over something loved by so many? • Is there a secret sauce to doing what the leaders before me did? • How do I get the current team on board with my leadership? • How do I honor the past without being trapped by it? • How do I steward the legacy of the leaders who started the movement? Through the use of tried-and-true coaching principles and practical case studies with leaders like Buzz Williams, head coach at Texas A&M, and Cheryl Bachtelder, former CEO of Popeyes, Reagin helps you maximize your newfound influx of influence and master the intentions of an inheriting leader.

Bang Your Head David Konow, 2009-02-25 "Bang your head! Metal Health'll drive you mad!" — Quiet Riot Like an episode of VH1's Behind the Music on steroids, *Bang Your Head* is an epic history of every band and every performer that has proudly worn the Heavy Metal badge. Whether headbanging is your guilty pleasure or you firmly believe that this much-maligned genre has never received the respect it deserves, *Bang Your Head* is a must-read that pays homage to a music that's impossible to ignore, especially when being blasted through a sixteen-inch woofer. Charting the genesis of early metal with bands like Black Sabbath and Iron Maiden; the rise of metal to the top of the Billboard charts and heavy MTV rotation featuring the likes of Def Leppard and Metallica; hitting its critical peak with bands like Guns N' Roses; disgrace during the "hair metal" '80s; and a demise fueled by the explosion of the Seattle grunge scene and the "alternative" revolution, *Bang Your Head* is as funny as it is informative and proves once and for all that there is more to metal than sin, sex, and spandex. To write this exhaustive history, David Konow spent three years interviewing the bands, wives, girlfriends, ex-wives, groupies, managers, record company execs, and anyone who was or is a part of the metal scene, including many of the band guys often better known for their escapades and bad behavior than for their musicianship. Nothing is left unsaid in this jaw-dropping, funny, and entertaining chronicle of power ballads, outrageous outfits, big hair, bigger egos, and testosterone-drenched debauchery.

The Test of Time Anthony Savile, 1982 Seeks a justification for the evaluative inferences that critics draw from such claims that a work of art has withstood the test of time, The idea of stature is contrasted with that of excellence or goodness, and is shown to be a notion indispensable to any elaborated theory of art.
