*The Unbearable Lightness of Legal Antipaternalism* Giorgio Maniaci, 2025-07-09 The book pays homage to and deepens the well-known themes of *On Liberty* by John Stuart Mill and *Harm to Self* by Joel Feinberg. It explores topics such as the arguments for and against legal paternalism and antipaternalism, the value of individual autonomy in support of legal antipaternalism, the slippery slope argument, and moral perfectionism in favor of paternalism. But is the value of individual autonomy an unstoppable force? Is it an irresistible argumentative force? Is its lightness unbearable? The central question debated by legal paternalists and antipaternalists is the extent to which individuals can legitimately make decisions about their own bodies and lives, provided they do no harm to others. In order to address that question, the book presents expert analyses of highly controversial moral and legal issues regarding the legitimacy or illegitimacy of practices such as prostitution, violent sadomasochistic behavior, drug trafficking and drug consumption, euthanasia, assisted suicide, extreme sports, and voluntary slavery contracts. Pursuing a legal, moral and philosophical approach based on the author's extensive research, it makes valuable contributions to the fields of legal and moral ethics, legal and moral philosophy, and criminal law and doctrine.

*General Principles of Law - The Role of the Judiciary* Laura Pineschi, 2015-06-22 This book examines the role played by domestic and international judges in the "flexibilization" of legal systems through general principles. It features revised papers that were presented at the Annual Conference of the European-American Consortium for Legal Education, held at the University of Parma, Italy, May 2014. This volume is organized in four sections, where the topic is mainly explored from a comparative perspective, and includes case studies. The first section covers theoretical issues. It offers an analysis of principles in shaping Dworkin's theories about international law, a reflection on the role of procedural principles in defining the role of the judiciary, a view on the role of general principles in transnational judicial communication, a study on the recognition of international law from formal criteria to substantive principles, and an inquiry from the viewpoint of neo-constitutionalism. The second section contains studies on the role of general principles in selected legal systems, including International Law, European Union Law as well as Common Law systems. The third section features an analysis of select legal principles in a comparative perspective, with a particular focus on the comparison between European and American experiences. The fourth and last section explores selected principles in given areas of law, including the misuse of the lex

specialis principle in the relationship between international human rights law and international humanitarian law, the role of the judiciary in Poland as regards discrimination for sexual orientation, and the impact of the ECtHR case law on Italian criminal law with regard to the principle of legality. Overall, the book offers readers a thoughtful reflection on how the interpretation, application, and development of general principles of law by the judiciary contribute to the evolution of legal systems at both the domestic and international levels as well as further their reciprocal interactions.

**La diversità rivendicata: giudici, diritti e culture tra Italia e Regno Unito** Paola Pannia, 2022-02-11 Il libro muove da una domanda che si impone con urgenza alle democrazie costituzionali: che rilievo giuridico attribuire alla diversità? La ricerca si confronta con questo tema concentrandosi su una precisa diversità, su una precisa rivendicazione: la richiesta di trattamento differenziato, su base culturale, che viene avanzata in giudizio da un individuo appartenente a un gruppo minoritario. Dopo aver delineato le coordinate teorico-concettuali del governo della differenza, l'analisi si concentra sul dato fenomenico, comparando le esperienze di Italia e Regno Unito, con l'obiettivo di individuare e comprendere i percorsi argomentativi degli organi giurisdizionali italiani e inglesi chiamati a pronunciarsi su quelle istanze. Nonostante le differenze di contesto normativo, politico e sociale, nonché di sistema e tradizione giuridica, l'indagine rivela come i giudici italiani e inglesi rispondano alla diversità rivendicata nelle aule giudiziarie con il medesimo approccio: evitando di affrontare la complessità che involge la diversità culturale manifestata all'interno del processo. In assenza di indicazioni provenienti dal piano legislativo, i giudici, privi della formazione necessaria e, tuttavia, obbligati a pronunciarsi sulle istanze loro presentate, si trovano disorientati e soli di fronte ai delicati, inediti, difficili dilemmi sollevati da questi casi. Diventa quindi necessario, e non più eludibile, elaborare e promuovere meccanismi che consentano di costruire una giurisdizione che tenga conto della dimensione culturale, capace di combinare in termini costituzionalmente orientati la garanzia dell'eguaglianza e della diversità con la tutela dei diritti dei più vulnerabili.

*European Perspectives on Attrition in Sexual Offenses* Rahime Erbas, 2023-07-17 Many factors contribute to attrition in sexual offense cases from victim reluctance to systemic barriers. This book examines the attrition of sexual offenses across seven countries—Bosnia and Herzegovina, Germany, Italy, Spain, Sweden, the UK, and Türkiye. Using various jurisdictions and legal systems sheds light on how those systems' distinctive features impact investigation and adjudication. Through the critical analyses of various sexual offenses and statistical data, *European Perspectives on Attrition in Sexual Offenses* demonstrates how cases continue to attrite through their journey from commencement to the finalization within the European criminal justice systems. This book would be of interest to scholars studying criminology, criminal justice, and law as well as practitioners within the criminal justice and legal professions.

*Handbook of Research on Applying Emerging Technologies Across Multiple Disciplines* Marchisio, Emiliano, 2022-04-08 In recent decades, there has been a groundbreaking evolution in technology. Every year, technology not only advances, but it

also spreads throughout industries. Many fields such as law, education, business, engineering, and more have adopted these advanced technologies into their toolset. These technologies have a vastly different effect ranging from these different industries. The Handbook of Research on Applying Emerging Technologies Across Multiple Disciplines examines how technologies impact many different areas of knowledge. This book combines a solid theoretical approach with many practical applications of new technologies within many disciplines. Covering topics such as computer-supported collaborative learning, machine learning algorithms, and blockchain, this text is essential for technologists, IT specialists, programmers, computer scientists, engineers, managers, administrators, academicians, students, policymakers, and researchers.

Identity and Migration in Europe: Multidisciplinary Perspectives MariaCaterina La Barbera,2014-11-24 This book addresses the impact of migration on the formation and transformation of identity and its continuous negotiations. Its ground is the understanding of identity as a complex social phenomenon resulting from constant negotiations between personal conditions, social relationships, and institutional frameworks. Migrations, understood as dynamic processes that do not end when landing in the host country, offer the best conditions to analyze the construction and transformation of social identities in the postcolonial and globalized societies. Searching for novel epistemologies and methodologies, the research questions here addressed are how identity is negotiated in migration processes, and how these negotiations work in contemporary multiethnic Europe. This edited volume brings to the field a novel convergence of theoretical and empirical approaches by gathering together scholars from different countries of Europe and the Mediterranean area, from different disciplines and backgrounds, challenging the traditional discipline division.

**Famiglie e convivenze** Basilio Antoci,2013-09-14 L'opera approfondisce il tema della tutela giuridica delle convivenze di fatto, esaminando il fenomeno da un punto di vista giuridico, sociale ed etnologico.

*Constitutional Innovation and Same-Sex Desire in D'Annunzio's Fiume, 1919-1920* Aleardo Zanghellini,2024-12-15 Drawing on novel archival evidence that sheds light on Anglo-Italian diplomatic relations and the French-Italian contest for power in the Adriatic, this book recounts the story of decadent poet Gabriele D'Annunzio's occupation of Fiume. Determining the fate of this Italian enclave in coastal Croatia had proved impossible at the Paris Peace Conference. In September 1919, D'Annunzio and his 'legionnaires' installed themselves in Fiume in a bid to embarrass Italy into declaring its annexation. In the months that followed, the poet did his best to fashion Fiume into his ideal political community, culminating in the proclamation of a Constitution known as the Carnaro Charter. The Charter was as visionary as it was short-lived: having reached an agreement with Yugoslavia on the status of Fiume, Italy put an end to the poet's socio-political experiment in December 1920. In addition to offering the most comprehensive and detailed analysis to date of the Carnaro Charter, the book shows what has eluded all historians of D'Annunzio's Fiume: that the sublimation and discursive circulation of same-sex desire was integral to shaping and sustaining the political and legal order of the occupation, and that D'Annunzio's love-lore

in Fiume was continuous with broader homoerotic preoccupations in his oeuvre.

**Filosofia del diritto positivo. Lezioni** Riccardo Guastini, 2017-10-06

**Introduzione alla filosofia del diritto** Mario Jori, Anna Pintore, 2014-09-04

*Le grandi correnti della filosofia del diritto* Carla Faralli, 2014-09-11 "Tra i tanti modi in cui la filosofia del diritto si può insegnare ed è in effetti insegnata nelle nostre università, io sono convinto che il migliore sia trattarne storicamente mostrando i problemi filosofici del diritto nel loro nascere nella coscienza dell'umanità e nel loro svilupparsi attraverso le varie epoche e le varie fasi della vita civile". Condividendo questa prospettiva di Guido Fassò, Carla Faralli, che di Fassò è stata allieva, ricostruisce le tre principali correnti che dai Greci ad Hart hanno caratterizzato la storia della filosofia del diritto: il giusnaturalismo, il positivismo giuridico, l'antiformalismo (con una particolare attenzione al realismo sia scandinavo sia americano).
