**Born to Be Rich** Rollan A. Roberts, II, 2007-08 Rollan A. Roberts II dynamically describes the recipe for making the most amount of money possible and reaching your maximum level of success in Born to be Rich. Although he believes there is more to success than money, Born to be Rich speaks of riches in terms of having a lot of money. People can learn how to be rich just as they can learn a profession - their education begins with Born to be Rich.

*How to Be a Millionaire* Oscar Davis, 2020-10-23 As a child, were you drawn to other kids who had more toys than you? When you watched movies of rich people, did you tell yourself, I want to be like that someday? Have you always dreamed of becoming a millionaire? If so, then it's time to stop dreaming and start doing. Becoming a millionaire is not an unattainable task. You can make a simple lifestyle and mindset changes that will put you on the path to wealth and riches. The reason so many people do not become financially wealthy is that they put a limit on what they can achieve. They put boundaries between them and their ideal life. Instead of figuring out how to obtain the things they want, they simply make an excuse and close themselves off to any solutions. This is why people use phrases like, I can't afford that, or that's more money than I will ever make. My question is, if other people can do it, then why can't you? Don't bring up excuses of people being born into money or having advantages that you didn't. Guess what? There are people in this world who are born with almost nothing

and rise to become some of the wealthiest people in the world. Are their stories rare and unique? Yes. But that's because the people who are willing to do what it takes to become a millionaire are rare, as well. I have faith in you, though. I believe you are capable of becoming a millionaire. You just don't know how yet, and that is why you are reading *How to be a Millionaire*. The purpose of this book was to show you that your limiting mindset is what is holding you back the most. Also, a lack of financial education is preventing you from growing your riches. The days of having a single income and putting it into a single savings account are passé. There are many unique ways of growing your wealth and changing your mindset so that you can become the millionaire you deserve to be. The following chapters in this book will discuss: The benefits of being a millionaire and the blessings you can bring to others. The various types of debt that exist and how you can remove yourself from it. How you can save and invest for the future, while also being able to buy the things you want. Stop sacrificing joy for extra income. Automating your finances to save you time on mundane tasks, like going to the bank or having to talk to a banker. Managing major expenses in your life with as little stress as possible. Finally, after learning about managing your finances and changing your mindset, you will understand how to increase your income from many different sources. After reading this book, you will never want to tell yourself, I can't afford that. Instead, you will ask, How can I afford that? You will start living with an abundance mindset and realize that there is plenty of money out there; you just have to know where to look for it. Never limit your thoughts again and start living like a millionaire. If you are ready to start changing your financial future, obtain more freedom in your life, buy the things that make you happy, and stop limiting your potential, then do not wait any longer. Get a copy of *How to be a Millionaire*, and start changing your life today. Be more confident in your finances, and never let anyone stop you from earning that first million. Millionaires are born every day. It's time for you to be born, as well.
