*Kevin Macdonald's Metaphysical Failure: a Philosophical, Historical, and Moral Critique of Evolutionary Psychology, Sociobiology, and Identity Politics* Jonas E. Alexis, 2022-04-25 In Kevin MacDonald's Metaphysical Failure, Jonas E. Alexis offers a thoroughly researched, nuanced and lucid analysis of Kevin MacDonald's thought, in particular MacDonald's belief in biological and philosophical Darwinism. It is an important book that fills a critical gap in the literature on the history of revolutionary movements and Darwinism both in the West and in Asia. It is also a study that adds many significant strands to the densely interwoven history of ideas such as Malthusianism and Eugenics. Alexis's book engages debates in the history of ideas—going back to Madison Grant and beyond—and the history of Darwinism. It challenges many of the life-long prevailing assumptions about identity politics and produces a powerful critique of how “scientific” theories have been misused to uphold misguided and faulty categorizations. Powerfully reasoned, and backed with a startling array of documented studies, Kevin MacDonald's Metaphysical Failure presents an in-depth look at key beliefs behind many mistaken and consequently destructive actions taken by numerous writers and thinkers, particularly Darwin's ardent enthusiasts and devoted disciples. The book presents eye-opening insights into the historical development of Darwin's ideological project and how that project ended up crippling Darwin's intellectual children—from Richard Dawkins, Francis Crick, James Watson, Daniel Dennett, Ernst Mayr, and E. O. Wilson to Kevin MacDonald, Richard Spencer, David Duke, and Jared Taylor.

Do as I Say (not as I Do) Peter Schweizer, 2005 Provides a critique of the liberal life and the contradictions between public stances and real-life behavior among prominent liberals, including Ralph Nader, Noam Chomsky, George Soros, the Kennedys, Michael Moore, and Barbra Streisand.

*The Downfall (La Debacle. The Rougon-Macquart)* Emile Zola, 2015-01-07 In The Downfall Zola tells the story of a terrific land-slide which overwhelmed the French Second Empire: It is a story of war, grim and terrible; of a struggle to the death between two great nations. In it the author has put much of his finest work, and the result is one of the masterpieces of literature. The hero is Jean Macquart, son of Antoine Macquart and brother of Gervaise. After the terrible death of his wife, as told in La Terre (The Soil), Jean enlisted for the second time in the army, and went through the campaign up to the battle of Sedan. After the capitulation he was made prisoner, and in escaping was wounded. When he returned to active service he took part in crushing the excesses of the Commune in Paris... The Downfall has been described as a prose epic of modern

war, and vast though the subject be, it is treated in a manner that is powerful, painful, and pathetic.

God and His Demons Michael Parenti, 2010-03-23 A noted author and activist brings his critical acumen and rhetorical skills to bear in this polemic against the dark side of religion. Unlike some popular works by stridently outspoken atheists, this is not a blanket condemnation of all believers. Rather the author's focus is the heartless exploitation of faithful followers by those in power, as well as sectarian intolerance, the violence against heretics and nonbelievers, and the reactionary political and economic collusion that has often prevailed between the upper echelons of church and state. Parenti notes the deleterious effects of past theocracies and the threat to our freedoms posed by present-day fundamentalists and theocratic reactionaries. He discusses how socially conscious and egalitarian minded liberal religionists have often been isolated and marginalized by their more conservative (and better financed) coreligionists. Finally, he documents the growing strength of secular freethinkers who are doing battle against the intolerant theocratic usurpers in public life. Historically anchored yet sharply focused on the contemporary scene, this eloquent indictment of religion's dangers will be welcomed by committed secular laypersons and progressive religionists alike.

*Indivisible* James Robison, Jay W. Richards, 2012-02-20 Many books have been written on conservative politics. Many more have been written calling Christians to holiness and spiritual revival. Few, however, have managed to combine a clear explanation of the conservative political perspective with its corresponding personal and spiritual virtue. In *INDIVISIBLE*, James Robison, the founder and president of LIFE Outreach International, partners with Jay Richards, Ph.D., a writer who has appeared in both the New York Times and The Washington Post. Together, they tackle tough, controversial political issues facing conservative Christians today, including abortion, stem cell research, education, economics, health care, the environment, judicial activism, marriage, and others. Written to appeal to a broad spectrum of believers, *INDIVISIBLE* not only argues political questions from a Scriptural standpoint, it also provides simple arguments that Christians can use to support their beliefs in public settings. Most significantly, Robison and Richards recognize that the point of origin for spiritual and moral transformation is the individual. We are convinced by historical precedent that long term cultural change requires not merely sound thinking and public good works but rather, God's spiritual and moral transformation of us as individuals, which will then transform our churches, our communities, our culture, and ultimately our politics. James Robison is the founder and president of LIFE Outreach International, a worldwide Christian relief organization. He is also the host of *LIFE Today*, a daily syndicated television program that reaches 300 million homes in the U.S., Canada, Europe, and Australia. He is the author of many books, including *The Absolutes*, *True Prosperity*, and *Living in Love*, and has spoken to millions of

people through evangelistic crusades since entering public ministry in 1962. Jay W. Richards, Ph.D., is a Senior Fellow at the Discovery Institute and the author of many books, including the award-winning *Money, Greed, and God* and *The Privileged Planet*. He is the executive director of the documentaries *The Call of the Entrepreneur* and *The Birth of Freedom*. He has been featured in the *New York Times* and the *Washington Post* and has appeared on *Larry King Live*. He has also lectured on economic myths to members of the U.S. Congress.

*Michael Kohlhaas: A Tale from an Old Chronicle (German Classics)* Heinrich Von Kleist, 2015-01-06 Michael Kohlhaas is a novella written by famed writer Heinrich von Kleist (1777-1811). The story is based upon the historical figure of Hans Kohlhaase, a 16th century merchant who turned violent after being attacked and victimized by the authorities. As a result, he gathered around him a band of criminals and spread terror throughout the whole of Saxony. --- The novella is a good example of Kleist's excellent narrative art: The action can be summed up in a few words, such as the formula for this story, given expressly on its first page: 'His sense of justice made him a robber and a murderer.' There is no leisurely exposition of time, place, or situation; all the necessary elements are given concisely in the first sentences. The action develops logically, with effective use of retardation and climax, but without disturbing episodes; and the reader is never permitted to forget the central theme. The descriptive element is realistic, with only pertinent details swiftly presented, often in parentheses, while the action moves on. The characterization is skilfully indirect, through unconscious action and speech. The author does not shun the trivial or even the repulsive in detail, nor does he fear the most tragic catastrophes ... The whole work in all its parts is firmly and finely forged by a master workman. --- Kleist has remained a solitary figure in German literature. Owing little to the dominant literary influences of his day, he has also found few imitators. Two generations passed before he began to come into his heritage of legitimate fame. Now ... his place is well assured among the greatest dramatic and narrative authors of Germany. (John S. Nollen)

**The New York Times Book Review** ,1989-10 Presents extended reviews of noteworthy books, short reviews, essays and articles on topics and trends in publishing, literature, culture and the arts. Includes lists of best sellers (hardcover and paperback).

**The Last Mistress** Andrew Muir, 2011-03-02 *The Last Mistress* is the story of Richard Brown, who leaves an English boarding school at the end of World War II to find his way in the world. Believing that he might have a vocation to take Holy Orders, he decided to travel to Jerusalem and then onto Rome. A brief stay in Paris opens a new world to him. On arrival in Palestine, he gets caught up in the war between Jews and Arabs and is conscripted into the Palestine Police. Posted on the border between Palestine and Lebanon, he gets the opportunity to visit Beirut and enjoy its pleasures before being demobilized and sent back to London. --- His journey through life does not stop there. Graduating from Imperial College,

London University, he enters the business world, and as a high-flying investment banker he decides that the sky's the limit. He travels around the world, continuing with his lighthearted erotic romp through life before a tragic event brings him back to earth and allows him to find his true vocation. --- Though by no means an autobiography, much of the background, especially the events in Palestine, are factual and well authenticated. However, as with his previous novels, the author draws on his personal experiences and titillates us with descriptions of gastronomic delights and seductive and sensual pleasures of love.

*Saving Grace* Mike Boehret, Bible scholars argue about when Jesus will return. God has a perfect plan and a perfect timing for that plan. Many believers hold the opinion that God has delayed the 2nd coming of Jesus so that every last person has a chance to make the decision for redemption. The premise of this book is to ask the questions; "What if God is waiting for one particular "Last Person" to ask for their redemption? What if that person is a Girl named Grace and is she is the target of Satan's dark legions? Will she turn to God before Satan can end her life? Will God give up on her and draw history to a close?"

**Little What's-His-Name (Le Petit Chose. French Classics)** Alphonse Daudet, 2015-01-06 Little What's-His-Name (Le Petit Chose) - Alphonse Daudet's (1840-1897) first published, though not his first written, novel - appeared in 1868. The first part was composed in that Southern France it describes so charmingly; its first chapters form one of the most touching of autobiographies. In the second part Daudet has to tell of the struggles of an idealistic young poet in the selfish, devouring whirlpool of Paris. The whole book seems to bear the impress of the circumstances under which it was written. It is full of the milk of human kindness. --- When Daudet wrote *Le Petit Chose* in his early manhood, he succeeded in producing one of the most delightfully idyllic of his works, one that will probably continue to be read as long as any of the more powerful novels of his prime. It is one of the most perfect representations in literature of childhood's hopes and fears and of youth's aspirations and defeats. It is perfect because it is real. --- Enjoy to the full one of the purest and most exquisite stories of youthful experience to be found in French or in any other literature. (W. P. Trent)

**A New Social Contract in a Latin American Education Context** Danilo R. Streck, 2010-12-15 The book takes the social contract as a metaphor for understanding the challenges to education within a context of paradigmatic transition, and of social and political transformations.

*Europe and the Spectre of Post-growth Society* Piotr Świtalski, 2014 Europe has been going through its most serious crisis of values since the fall of communism. In public discourse, economic and social pressures have overshadowed the other dimensions of the crisis, including societal values. However, the crisis of values would appear to be more than simply an effect of the recession. Europeans have lost trust in democratic institutions at all levels: European, national and local. Rising

xenophobia and discrimination against minorities undermine the vitality of the European model of tolerance. Europe is plagued by endemic corruption which costs it more than 100 billion euro annually, triggering political instability. Some believe that once Europe is back on the path of growth the crisis of values will disappear, and that there will be a resurgence of faith in European integration. But in the long term, growth in Western societies may be impaired by serious 'headwinds' resulting from demographic trends and rising inequalities, and Europe may become the first post-growth society. European societies are already changing their traditional characteristics as a result of exposure to the effects of two global mega-trends: the empowerment of the individual and cosmopolitisation. Can the European project be of relevance when addressing these challenges? What role in this process can be played by the Council of Europe, which is the embodiment of the idea that Europe is bigger than the European Union and the European agenda is richer than the economy and politics?
