After One Hundred Years Andrea Lerner,Avinoam Shalem,2010-08-23 This book is the first comprehensive study of the path-breaking exhibition Meisterwerke muhammedanischer Kunst held in Munich in 1910. It offers new ideas and unpublished material on the exhibition's historical context, organization, display, reception in the West and its later influence on the study of Islamic art.

Women Readers and Writers in Medieval Iberia Montserrat Piera,2019-08-05 This book is devoted to medieval Iberian women, readers and writers. Focusing on the stories and texts women heard, visually experienced or read, and the stories that they rewrote, the work explores women's experiences and cultural practices and their efforts to make sense of their place within their familial networks and communities. The study is based on two methodological and interpretive threads: a new paradigm to represent premodern reading and, a study of women's writing, or, more precisely, women's textualities, as a process of creating words but also acts, social practices, emotions and, ultimately, affectus, understood here as the embodiment of the ability to affect and be affected.

Time Out Andalucía ,2002 Written by a team of resident journalists so that the true flavour of the city can be captured, this guide gives independent, impartial advice to inform and entertain. More than 700 venues are reviewed and all price ranges and tastes are covered.

Time Out Andalucía Jonathan Cox,2004 For millennia southern Spain has been perceived as a promised land. From Phoenician traders to Moorish invaders to today's northern European occupiers of the Costa del Sol, this extraordinarily varied region has offered the lure of beaches and mountains, classic cities and cutesy villages, magnificent deserts, vast forests and fertile plains - and a balmy climate that is the envy of the rest of the continent. Time Out Andalucía presents the full picture of this country within a province, giving an insider's view of its cultural and natural riches, but not shrinking from

telling it like it is when confronting the environmental and aesthetic disasters that have afflicted much of the coastline. Time Out's expertise in city guides is fully exploited in the in-depth coverage of Andalusia's incomparable cities - light-hearted Malaga, wistful Cadiz, regal Cordoba, grave Granada and joyous Sevilla. Yet the guide also includes unparalleled coverage of Andalusia's lesser-known corners, such as the provinces of Almeria, Jaen and Huelva.
