Sharing Too Much Richard Paul Evans, 2025-04-15 The #1 New York Times bestselling author and king of Christmas fiction (The New York Times) delivers a charming and inspirational collection of personal essays. Before he was the #1 New York Times bestselling author of holiday classics such as *The Christmas Box*, Richard Paul Evans was a young boy being raised by a suicidal mother and dealing with relentless bullying. He could not fathom what the future held for him. Now, in this intimate and heartfelt collection of personal essays, Evans shares his moving journey from childhood to beloved author. With his signature seasoned finesse (Booklist), he offers the insightful lessons he's learned and engaging advice about everything from marriage to parenthood and even facing near-death experiences. This is a charming essay collection that is the perfect gift all year round--

An Honest Faith Keith Mascord, 2025-02-06 *An Honest Faith* tackles the thorny question of whether Christian faith is compatible with the questing and questioning spirit of philosophy. The author argues that a mutually productive friendship between Athens (philosophy/science) and Jerusalem (theology/faith) is possible and, in fact, necessary, given that various forms of the faith resist questioning and therefore end up holding onto outdated, unsupported, and damaging beliefs, for example, on matters of gender and sexuality. The author draws upon his own experiences in the conservative Anglican Diocese of Sydney and his teaching career in philosophy to issue a challenge to Christians to have an honest faith and not hold back from the quest for answers, which lies at the heart of religion, philosophy, and science. The book's first half, which can be characterized as an exercise in faith deconstruction, lays out a number of the more serious challenges to historic or traditional Christian faith while noting its rapid demise in Australia, the US, the UK, and throughout the Western world. The book's second half recommends a careful reconstruction or reformation of the faith.

Fascism in Europe and Beyond Paul Baxa, 2025-09-18 *Fascism in Europe and Beyond* examines fascism from its origins to the present. It begins in the fin-de-siècle era when the various ideas that eventually coalesced into fascism first emerged and concludes with the re-emergence of fascist ideas in recent times. Historiographical discussions, illustrations, biographical textboxes and maps are interwoven into the text, while a valuable collection of primary documents can be found at the end of the book to facilitate further study. Paul Baxa focuses primarily on European experiences in countries such as Germany, Italy, Hungary, Croatia, Romania, the UK, France, Belgium, Spain and Portugal, but there is also significant

coverage of imperial Japan and Cold War fascism in the shape of North American movements and leaders like Rockwell's American Nazi Party. Baxa even discusses The World Union of National Socialists and its attempt to build a universal fascist movement after the Second World War. The aims of the fascist movements, their social composition, and their actions are explored extensively in the book, while an emphasis is placed on the 'cult of personality' in driving fascism in its many manifestations. Baxa's underlying assertion that fascism is primarily a cultural movement – a political cult in fact – that relies on charismatic leaders who have been able to articulate and project the fantasies and desires of their followers provides a consistent position throughout, one that both enriches and enlivens the text itself and that offers a useful jumping-off point for classroom discussions.

Brand Lady Gaga Kat Nelligan, 2025-01-23 This book is about Lady Gaga's branding-the stories that inform it and the ideas that shape her public image. Who is Lady Gaga and how does she connect with her fans and audiences via storytelling? These questions guide Nelligan's discourse and textual analyses of Gaga's media interviews, product marketing, songs, albums and documentaries to reveal numerous themes and messages that inform her brand. These themes include: stories about monsters, self-love bravery, kindness and pride; distinctive and outlandish fashion and boundary-pushing performance art; LGBTIQ+ activism and support of queer communities; mental-health advocacy and philanthropy (which, as Nelligan shows, is powerfully underpinned by Gaga's own mental-health challenges); and personal reflections on the significance of family and kinship in shaping her identity as a songwriter and artist. Nelligan demonstrates how Gaga, in a considered yet heartfelt manner, weaves these themes together to form the overarching story of Brand Lady Gaga, offering insights into the star's extraordinary life and the dynamics of twenty-first-century branding in music.
