Contemporary African American Literature Loyalie King, Shirley Moody-Turner, 2021-12-22 Essays exploring contemporary black fiction and examining important issues in current African American literary studies. In this volume, Loyalie King and Shirley Moody-Turner have compiled a collection of essays that offer access to some of the most innovative contemporary black fiction while addressing important issues in current African American literary studies. Distinguished scholars Houston Baker, Trudier Harris, Darryl Dickson-Carr, and Maryemma Graham join writers and younger scholars to explore the work of Toni Morrison, Edward P. Jones, Trey Ellis, Paul Beatty, Mat Johnson, Kyle Baker, Danzy Senna, Nikki Turner, and many others. The collection is bracketed by a foreword by novelist and graphic artist Mat Johnson, one of the most exciting and innovative contemporary African American writers, and an afterword by Alice Randall, author of the controversial parody *The Wind Done Gone*. Together, King and Moody-Turner make the case that diversity, innovation, and canon expansion are essential to maintaining the vitality of African American literary studies. A compelling

collection of essays on the ongoing relevance of African American literature to our collective understanding of American history, society, and culture. Featuring a wide array of writers from all corners of the literary academy, the book will have national appeal and offer strategies for teaching African American literature in colleges and universities across the country. —Gene Jarrett, Boston University [This book describes] a fruitful tension that brings scholars of major reputation together with newly emerging critics to explore the full range of literary activities that have flourished in the post-Civil Rights era. Notable are such popular influences as hip-hop music and Oprah Winfrey's Book Club. — American Literary Scholarship, 2013

The Cambridge History of African American Literature Maryemma Graham, Jerry W. Ward, Jr, 2011-02-03 The first major twenty-first century history of four hundred years of black writing, *The Cambridge History of African American Literature* presents a comprehensive overview of the literary traditions, oral and print, of African-descended peoples in the United States. Expert contributors, drawn from the United States and beyond, emphasise the dual nature of each text discussed as a work of art created by an individual and as a response to unfolding events in American cultural, political, and social history. Unprecedented in scope, sophistication and accessibility, the volume draws together current scholarship in the field. It also looks ahead to suggest new approaches, new areas of study, and as yet undervalued writers and works. *The Cambridge History of African American Literature* is a major achievement both as a work of reference and as a compelling narrative and will remain essential reading for scholars and students in years to come.

The Readers' Advisory Guide to Street Literature Vanessa Irvin Morris, 2012 Emphasizing an appreciation for street lit as a way to promote reading and library use, Morris's book helps library staff establish their "street cred" by giving them the information they need to provide knowledgeable guidance.
