The No-Show Beth O'Leary, 2022-04-12 Three women who seemingly have nothing in common find that they're involved with the same man in this smart new rom-com by Beth O'Leary, bestselling author of *The Flatshare*. Siobhan is a quick-tempered life coach with way too much on her plate. Miranda is a tree surgeon used to being treated as just one of the guys on the job. Jane is a soft-spoken volunteer for the local charity shop with zero sense of self-worth. These three women are strangers who have only one thing in common: they've all been stood up on the same day, the very worst day to be stood up—Valentine's Day. And, unbeknownst to them, they've all been stood up by the same man. Once they've each forgiven him for standing them up, they are all in serious danger of falling in love with a man who may have not just one or two but three women on the go.... Is there more to him than meets the eye? Where was he on Valentine's Day? And will they each untangle the truth before they all get their hearts broken?

Terms Of Inheritance Michelle Upton,2022-12-01 Four sisters. A vast fortune. And a mother who thinks she knows best ... Where there's a will, there's a way. A funny, moving, brilliantly observed story about letting go of the past When multi-millionaire Jacki Turner is forced to take stock of her life, she sets her daughters a challenge - in order to inherit her vast fortune, each must fulfil a task that she believes will push them to become better versions of themselves. Rose, an exhausted mother of three, must write and publish a children's picture book. Exercise-hater Mel must run the Gold Coast marathon. Isla, the eldest, must figure out who she is beyond her wealth and status, while commitment-phobic Jess must stay in a relationship for longer than three months. For each, Jacki's terms seem an impossible task, bringing painful wounds to the surface and straining tenuous relationships. But when the sisters are faced with an unexpected turn of events, they must learn how to move forward and forgive, or risk losing it all.
