Frugal Isn't Cheap Clare Levison, 2025-09-12 In *Frugal Isn't Cheap*, Clare Levison serves up practical financial advice with a side of southern charm. Filled with real-life stories, it will challenge you to change the way you think about money. Her message is deceptively simple and clear: it's cool to be smart about your money; it's stylish to be sensible rather than overindulgent; financial stability is more glamorous than extravagance. But cut up the credit cards? No way. Levison prefers to promote responsibility rather than abstinence. She takes a realistic approach to personal finance that we can all live with, including: How to find and nurture your frugal side Why you don't need to cut up your credit cards The simple formula for financial success The Savings Challenge, 20% The best ways to make large purchases

A Curious Mind Expanded Edition Brian Grazer, Charles Fishman, 2023-11-28 In this specially combined edition with a new foreword, Academy Award-winning producer Brian Grazer and acclaimed author Charles Fishman blend their insights from bestselling books *A Curious Mind* and *Face to Face* to transform the art of connecting with and through curiosity. In *A Curious Mind*, deemed “a captivation account of how the simple act of asking questions can change your life” by Malcolm Gladwell, Grazer offers a brilliant peek into the “curiosity conversations” that inspired him to create some of the world’s most iconic movies and television shows. He shows how curiosity has been the “superpower” that fueled his rise as one of Hollywood’s leading producers and creative visionaries. And in the captivating follow-up *Face to Face*, Grazer reveals that the secret to a more fulfilling life lies in personal connections, sparked through curiosity, learning through his interactions with people like Taraji P. Henson, Bill Gates, Barack Obama, Eminem, and Prince. Now with a new foreword with fresh insights about curiosity from the last decade, *A Curious Mind Expanded* invites you to consider your personal journey of human connection. A fascinating page-turner, this combined edition offers a blueprint for how we can awaken our own curiosity and use it as a superpower in our own lives.

Viewfinding Cathy Jean Mullen, Janice Rahn, 2010 This is a collection of essays on the arts, new media, popular culture, and technologies as they influence practices of curriculum development and teaching. The authors - artists, educators, scholars, and researchers with both scholarly and practical expertise - share their teaching practices and curriculum knowledge, and reflect upon challenging issues in contemporary art, popular culture, new media, and technology. Each chapter proposes pedagogical structures and curriculum resources that can be adapted to diverse school contexts and

technical resources. The perspectives gathered in this book reflect ideas drawn from several disciplines, including contemporary art, histories of the arts, culture and technology, cultural studies, and media studies, as well as various approaches to the study of technologies; authors also incorporate a range of educational theories and instructional practices, mainly from the visual and performing arts. At times explicit and at others implicit, these wide-ranging conceptual influences inform the varied curriculum and teaching practices described here. Together, these essays and their companion DVD, which illustrates many of these diverse perspectives, provide a comprehensive and thoughtful look at arts-based approaches to new media.

Base-1 method: A structural-functional approach to word, sentence and discourse readability Bernd Nuss, 2018 Text readability is at the core of successful reading instruction and language learning. To counteract the challenges of complex reading content, text leveling is a vital necessity for readers with limited language access. A transdisciplinary analysis of reading development and linguistic interrelations builds the theoretical foundation of the base-1 method. This method focuses solely on structural and functional text elements on the word, sentence and cohesion level. But this book also discusses the significance of other prevalent readability factors, such as the reader's language knowledge or socio-cultural background. The base-1 method is designed to level early reading texts in German and other alphabetic languages. Experimental tests with a German immersion population has led to a preliminary calibration to demonstrate the validity of this approach. Bernd Nuss ist erfahrener Immersionslehrer in verschiedenen Programmen, die sich über Nord-, Zentral- und Südamerika erstrecken. An der E. E. Waddell Language Academy wirkt er schulintern als Immersion Facilitator, kooperiert mit Bildungsorganisationen und betreut die Praktika von Gaststudierenden an der Schule. Bernd Nuss has worked as an educator and facilitator in English and German language immersion programs all over the Americas and in Europe. In this capacity, he has also been collaborating as a researcher with universities and other educational institutions in Europe, Asia, and the USA.

Healing What's Hidden Evan Owens, Jenny Owens, 2022-09-06 There is hope after trauma. Some of us can recall the exact moment our lives changed forever. The horrific accident. The miscarriage. The day they walked out. The moment our innocence was taken. Others of us can't remember a time when our lives weren't marked by trauma, abuse, or neglect. What happened to you was wrong and it hurt you, but it doesn't have to define you. You may be wounded, but you're not broken. You can overcome trauma and embrace a brighter future. Over the last decade, husband and wife team Evan and Jenny Owens have helped thousands of people overcome the trials, tragedies, and traumas of their past, and in this book, they show you how you can too. With empathy and insight, *Healing What's Hidden* offers a practical, step-by-step process to help you acknowledge your trauma, heal your invisible wounds, and reclaim your future so you can live beyond the anxiety, depression, and shame trauma leaves behind. Others are already experiencing healing. Now it's your turn.
