Dinosaurs in Fantastic Fiction Allen A. Debus,2013-03-25 From the first illustrated edition of Jules Verne's Journey to the Center of the Earth in 1867, dinosaurs and prehistory have fascinated readers. Writers would time and again come back to dinosaurs as an element of fantastic fiction, often using these creatures--through the venue of the written word--to reflect the world of the writers' own time. This literary survey examines how paleoliterature originated, developed and matured to the present day. Also discussed are the ways in which dinosaur fiction mirrors contemporary ideas about subjects such as geology, the Cold War, environmentalism, time travel, evolution and bioengineering. Featured authors include Ray Bradbury, H.G. Wells, and Poul Anderson, among others. In select cases, the novelizations of movie scripts are also examined. An appendix provides brief summaries of deserving dinosaur texts.

Educating Christians in the Importance of Systematic Theology "Defend the Faith" Dr. Vanessa Davis Conwell,2025-11-20 This study will be an educational course on the disciplines of Christian doctrines. The results showed that the degree of understanding sound doctrine between pastors, ministers, and laypersons plays a major role in the level of common participation in teaching and preaching God's Word. This book/course will utilize an exploratory mixed method, research, and design to gather, analyze, and compare unsound teachings to what is established by the Christian church. The

study allows for conclusions and recommendations on how to have a common participation in the gospel message of God between ordained and nonordained.

The Oxford Dictionary of Quotations Elizabeth M. Knowles, 1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.
