Falcon's Bend Series Collection (9 books in 1 volume) Karen Wiesner, Chris Spindler, 2025-01-23 Falcon's Bend is a small, sleepy town in Wisconsin that owns more taverns than churches, but fills both on the appropriate days. Teenagers talk of escape from the one-horse town because nothing ever seems to happen. But, even here in the Heartland, police investigators Pete Shasta, Danny Vincent and Amber Carfi fight a never-ending battle to keep their beloved families and hometown safe and sound. Read the entire 9 book series in this one collection!

Comics through Time M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from

the 1930s to the present, this massive four-volume work provides a colorful yet authoritative source on the entire history of the comics medium. Comics and graphic novels have recently become big business, serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead. But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s, which prohibited the depiction of zombies and use of the word horror, among many other rules. Comics through Time: A History of Icons, Idols, and Ideas provides students and general readers a one-stop resource for researching topics, genres, works, and artists of comic books, comic strips, and graphic novels. The comprehensive and broad coverage of this set is organized chronologically by volume. Volume 1 covers 1960 and earlier; Volume 2 covers 1960–1980; Volume 3 covers 1980–1995; and Volume 4 covers 1995 to the present. The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history. The alphabetically arranged entries in each volume address topics such as comics publishing, characters, imprints, genres, themes, titles, artists, writers, and more. While special attention is paid to American comics, the entries also include coverage of British, Japanese, and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers.
