

Diary Of The Dead

Asiatic Society of Bombay

Diary of a Dead Man on Leave David Downing, 2020-02-11 From bestselling author David Downing, master of historical espionage, comes a heart-wrenching depiction of Germany in the days leading up to World War II and the difficult choices of one man of conviction. In April 1938, a man calling himself Josef Hofmann arrives at a boarding house in Hamm, Germany, and lets a room from the widow who owns it. Fifty years later, Walter Gersdorff, the widow's son, who was eleven years old in the spring of 1938, discovers the carefully hidden diary the boarder had kept during his stay, even though he never should have written any of its contents down. What Walter finds is a chronicle of one the most tumultuous years in German history, narrated by a secret agent on a deadly mission. Josef Hofmann was not the returned Argentinian immigrant he'd said he was—he was a communist spy under Moscow's command trying to reconnect with remaining members of Germany's suppressed communist party. Hofmann's bosses believe the common workers are the only way to stop the German war machine from within. Posing as a railroad man, Hofmann sets out on his game of "Russian roulette," approaching Hamm's ex-party members one at a time and delicately feeling out their allegiances. He always knew his mission would most likely end in his death, and he was satisfied to make that sacrifice for the revolution if it could help stop Hitler and his abominable ideology. But as he grows close to the Gersdorffs, accidentally stepping into the role of the father Walter never had, Hofmann begins to wish for another kind of hope in his life.

Diary of the dead George Andrew Romero, 2008

Beyond the Living Dead Bruce Peabody, Gloria Pastorino, 2021-09-13 In 1968, George Romero's film *Night of the Living Dead* premiered, launching a growing preoccupation with zombies within mass and literary fiction, film, television, and video games. Romero's creativity and enduring influence make him a worthy object of inquiry in his own right, and his long career helps us take stock of the shifting interest in zombies since the 1960s. Examining his work promotes a better understanding of the current state of the zombie and where it is going amidst the political and social turmoil of the twenty-first century. These new essays document, interpret, and explain the meaning of the still-budding Romero legacy, drawing cross-disciplinary perspectives from such fields as literature, political science, philosophy, and comparative film studies. Essays consider some of the sources of Romero's inspiration (including comics, science fiction, and Westerns), chart his influence as a storyteller and a social critic, and consider the legacy he leaves for viewers, artists, and those studying the living dead.
