Prince and Popular Music Mike Alleyne,Kirsty Fairclough,2020-05-14 Prince's position in popular culture has undergone only limited academic scrutiny. This book provides an academic examination of Prince, encompassing the many layers of his cultural and creative impact. It assesses Prince's life and legacy holistically, exploring his multiple identities and the ways in which they were manifested through his recorded catalogue and audiovisual personae. In 17 essays organized thematically, the anthology includes a diverse range of contributions - taking ethnographic, musicological, sociological, gender studies and cultural studies approaches to analysing Prince's career.

Listen to Movie Musicals! James E. Perone,2020-01-13 Listen to Movie Musicals! provides an overview of musical theater on film for fans of the genre, with a focus on 50 must-hear musicals featured in movies. Listen to Movie Musicals! includes an overview of musical theatre and movie musicals in the United States. The 50 movies chosen for critical analysis include many of the best-known film musicals of the past and present; however, the list also includes several important movie musicals that were popular successes that are not necessarily on the best-of lists in other books. This volume also includes a greater focus on the actual music of movie musicals than do most other books, making it a stand-out title on the topic for high school and college readers. Like the other books in this series, this volume includes a background chapter followed by a chapter that contains 50 important essays on must-hear movie musicals of approximately 1,500 words each. Chapters on the impact of movie musicals on popular culture and the legacy of movie musicals further explain the impact of both the movies and their songs.

Hit Songs, 1900-1955 Don Tyler,2007-04-16 This is a chronology of the most famous songs from the years before rock 'n' roll. The top hits for each year are described, including vital information such as song origin, artist(s), and chart information. For many songs, the author includes any web or library holdings of sheet music covers, musical scores, and free audio files. An extensive collection of biographical sketches follows, providing performing credits, relevant professional awards, and brief biographies for hundreds of the era's most popular performers, lyricists, and composers. Includes an alphabetical song index and bibliography.

Prince Matt Thorne,2016-02-09 The newest, most updated book on Prince available today Famously reticent and

perennially controversial, Prince was one of the few music superstars who remained, largely, an enigma—even up to his premature death on April 21, 2016. A fixture of the pop canon, Prince is widely held to be the greatest musician of his generation and will undoubtedly remain an inspiring and singular talent. This meticulously researched biography is the most comprehensive work on Prince yet published. Unlike other Prince books, this one eschews speculation into the artist's highly guarded private life and instead focuses deep and sustained attention exactly where it should be: on his work. Acclaimed British novelist and critic Matt Thorne draws on years of research and dozens of interviews with Prince's intimate associates (many of whom have never spoken on record before) to examine every phase of the musician's 35-year career, including nearly every song—released and unreleased—that Prince has recorded. Originally released in the UK in 2012, this first US publication of Prince includes updated content detailing the artist's two 2014 albums, tour, 2015 Tidal release, and other career events. This astonishingly rich, almost encyclopedic biography is a must-have for any serious fan of Prince.
