

First Light The Book

Timo Müller

First Light, First Life Paul Fleischman, 2016-09-20 In this companion to *Glass Slipper*, Gold Sandal, Newbery Medal winner Paul Fleischman and Julie Paschkis turn to the universal story of creation. In the beginning there was only darkness. . . . There was fire and ice. . . . There was a single drop of milk. Combining elements of the creation story from different traditions, this narrative weaves together one complete picture of how the world began. *First Light, First Life* is a celebration of the many and varied peoples of the earth, of their commonalities and their differences. It is a celebration of life.

First Light Peter Ackroyd, 1989 In the quiet seclusion of Pilgrim Valley, a neolithic passage grave is being excavated. Nearby, on Holblack Moor, an observatory is training its telescope on the giant star Aldebaran. The connection between these two events will affect the lives of the farmers and villagers who work in this territory on the borders of Devon and Dorset.

First Light Lucas Matthiessen, 2023-03-07 A deeply felt literary memoir of one man's journey to redemption through vision loss, alcoholism, and the burden of a family legacy. Born to the author Peter Matthiessen, young Lucas traveled through life believing himself a disappointment to his famous father. From an early age, Lucas was exposed to the fanciful ideas of his parent's group of renowned bohemians as well as to their addictive pastimes. Within the shadow of his father's professional success came another source of darkness—the deterioration of Lucas's vision from retinitis pigmentosa. With blindness looming imminently, Lucas spirals downward, unsure of how to turn his degree in English Literature into a job and relying more and more on alcohol. As Lucas' drinking and eyesight worsen, so too do his interpersonal relationships and first career in publishing. *First Light* is a memoir of loss and learning. By pulling himself out of addiction and accepting that he

will lose his sight completely, Lucas transitions from being “the son of” someone famous to an individual with his own strong sense of self. Despite continued personal tragedies, Lucas develops a second sight that is aimed inward, laying his triumphs and failures bare. With great honesty, Lucas Matthiessen creates a vivid portrait of self-destruction and rebirth, which is, above all, a vision of hope.

The Book of Literature Richard Garnett, Léon Vallée, Alois Brandl, 1923

The Battle of Britain on Screen S. P. MacKenzie, 2016-01-28 This new, updated edition of *The Battle of Britain on Screen* examines in depth the origins, development and reception of the major dramatic screen representations of 'The Few' in the Battle of Britain produced over the past 75 years. Paul MacKenzie explores both continuity and change in the presentation of a wartime event that acquired and retains near-mythical dimensions in popular consciousness and has been represented many times in feature films and television dramas. Alongside relevant technical developments, the book also examines the social, cultural, and political changes occurring in the second half of the 20th century and first decade of current century that helped shape how the battle came to be framed dramatically. This edition contains a new chapter looking at the portrayal of the Battle of Britain at the time of its 70th anniversary. Through its perceptive demonstration of how our memory of the battle has been constantly reshaped through film and television, *The Battle of Britain on Screen* provides students of the Second World War, 20th-century Britain and film history with a thorough and complex understanding of an iconic historical event.
