**An Interpretive Guide to Operatic Arias** Martial Singher, Eta Singher, 1983 A premier singer and master teacher here tells other singers how to get the most from 151 famous arias selected for their popularity or their greatness from 66 operas, ranging in time and style from Christopher Gluck to Carlisle Floyd, from Mozart to Menotti. The most memorable thrills in an opera singer's life, according to the author's Introduction, may easily derive from the great arias in his or her repertoire. This book continues the work Martial Singher has done, in performances, in concerts, and in master classes and lessons, by drawing attention not only to precise features of text, notes, and markings but also to psychological motivations and emotional impulses, to laughter and tears, to technical skills, to strokes of genius, and even here and there to variations from the original works that have proved to be fortunate. For each aria, the author gives the dramatic and musical context, advice about interpretation, and the lyric--with the original language (if it is not English) and an idiomatic American English translation, in parallel columns. The major operatic traditions--French, German, Italian, Russian, and American--are represented, as are the major voice types--soprano, mezzo-soprano, tenor, baritone, bass-baritone, and bass. The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation. The musical context is presented with the dramatic situation in a cleverly integrated way. Suggestions about interpretation, often illustrated with musical notation and phonetic symbols, are interspersed among the author's explication of the music and the action. An overview of Martial Singher's approach--based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories--is presented in his Introduction. As the reader approaches each opera discussed in this book, he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director. The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher, to coaches for checking and broadening personal impressions, to young singers and students for learning, to teachers who have enjoyed less than a half century of experience, and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them.

**Hai Gia Vinta la Causa** Mozart, 2002

*Le nozze di Figaro* Wolfgang Amadeus Mozart, 2018-01-01 John Wells introduces the opera with a high-spirited account of

the action-packed career of the author, in many respects the prototype of Figaro himself. Basil Deane explores the score: he shows that Mozart's characters are illuminated here not so much in soliloquies but in their reactions to each other. Composer Stephen Oliver discusses how the comedy exists not just in the words but, essentially, in the music. The full Italian text is given, with a note on the order of scenes in Act Three and the alternative passages Mozart wrote for the 1789 revival. The classic translation of E.J. Dent is an excellent way to get to know the twists and turns of the plot and the stylish wit of da Ponte's innuendos. Contents: A Society Marriage, John Wells; A Musical Commentary, Basil Deane; Music and Comedy in 'The Marriage of Figaro, Stephen Oliver; Beaumarchais's Characters; Le nozze di Figaro: Libretto by Lorenzo da Ponte; The Marriage of Figaro: English version by Edward J. Dent

[Ticket to the Opera](#) Phil G. Goulding, 2011-03-30 In *Ticket to the Opera*, Phil G. Goulding finally makes the magic and mystique of opera accessible to all. Here he offers a complete operatic education, including history, definitions of key musical terms, opera lore and gossip, portraits of famous singers and the roles they immortalized, as well as pithy introductions to the greatest operas of Europe and America and their composers. The book's centerpiece is what Goulding terms the collection--85 classics, among them *Aida*, *The Marriage of Figaro*, *Carmen*, and *Madama Butterfly*, that have been packing the world's opera houses for years. This entertaining, meticulously researched book also includes a fascinating chapter on American opera from George Gershwin's *Porgy and Bess* to Philip Glass's *Einstein on the Beach* and a discussion of the gems of twentieth-century opera featuring works like Leos Janáček's *The Cunning Little Vixen*, Alban Berg's *Lulu*, and Sergei Prokofiev's *The Love for Three Oranges*. Whether you're a curious neophyte, a music lover interested in branching out, or an aficionado eager to compare notes with a brilliant fellow opera buff, you'll prize *Ticket to the Opera* as an essential volume in your music library.
