The Legal and Regulatory Environment of Business O. Lee Reed, Peter Shedd, 2009-02-20 In 1963, the first edition of *Legal and Regulatory Environment of Business*, authored by Bob Corley, started a new course emphasizing the legal environment in which business is conducted. By focusing on the public nature of how government regulates business activities, rather than simply how businesses privately make transactions, a movement away from traditional Business Law began. Through its previous 14 editions, *The Legal and Regulatory Environment of Business* has been the leader in setting the standard for materials covered in an introduction to the legal and regulatory environment of business.

Contract Law and Theory Robert E. Scott, Jody S. Kraus, 2003

Studies in Contract Law Richard E. Speidel, Ian Ayres, 2003 Restructured to meet the requirements of four- and three-credit-hour courses, *Studies in Contract Law* provides an overview of contract law, featuring updated information on Uniform Commercial Code revisions and current trends in contracts scholarship. Important organizational changes in the sixth edition include discussions on the importance of promise and theories of promissory liability; contract remedies; and dispute settlement by private adjudication, including arbitration.
