Washington Irving

My Heart and Other Black Holes Jasmine Warga, 2015-02-10 A stunning novel about the transformative power of love, perfect for fans of *13 Reasons Why* by Jay Asher. Sixteen-year-old physics nerd Aysel is obsessed with plotting her own death. With a mother who can barely look at her without wincing, classmates who whisper behind her back, and a father whose violent crime rocked her small town, Aysel is ready to turn her potential energy into nothingness. There's only one problem: she's not sure she has the courage to do it alone. But once she discovers a website with a section called Suicide Partners, Aysel's convinced she's found her solution—Roman, a teenage boy who's haunted by a family tragedy, is looking for a partner. Even though Aysel and Roman have nothing in common, they slowly start to fill in each other's broken lives. But as their suicide pact becomes more concrete, Aysel begins to question whether she really wants to go through with it. Ultimately, she must choose between wanting to die or trying to convince Roman to live so they can discover the potential of their energy together.

Here We Are Now Jasmine Warga, 2017-11-07 A book about love, loss, and the power of music, perfect for fans of Nick Hornby and Fangirl. Taliah Sahar Abdallat lives and breathes music. Songs have always helped Tal ease the pain of never having known her father. Her mother, born in Jordan and very secretive about her past, won't say a word about who her dad really was. But when Tal finds a shoebox full of old letters from Julian Oliver—yes, the indie rock star Julian Oliver—she begins to piece the story together. She writes to Julian, but after three years of radio silence, she's given up hope. Then one day, completely out of the blue, Julian shows up at her doorstep, and Tal doesn't know whether to be furious or to throw herself into his arms. Before she can decide, he asks her to go on a trip with him to meet her long-estranged family and to say good-bye to his father, her grandfather, who is dying. Getting to know your father after sixteen years of estrangement doesn't happen in one car ride. But as Tal spends more time with Julian and his family, she begins to untangle her parents' secret past, and discovers a part of herself she never recognized before. By the acclaimed author of *My Heart and Other Black Holes*, this is an intergenerational story of family and legacy and the way love informs both of those things. It's about secrets and the debt of silence. It's about the power of songs. And most of all, it's about learning how to say hello. And good-bye.

Turn Around Bright Eyes Rob Sheffield, 2024-04-16 Once upon a time I was falling apart. Now I'm always falling in love. Pick up the microphone. When Rob Sheffield moved to New York City in the summer of 2001, he was a young widower trying to start a new life in a new town. Behind, in the past, was his life as a happily married rock critic, with a wife he adored, and a massive collection of mix tapes that captured their life together. And then, in a flash, all he had left were the tapes. Beyoncé , Bowie, Bon Jovi, Benatar . . . One night, some friends dragged him to a karaoke bar in the West Village. A night out was a rare occasion for Rob back then. Turn around Somehow, that night in a karaoke bar turned into many nights, in many karaoke bars. Karaoke became a way out, a way to escape the past, a way to be someone else if only for the span of a three-minute song. Discovering the sublime ridiculousness of karaoke, despite the fact that he couldn't carry a tune, he began to find his voice. Turn around And then the unexpected happened. A voice on the radio got Rob's attention. The voice came attached to a woman who was unlike anyone he'd ever met before. A woman who could name every constellation in the sky, and every Depeche Mode B side. A woman who could belt out a mean Bonnie Tyler. Bright Eyes Turn Around Bright Eyes is an emotional journey of hilarity and heartbreak with a karaoke soundtrack. It's a story about finding the courage to move on, clearing your throat, and letting it rip. It's a story about navigating your way through adult romance. And it's a story about how songs get tangled up in our deepest emotions, evoking memories of the past while inspiring hope for the future.

Mending Your Soul Ramesh Richard, 1999 In this introspective, reader-oriented book, believers and non-believers alike are invited on a thoughtful journey of self-discovery and understanding through the steps of discovering how to fill the spiritual void by letting Jesus into their hearts.

Lucky Child Loung Ung, 2010-06-30 After enduring years of hunger, deprivation, and devastating loss at the hands of the Khmer Rouge, ten-year-old Loung Ung became the lucky child, the sibling chosen to accompany her eldest brother to America while her one surviving sister and two brothers remained behind. In this poignant and elegiac memoir, Loung recalls her assimilation into an unfamiliar new culture while struggling to overcome dogged memories of violence and the deep scars of war. In alternating chapters, she gives voice to Chou, the beloved older sister whose life in war-torn Cambodia so easily could have been hers. Highlighting the harsh realities of chance and circumstance in times of war as well as in times of peace, *Lucky Child* is ultimately a testament to the resilience of the human spirit and to the salvaging strength of family

bonds.

Merry Wives and Others Penelope Fritzer, Bartholomew Bland, 2002-07-15 In many ways, the history of domestic humor writing is also a history of domestic life in the twentieth century. For many years, domestic humor was written primarily by females; significant contributions from male writers began as times and family structures changed. It remains timeless because of its basis on the relationships between husbands and wives, parents and children, houses and inhabitants, pets and their owners, chores and their doers, and neighbors. This work is a historical and literary survey of humorists who wrote about home. It begins with a chapter on the social context of and attitudes toward traditional domestic roles and housewives. The following chapters, beginning with the 1920s and continuing through today, cover the different time periods and the foremost American domestic humorists, and the humor written by surrogate parents, grown children about their childhood families, husbands, and Canadian and English writers. Also covered are the differences among various writers toward traditional domestic roles--some, like Erma Bombeck and Judith Viorst, embraced them, while others, like Caryl Kristenson and Marilyn Kentz, resisted them. Common themes, such as the isolation and competitiveness of housework, home as an idealized metaphysical goal and ongoing physical challenge, and the urban, suburban, and rural life, are also explored.
