Review of Research in Social Studies Education, 1976-1983 William B. Stanley,1985 In the first of seven chapters of this comprehensive review of research in social studies, William B. Stanley presents an overview of current issues and approaches relevant to research in social education. The second chapter, by Catherine Cornbleth, is a review of critical thinking and cognitive process research. Special attention is given to myths that guide current research and practice. In the third chapter, Richard K. Jantz and Kenneth Klawitter review early childhood and elementary education research in social education. In Chapter 4, James S. Leming analyzes the research on a wide range of approaches to socio-moral or values education. In Chapter 5, Jane J. White discusses ethnographic research and the paradoxes and problems it raises for social education. Chapter 6, by William B. Stanley, is a discussion of recent research and development in the foundations of social education. The chapter focuses on the wide variety of rationales developed, critiqued, and refined by mainstream social educators since 1976. In the final chapter, Jack L. Nelson and James P. Shaver discuss the status of and limitations inherent in social education, each author taking a different position regarding the future of research in social education. Throughout the reviews, implications for practice and further investigation are addressed. (LH)

Essentials of Marketing Charles W. Lamb, Joseph F. Hair, Carl McDaniel, Carl D. McDaniel, 2001 This concise, essentials version of the popular Lamb/Hair/McDaniel Marketing text provides comprehensive, current coverage of key marketing topics and issues in a shorter length. Like its parent text, Essentials of Marketing features in-depth coverage of marketing hot topics, an on-line Internet Marketing chapter, a slick design and a lively writing style.

Research Design John W. Creswell, 2003 'It is a book that will stimulate the graduate student and provide a rich source of material for any teacher of research design' - Qualitative Research Journal The book that has helped more than 80,000 students and researchers prepare their plan or proposal for a scholarly journal article, dissertation or thesis has been revised and updated while maintaining all the features that made the First Edition so popular. New in the Second Edition: every chapter now shows how to implement a mixed method design as well as how to tackle quantitative and qualitative approaches; ethical issues have been added to a new section in Chapter 3; writing tips and considerations have been expanded and moved to the first part of the book to ensure research plans and proposals start in the right direction; and, the latest developments in qualitative inquiry (advocacy, participatory and emancipatory approaches) have been added to Chapter 10. Writing exercises conclude each chapter so that readers can practice the principles learned in the chapter, and, if all the exercises are completed have a written plan for their study. In addition, numbered points provide a handy checklist for each step in a process and annotated passages help the reader's comprehension of key research ideas.
