Make Your Own History Joseph H. Holland, 2023-10-24 Celebrating the vast breadth and scope of Black excellence, *Make Your Own History* shares success principles exemplified by 120 Black unsung heroes who have blazed trails throughout American history. One hundred and twenty Black leaders, innovators, and entrepreneurs share their wisdom and experience across the centuries in *Make Your Own History*, an inspiring collection of exemplary Black voices—past and present, familiar and unsung—which have the power to guide us today. *Make Your Own History* gathers together motivational quotes, historical contexts, and enlightening precepts from Black trailblazers spanning the eighteenth century to the present. These insights encompass twelve central themes: courage, self-discipline, compassion, perseverance, teamwork, integrity, industriousness, self-reliance, optimism, purposefulness, civility, and faith. These vigorous virtues will: *Deepen your courage through journalist Ida B. Wells' strategic activism in the face of professional and personal peril . . . *Fuel your perseverance through tennis superstar Serena Williams' journey to 23 Grand Slam singles titles . . . *Spark optimism through poet Langston Hughes' work as an artistic and intellectual catalyst for the Harlem Renaissance . . . Through these perspectives and so many more, *Make Your Own History* serves not only as an uplifting historical resource, but also as a spiritual road map for the life-long journey of purposefully setting and meeting personal goals. These pioneers are more than historic examples of Black excellence; their unique lives highlight universal truths that will inspire all readers to achieve great success and make their own history.

Stories of Sports Crystal L. Beach, Katie Shepherd Dredger, Katherin Garland, Cathy Leogrande, 2021-03-12 *Stories of Sports: Critical Literacy in Media Production, Consumption, and Dissemination* discusses how media demonstrates privilege, policing, stereotypes, confirmation bias, and objectification in a world where the role of athletics in Western society speaks to privilege and power. Contributors use a critical media lens to analyze texts, including newspapers, magazines, film, television, social media, and sportscasts to demonstrate to readers the ways in which sports stories reinforce or disrupt patterns of power and the ways that power is enacted. This book questions the role of the sports-industrial complex in our society and argues that, while healthy competition and physical health can come from bodily exertion, corruption can contaminate these benefits with the wielding of influence and the acquisition of cultural and financial capital. Contributors examine how the ways that resources are allocated, the coverage of certain sports and athletes, and how viewers view competitive arenas speak to power and privilege in ways that can affect both athletes and athletic stakeholders, highlighting the importance of critically examining sports media. Scholars of media studies and sports will find this book particularly useful.
