

The I 5 Killer

Jean Murley

The I-5 Killer Ann Rule,1988 Randall Woodfield had an appetite for unspeakable violent acts that led him to cruise the I-five highway through California to Washington, leaving a trail of victims along the way. As the list of the dead grew, the police mobilized to stop a twisted killer who had forty-four known deaths to his name.

The I-5 Killer Andy Stack,Ann Rule,1984 Presents the story of law enforcement's attempt to capture Randall Woodfield and end his killing spree through California, Oregon, and Washington which claimed at least forty-four lives.

Summary of Ann Rule's The I-5 Killer Everest Media,2022-07-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The big man ran smoothly and easily. He had found the girls there, just as he had planned, and he had made them do all the things he liked. He had humbled them and toyed with them, and then he had killed them. #2 The operator, Liz Cameron, spoke to the woman in the TransAmerica Title Building. She had to find out as much as she could about the gunman, because police had to know who their enemy was. #3 The girl named Beth was shot as well. She told deputies that the man had shot five times. She gave them her home phone number, and told them that her friend was almost dead.

Randall Woodfield - The 1-5 Serial Killer Blake Simpson,2024-05-26 Randall Woodfield, also known as the I-5 Killer, was an American serial killer and former football player. He was convicted of multiple murders in the 1980s along Interstate 5 in Oregon and California. Woodfield was known for his good looks and charm but in reality was a violent thief, sexual predator, and killer. Randall Woodfield - The 1-5 Serial Killer offers a comprehensive profile of this harrowing and often overlooked serial killer. Woodfield is not as famous as the likes of Bundy, Gacy, and Dahmer but in his own disturbing way he was just as bad as any of them.

The Ultimate Guide to Serial Killers Skyhorse Publishing,2020-04-21 A Thorough, Comprehensive Guide to Serial Killers for True-Crime Fans Equal parts fascinating and horrifying, the stories of serial killers like Ted Bundy and Jeffrey Dahmer have taken on a new cultural prominence with the rise of the true-crime genre. Now, The Ultimate Guide to Serial Killers offers murder fans and curious readers a new opportunity to learn about the lives and histories of these infamous criminals in greater depth and detail than ever before. Featuring extensive information about the backgrounds, crimes and aftermaths, victims, arrests and trials, and current lives of serial killers across the globe, as well as a variety of supplemental

information—mug shots and crime-scene photos, letters from murderers, and information on victims and survivors—this book is an essential guide for all true-crime fans or any reader who wants an insight into the dark minds of the most notorious criminals in the world. Included in *The Ultimate Guide to Serial Killers*, among many others, are: Ted Bundy The Zodiac Killer John Wayne Gacy Aileen Wuornos Son of Sam Jeffrey Dahmer The BTK Killer Gary Ridgway Samuel Little Karla Homolka and Paul Bernardo

Every Breath You Take Ann Rule, 2002-01-14 America's #1 true-crime writer fulfills a murder victim's desperate plea with this shattering New York Times bestseller. "If anything ever happens to me...find Ann Rule and ask her to write my story." In perhaps the first true-crime book written at the victim's request, Ann Rule untangles a web of lies and brutality that culminated in the murder of Sheila Blackthorne Bellush—a woman Rule never met, but whose shocking story she now chronicles with compassion, exacting detail, and unvarnished candor. Although happily ensconced in a loving second marriage, and a new family of quadruplets, Sheila never truly escaped the vicious enslavement of her ex-husband, multi-millionaire Allen Blackthorne, a handsome charmer— and a violent, controlling sociopath who subjected Sheila to unthinkable abuse in their marriage, and terrorized her for a decade after their divorce. When Sheila was slain in her home, in the presence of her four toddlers, authorities raced to link the crime to Blackthorne, the man who vowed to monitor Sheila's every move in his obsessive quest for power and revenge.

The World's Worst Serial Killers Al Cimino, 2024-05-01 Serial killers are the most terrifying criminals out there. They find themselves driven to kill and kill again and no amount of reason or logic can stop their orgy of violence. Often they masquerade as ordinary members of society. The body counts continue to rise until their shocking crimes are uncovered by dogged detective work or their own mistakes. This collection features more than 60 of the most evil serial killers from across the globe, including: • Charles Manson, who led a cult of death and destruction in Los Angeles, • Ted Bundy, who charmed women into returning home with him before revealing his true self, • John Wayne Gacy, who worked part-time as a clown for children's birthday parties while in secret took home teenage boys to abuse and kill, • Tamara Samsonova, the 'Granny Ripper' who chopped up her victims and dumped them outside her flat, • Daniel Carmago Barbosa, one of the most prolific serial killers of all time, with more than 150 victims, • and many more. ABOUT THE SERIES: The True Crime Casefiles series covers some of the most shocking crimes and notorious criminals and psychopaths of all time, without shying away from the grisly details. These books include psychological profiles, witness testimonies, court proceedings and more, accompanied by chilling photographs of the people and places involved.

The Golden Boy Serial Killer Gilberto O'Kelly, 2025-09-07 The Golden Boy Serial Killer: AKA The I-5 Killer In October 1980, crime reporter Sarah Martinez began tracking what appeared to be isolated murders and robberies along Interstate 5. Through methodical investigation and pattern recognition, she uncovered a coordinated campaign of terror spanning three

states-the work of Randall Woodfield, a charming former NFL draft pick turned traveling salesman who used his professional cover to hunt victims throughout the Pacific Northwest. Martinez's reporting helped law enforcement agencies overcome jurisdictional boundaries to form the first multi-state task force in regional history. The investigation culminated in Woodfield's arrest in March 1981, following crucial eyewitness identification by survivor Beth Wilmot, who courageously testified despite suffering attempted murder. The case pioneered modern serial crime investigation techniques, established victim advocacy protocols, and demonstrated journalism's power to connect patterns others missed. Woodfield was convicted on all counts and sentenced to life plus 125 years, ending a reign of terror that had terrorized the I-5 corridor for months. Beyond the criminal justice triumph, the story explores the personal cost of covering such darkness, the resilience of survivors rebuilding their lives, and the ethical challenges facing journalists who must balance public safety against fair trial rights. Ultimately, it reveals how ordinary people-investigators, prosecutors, survivors, and journalists-can collaborate to ensure that evil, however carefully hidden, cannot escape accountability.

Green Bay Murder & Mayhem Timothy Freiss,2023-09-18 Known for friendly people, traditional family values, and the Packers, Green Bay is a big city with a small-town feel. But resting beneath its welcoming demeanor is an underbelly of wickedness that has been there from its very formation. The city's downtown district rests atop one of Wisconsin's oldest burial sites, and the west side was the location for the state's second recorded hanging, which was at the time the punishment for murder. And the city's beloved football team once drafted one of America's worst serial killers. Compiling stories of stolen skulls, underground gangs, and crimes so horrendous and shocking they made national news, Timothy Freiss reveals a side of Green Bay few have seen.

Murder Cases of the Twentieth Century David K. Frasier,2024-10-14 From Jack Henry Abbott, who stabbed a waiter through the heart for not allowing him to use the toilet, to the Zodiac, an unknown California serial killer who may have murdered as many as 37 people, this reference work details 280 of the most famous murder cases of the twentieth century. Each entry contains, when applicable, birth and death dates, aliases, occupation, location of the murders, weapons used, number of victims, and the time period when the killings occurred. Films, plays, television shows, videos and audio programs based on or inspired by the case are then cited, followed by a brief overview of the murder case and a bibliography of English-language works related to it.

Killer on the Road Ginger Strand,2012-04-04 Starting in the 1950s, Americans eagerly built the planet's largest public work: the 42,795-mile National System of Interstate and Defense Highways. Before the concrete was dry on the new roads, however, a specter began haunting them—the highway killer. He went by many names: the “Hitcher,” the “Freeway Killer,” the “Killer on the Road,” the “I-5 Strangler,” and the “Beltway Sniper.” Some of these criminals were imagined, but many were real. The nation's murder rate shot up as its expressways were built. America became more violent and more mobile at

the same time. *Killer on the Road* tells the entwined stories of America's highways and its highway killers. There's the hot-rodding juvenile delinquent who led the National Guard on a multistate manhunt; the wannabe highway patrolman who murdered hitchhiking coeds; the record promoter who preyed on "ghetto kids" in a city reshaped by freeways; the nondescript married man who stalked the interstates seeking women with car trouble; and the trucker who delivered death with his cargo. Thudding away behind these grisly crime sprees is the story of the interstates—how they were sold, how they were built, how they reshaped the nation, and how we came to equate them with violence. Through the stories of highway killers, we see how the "killer on the road," like the train robber, the gangster, and the mobster, entered the cast of American outlaws, and how the freeway—conceived as a road to utopia—came to be feared as a highway to hell.

American Pimps: The Vinnie Mac Story Vincent E. Jordan, 2021-07-21 Vinnie Mac grew up in the streets as a nickel-and-dime hustler. He left his hometown of Long Beach and went to Job Corps in Utah. That trip would change his life forever. Vinnie, having his first baby at seventeen years old, went to Job Corps to finish his last year of high school and learn a trade. He became a cook; in the meantime, his first love and his baby momma couldn't stand him being gone, and she found herself another man. Vinnie decided to become a pimp. Through trial and error, he built his stable with some of the baddest bitches and became one of the biggest pimps on the West Coast. This novel takes a look into the secret world of a West Coast player and his team of prostitutes. *American Pimps: The Vinnie Mac Story* is an explosive urban tale from the streets of Long Beach, California, the home of gamblers, hustlers, players, pimps, and gangbangers. The streets will eat you alive if you don't watch your back! It's about sex, drugs, money, cars, clothes, and jewelry. Vinnie's living the good life on top of the world until it turned into jealousy, deceit, envy, and then murder, then payback.

California. Court of Appeal (3rd Appellate District). Records and Briefs California (State).,

Crime and Criminality Sandie Taylor, 2015-12-22 The question of 'why' and 'how' certain individuals are drawn towards behaving in a way that contravenes the 'Law of the Land' is not an easy one to address. Researchers from various different fields have nevertheless attempted to develop theoretical explanations for the existence of different types of crime and why some individuals commit such acts. *Crime and Criminality* draws on criminology, sociology, psychology and neuroscience to offer a balanced perspective of crime, the criminal and criminality. Coverage includes: a comprehensive discussion of theoretical approaches to criminal behaviour, including biological, social and 'rational choice' approaches; an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal; an examination of different types of crime and criminals, from delinquents to 'psychopaths' and sex offenders; an exploration of different ways in which crime is predicted, including risk assessment and offender profiling and an overview of investigative techniques. Addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality, this book is essential reading for students taking courses in criminology, criminal psychology, criminal behaviour,

forensic psychology and psychological criminology.

California. Supreme Court. Records and Briefs California (State)., Court of Appeal Case(s): C004582

Football Player & Serial Killer Sarah Teague, 2017-06-09 On October 9th, 1980, Portland, Oregon police arrived at a crime scene. A pretty young woman with soft facial features and dark brown, shoulder-length hair was found dead. She suffered from repeated stab wounds in her neck, as well as evidence of blunt force trauma, as if from a severe bludgeoning. The victim was Cherie Ayers, a twenty-nine year old woman who was found dead in her home. She was the first of a trail of bodies scattered throughout Oregon. From October 1980 to the blistery winter of February 1981, a span of grisly murders would plague the rainy pacific northwest state of Oregon up and down the I-5 - or, the Highway of Hell. The culprit was dubbed The I-5 Killer, leaving behind at least ten known victims. The identity of the killer turned out to be former 17th round draft pick for the Green Bay Packers, Randall Woodfield.

The Will to Kill James Alan Fox, Jack Levin, Kenna Quinet, 2008 This best selling homicide text examines the will to kill from various perspectives. Written by world-renowned experts, this text presents an analysis of the nature and extent of homicide and the laws that apply to it. Included are detailed analyses of many different types of homicide, including those that involve: family, youth, serial killing, mass murder, school, hate, terror and cults. Public policy issues such as the insanity defense, the death penalty and investigative strategies are also covered.

The Rise of True Crime Jean Murley, 2008-08-30 During the 1950s and 1960s True Detective magazine developed a new way of narrating and understanding murder. It was more sensitive to context, gave more psychologically sophisticated accounts, and was more willing to make conjectures about the unknown thoughts and motivations of killers than others had been before. This turned out to be the start of a revolution, and, after a century of escalating accounts, we have now become a nation of experts, with many ordinary people able to speak intelligently about blood-spatter patterns and organized vs. disorganized serial killers. The Rise of True Crime examines the various genres of true crime using the most popular and well-known examples. And despite its examination of some of the potentially negative effects of the genre, it is written for people who read and enjoy true crime, and wish to learn more about it. With skyrocketing crime rates and the appearance of a frightening trend toward social chaos in the 1970s, books, documentaries, and fiction films in the true crime genre tried to make sense of the Charles Manson crimes and the Gary Gilmore execution events. And in the 1980s and 1990s, true crime taught pop culture consumers about forensics, profiling, and highly technical aspects of criminology. We have thus now become a nation of experts, with many ordinary people able to speak intelligently about blood-spatter patterns and organized vs. disorganized serial killers. Through the suggestion that certain kinds of killers are monstrous or outside the realm of human morality, and through the perpetuation of the stranger-danger idea, the true crime aesthetic has both responded to and fostered our culture's fears. True crime is also the site of a dramatic confrontation with the concept of evil, and one of

the few places in American public discourse where moral terms are used without any irony, and notions and definitions of evil are presented without ambiguity. When seen within its historical context, true crime emerges as a vibrant and meaningful strand of popular culture, one that is unfortunately devalued as lurid and meaningless pulp.

Serial Murderers and Their Victims Eric W. Hickey, 2006 The author examines the lives of over 400 serial murderers, analyzing the cultural, historical, and religious factors that influence our myths and stereotypes of these individuals. He then describes the biological, psychological, and sociological reasons for serial murder, offering his own Trauma-Control model for explaining serial murder behaviour. This new edition includes new case profiles of Canada's two most prolific serial killers : Robert Willy Picton and Clifford Olsen.

The I 5 Killer Introduction

In today's digital age, the availability of The I 5 Killer books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through

pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The I 5 Killer books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The I 5 Killer books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The I 5 Killer versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The I 5 Killer books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone

interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The I 5 Killer books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The I 5 Killer books and manuals is

Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The I 5 Killer books and manuals for download have transformed the way we access information. They provide a

cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The I 5 Killer books and manuals for download and embark on your journey of knowledge?

FAQs About The I 5 Killer Books

1. Where can I buy The I 5 Killer books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The I 5 Killer book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The I 5 Killer books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The I 5 Killer audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the

book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The I 5 Killer books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
