

The Story Of Your Life Short Story

Ted Chiang

Stories of Your Life and Others Ted Chiang, 2010-10-26 From the author of *Exhalation*, an award-winning short story collection that blends absorbing storytelling with meditations on the universe, being, time and space ... raises questions about the nature of reality and what it is to be human (The New York Times). *Stories of Your Life and Others* delivers dual delights of the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, *Stories of Your Life and Others* is a contemporary classic. Includes “Story of Your Life”—the basis for the major motion picture *Arrival*

The Art and Science of Arrival Tanya Lapointe, 2022-09-06 Official retrospective companion book to the Paramount film *Arrival* starring Amy Adams, Jereny Renner and Forest Whitaker, featuring concept art, sketches, behind-the-scenes photography and interviews with key creative and scientific team members. Since its release in 2016, Denis Villeneuve's *Arrival*, based on the Hugo-nominated short story *Story of Your Life* by Ted Chiang, has embedded itself firmly in the minds of moviegoers around the world. The film garnered many accolades, including nine BAFTA nominations and eight Academy Award® nominations, proceeding to win an Oscar® for Best Sound Editing and a BAFTA for Best Sound. Since then, the film has generated larger conversations within the cultural landscape of academia including film, philosophy, and linguistics. In *The Art and Science of Arrival*, author and producer Tanya Lapointe revisits the film and its legacy with the production's key team members. This lavish hardback volume recounts the genesis of this modern classic, from Ted Chiang's short story *The Story of Your Life* to its premiere in Venice and its subsequent eight Academy Award(R) nominations. It explores the film's concept of non-linear time, and showcases the remarkable concept art that brought the aliens, their ships and their startling logogram language to life.
