Water, Water Everywhere... Tricia Aquilar, 2025-09-13 There's water everywhere - in the rain puddle, the dog's bowl, even the toilet - but not a single drop to drink! This playful children's book shows kids the difference between the water we see all around us and the water that's safe to drink. With bright illustrations, a touch of humor, and fun coloring pages at the end, it's both entertaining and educational.
