La comprensión lectora en la enseñanza del español LE/L2 Victoria Rodrigo, 2018-10-09 La comprensión lectora en la enseñanza del español LE/L2: de la teoría a la práctica presents state-of-the-art theory and teaching practices for integrating reading skills into the teaching of Spanish. The book bridges a conspicuous gap between research supporting reading as a key component of language acquisition and actual practice by discussing how to implement reading successfully in and out of the classroom. Written entirely in Spanish, the book focuses on the needs of Spanish language learners with the goal of motivating students to read in the target language and work with diverse types of texts and genres. Written in a clear and accessible manner, La comprensión lectora en la enseñanza del español LE/L2: de la teoría a la práctica is an essential resource for teachers of Spanish at all levels. It is an excellent reference book for language teachers who wish to integrate reading into the teaching of the Spanish language.
