Blood War Tej Turner, 2024-01-08 Book 3 of the Avatars of Ruin “Smoothly throttles up a gear from the previous two books. The diverse and fleshed out characters face the desperate horrors of war, leading to a thrilling climax. An excellent addition to a gripping series.” - David Craig, author of the Sooty Feathers series Sharma stands on the precipice of destruction as Gavendara’s army of shapeshifters surges towards the Valantian mountains. A mutant invasion leaving terror and death in its wake and whose victims rise again, swelling its ranks. Yet still the Synod dithers, its leaders fractured as they plot and scheme against each other. Jaedin is now a fugitive, Bryna’s powers are waning, and Rivan grapples with the consequences of his resurrection – as well as the ominous entity that now lives beneath his skin. Whilst Miles, torn between loyalties, faces an impossible choice that could reshape the fate of nations. Meanwhile, to the east, Elita seeks sanctuary within the enigmatic depths of Babua’s jungle. The people who dwell there are distrustful of her, but for a good reason. She indeed has secrets, and it seems that trouble has followed her. Cover design: Alison Buck About Bloodsworn, Book 1 of the Avatars of Ruin “This is epic fantasy with a touch of the mythic to it. There were villains I loved to hate, and a queer protagonist I loved rooting for. Action, magic, a world in peril...what more could you ask for?” - Trip Galey, author of A Market of Dreams and Destiny

Blood Legacy Tej Turner, 2022-02-11 Book 2 of the Avatars of Ruin The ragtag group from Jalard have finally reached Shemet, Sharma’s capital city. Scarred and bereft, they bring with them the grim tale of what happened to their village, and a warning about the ancient powers that have been awakened and now threaten all humanity. Despite this, some of them still hope that reaching sanctuary within the Synod will mean an end to their hardships, but these hopes are soon dashed. Sharma’s ruling class are caught within their own inner turmoil. When Jaedin senses that there are moles within their ranks, not only does his call to crisis fall mostly on deaf ears, but some who do hear seek to thwart him when he tries to hunt these infiltrators down. Meanwhile, across the Valantian Mountains, Gavendara is beginning to muster its forces. Using ritualistic means to augment their soldiers, their mutant army is like nothing the world has ever seen before. The Zakaras are coming. And Sharma’s only hope of stopping them is if it can unite its people in time. “a nuanced, smart high fantasy novel with intelligent, complex characters, good LGBT rep and some killer twists” - Joanne Hall, author of The Art of Forgetting “an exciting book which ups the stakes, mixing traditional fantasy with an element of possession horror” - David Craig, author of

the Sooty Feathers series “a journey into Fantasy, only it’s not quite the journey you expected, and it’s all the better for it.” - Allen Stroud, chair of BSFA and author of Fearless Cover design: Alison Buck

Graphic Novels Michael Pawuk, David S. Serchay, 2017-05-30 Covering genres from adventure and fantasy to horror, science fiction, and superheroes, this guide maps the vast terrain of graphic novels, describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read-alikes. New subgenres, new authors, new artists, and new titles appear daily in the comic book and manga world, joining thousands of existing titles—some of which are very popular and well-known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase, and which to recommend to teen and adult readers? This updated guide is intended to help you start, update, or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic super-hero comics and other classic and contemporary crime fighter-based comics; action and adventure comics, including prehistoric, heroic, explorer, and Far East adventure as well as Western adventure; science fiction titles that encompass space opera/fantasy, aliens, post-apocalyptic themes, and comics with storylines revolving around computers, robots, and artificial intelligence. There are also chapters dedicated to fantasy titles; horror titles, such as comics about vampires, werewolves, monsters, ghosts, and the occult; crime and mystery titles regarding detectives, police officers, junior sleuths, and true crime; comics on contemporary life, covering romance, coming-of-age stories, sports, and social and political issues; humorous titles; and various nonfiction graphic novels.

Dark Child (Bloodsworn): Episode 3 Adina West, 2015-12-17 It's open war between the Families of Power and the Tabérin. Two ancient races, witch and vampire, are locked in a deadly battle, and Kat Chanter, descendant of both warring bloodlines, is the only hope for peace ... When Kat's offered the opportunity to escape her grandmother, continue her training in Europe under Samuel's supervision, and be reunited with her Tabérin family, she jumps at the chance. But in Samuel's company she learns more about the secrets and intrigues of coven politics than Imara has ever shared. It seems that Imara's war with the Tabérin Directorate isn't the only thing threatening the Families of Power, and that Kat's own position as heir to the coven leadership is far from assured. Char has her own problems at her new nightclub in York. She's always had a sixth sense for danger, but even she could never have predicted the catastrophic fallout from agreeing to John Falcon's request to hide Yara Fortes. The traumatized teen's connections go all the way to the very top of the Tabérin Directorate. It seems the new Vodas will stop at nothing, and spare no one, to get Yara back. An urban fantasy full of vampires, werewolves and shapeshifters, which is perfect for fans of Cassandra Clare's *Mortal Instruments* and Julie Kagawa's *Blood of Eden* series.
