*Clive Barker's Books of Blood: Volume One (Movie Tie-In)* Clive Barker, 2020-09-29 THE INSPIRATION FOR THE HULU ORIGINAL FILM Rediscover the true meaning of fear in this collection of horror stories from Clive Barker, New York Times bestselling author and creator of the Hellraiser series. Everybody is a book of blood; wherever we're opened, we're red. In this tour de force collection of brilliantly disturbing tales, Clive Barker combines the extraordinary with the ordinary, bringing to life our darkest nightmares with stories that both seduce and devour. As beautiful as they are terrible, the pages of this volume are stained with unsettling imagery, macabre humor, and visceral dread. Here then are the stories written on the Book of Blood. Read, if it pleases you, and learn.... This Volume includes: "The Book of Blood" • "The Midnight Meat Train" • "The Yattering and Jack" • "Pig Blood Blues" • "Sex, Death and Starshine" • "In the Hills, the Cities"

*Clive Barker's Short Stories* Gary Hoppenstand, 1994 Unlike other horror fiction and fantasy writers, Clive Barker is true to the literary heritage of the genre. Though aware of the importance of entertainment in his writing, he embraces the traditional formulas of horror fiction and builds upon them, all the while alluding to the works of Dante, Poe, Mary Shelley, and others. The complexity of Barker's writing is best evidenced in the six volume Books of Blood. Many of these short stories are entertaining hair raisers; yet they do not revel in gratuitous violence, instead relying on style and a masterful sense of language to entertain. This detailed study analyzes the significant themes in Barker's writing, placing him in the British Gothic tradition of Marlowe, Saki and others.

LeGuin, and Harlan Ellison. The index cumulates the index from the first two volumes.

**Bloodscripts** Elana Gomel, 2003 We live in an increasingly violent world. From suicide terrorists to serial killers, violent subjects challenge our imaginations. We seek answers to our questions on this subject in literature, cinema, and electronic media. In *Bloodscripts*, Elana Gomel examines how popular culture narratives construct violent subjectivity. Using such various narratives as mystery, horror; detective, and fantasy fiction as well as accounts of the atrocities perpetrated by serial killers and the Holocaust, *Bloodscripts* offers a new map of the genres of violence and links the twin obsessions of postmodern culture: crime and genocide. *Bloodscripts* is a stimulating, original, and accessible account of the narrative construction of the violent subject. It proposes a narrative model that will be of interest to literary critics, cultural scholars, criminologists, and anyone trying to understand the role of violence in postmodern culture.
