*The Hunt for the Nightingale* Sarah Ann Jukes,2022-01-20 Discover the healing power of nature in one boy's heartbreaking and hopeful journey back from the wilderness. Bird fact no. 30: a nightingale song is one of the most beautiful sounds on the planet. Ten-year-old Jasper has been waiting all spring for his beloved nightingale to return to his garden and sing. But it's not there, and neither is his sister, Rosie. His parents seem sad and preoccupied, so gathering his courage, his backpack and his treasured Book of Birds, Jasper sets out alone on a walk to find them both. The expedition takes Jasper through town and country, meeting a host of characters who are also searching for lost things. Helping his new friends, Jasper begins to see that he may not find what he is looking for when he reaches the journey's end, but even in the darkest of moments, a nightingale's song can be heard somewhere. A love letter to the natural world, Sarah Ann Jukes' stunning middle grade novel, illustrated by the award-winning Sharon King-Chai will have you turning the last page with tears in your eyes and a heart full of hope. For fans of Pax, Wonder and Wild Child.

**Featherhood** Charlie Gilmour, 2021-01-05 In this “vivid...lovely and inviting” (The New York Times) coming-of-age memoir—the “best piece of nature writing since H Is for Hawk” (Neil Gaiman)—a young man saves a baby magpie as his estranged father is dying, only to find that caring for the bird saves him. This is a story of two men who could talk to birds—but were completely incapable of talking to each other. A father who fled from his family in the dead of night, and the jackdaw he raised like a child. A son obsessed with his absence—and the young magpie that fell into his path and refused to fly away. This is a story about the crow family and human family; about repetition across generations and birds that run in the blood; about a terror of repeating the sins of the father and a desire to build a nest of one’s own.

**21st-Century Yokel** Tom Cox, 2017-11-16 'Glorious - funny and wry and wise, and utterly its own lawmaker' Robert Macfarlane 'A rich, strange, oddly glorious brew' Guardian Longlisted for the Wainwright Golden Beer Book Prize 2018 21st-Century Yokel is not quite nature writing, not quite a family memoir, not quite a book about walking, not quite a collection of humorous essays, but a bit of all five. Thick with owls and badgers, oak trees and wood piles, scarecrows and ghosts, and Tom Cox's loud and excitable dad, this book is full of the folklore of several counties - the ancient kind and the everyday variety - as well as wild places, mystical spots and curious objects. Emerging from this focus on the detail are themes that are broader and bigger and more important than ever. Tom's writing treads a new path, one that has a lot in common with a rambling country walk; it's bewitched by fresh air and big skies, intrepid in minor ways, haunted by weather and old stories and the spooky edges of the outdoors, restless and prone to a few detours, but it always reaches its destination in the end.
