Pearls of Wisdom Mamutty Chola,2019-07-09 The book — Pearls of wisdom presents a historical and panoramic view of human civilization. It is a compilation of quotes /sayings of prophets, philosophers, thinkers, poets, emperors, politicians and business tycoons; on various aspects of human lives; be it religions, ethics, morals, business, principles of governance, evolution of science and technology, besides quotes on Nature, Earth, Soul, Love, Beauty, Human Minds, Human Hearts, and Eyes. There are quotes about the qualities of animals; like Dog, Horse, Lion and their influence on human lives. There are in all 26 sections chapters as reflected in the Index. On perusal of these quotes following facts emerge: 1) The human race loves to live in peace. The religions, though was intended to achieve peace in society, have unfortunately been one of the main reasons for wars, crimes, destruction, and genocides because of the intolerance among the believers since faith is blind. Rationality had been and is the first casualty. 2) All the religions are the gifts of the East. The gifts of the west are communism and Atheism. 3) Things once considered as blasphemies have come to be accepted as truth. The example of Galileo Galilei is remarkable. 5)The governing principles have been evolutionary. There can never be a uniformed pattern of governance as peoples differ in their thinking and beliefs for that reasons there have been clashes of civilization down the ages. 6)The exploration of our solar systems is the result of endless and insatiable urge in man to unravel nature. The achievements of science and technology belong to the whole of humanity. I have tried to present a snapshot profile of March of human civilization through the voices of the great minds ever walked on mother earth. This compilation will serve as ready reckoner

Force for Good Craig Wilkinson,2025-11-01 Force for Good is a bold and refreshingly balanced exploration of positive masculinity, written to inspire men to become powerful forces for good in a world that desperately needs them to step into this role. The book challenges the extremes that often define the discourse around masculinity - aggressive dominance on

one side and passive disengagement on the other. It offers a vision of true and healthy masculinity that is both strong and gentle, fierce and safe, confident and humble. At its core is the conviction that men are made to be powerful forces, but only in service of what is good. Power, often misunderstood or negatively viewed, is essential. Without it, a man cannot fulfil his potential or meet the needs of those who depend on him. Power itself is neutral; how it is used determines whether it becomes a force for good or harm. The book is divided into three parts – Being Man, Becoming a Force, and Doing Good – and builds a compelling case for the value of healthy masculinity. It explores the internal and external battles men face, the journey from boyhood to manhood, and the sacred responsibility to grow in strength and purpose. Force for Good calls men to action, not against others but for the good of others. It is a timely, courageous invitation to be all that a man was made to be, because such a man will be a Force for Good.

Designated Disrupter Troy Anderson, 2026-01-06 Revival isn't coming how you expect; it's coming through the most unexpected voices of our time. In this book, you will: Discover how God uses controversial and secular figures to spark revival. Learn historical and prophetic parallels between ancient Nineveh and modern America. Be equipped with practical strategies for prayer, fasting, and cultural transformation. Understand your role in partnering with God to bring spiritual awakening to your generation.
