Together they return to the place where their friendship ended with one goal: find Ian and bring him home. So they restart the deadly game they never finished—an innocent card-matching challenge called Meido. A game without instructions. As soon as they begin, they're dragged out of their reality and into an eerie hellscape of Japanese underworlds, more horrifying than even the darkest folktales that Owen's grandmother told him. There, they meet Shinigami, an old wise woman who explains the rules: They have one night to complete seven challenges or they'll all be stuck in this world forever. Once inseparable, the survivors now can't stand each other, but the challenges demand they work together, think quickly, and make sacrifices—blood, clothes, secrets, memories, and worse. And once again, not everyone will make it out alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A PR partnership between a pop superstar and a pro-athlete bad boy turns into so much more in this swoony romance from the acclaimed author of *When I Think of You*. Ella Simone's popstar life is what dreams are made of. Her eight year marriage to renowned music producer, Elliot Majors, has helped garner the hits, awards, and adoring fans to prove it. But when Ella tires of Elliot's many infidelities, she decides to fight for her independence despite the ironclad prenup that threatens her career. To help her case, Ella is under strict orders to stick to The Plan: no headlines, no rumors, no rocking the boat. But this strategy is thrown a curveball after an awards show wardrobe snafu and quick rescue by Miles Westbrook, MLB's most eligible player, sends the tabloids into a frenzy. Amid tricky divorce proceedings, Ella's magnetic connection with the charismatic pitcher might just be her downfall. Now the pressure is on to turn a scandal into an opportunity and give their teams what they want: a picture-perfect performance that will shore up both Ella and Miles' reputations. But as the lines between reality and PR begin to blur, Ella will either stick to the choreographed life she knows so well, or surrender to a love that could set her free.

Eyeliners' Buy Now Michael Brown,2025-04-03 Michael Brown undertakes a thorough study of Eyeliner's BUY NOW, a vaporwave homage to the kitsch electronic sounds of the 1980s and 1990s. Eyeliner's BUY NOW (2015) belongs to a new genre for our times: vaporwave. Emerging in the early 2010s on the internet, vaporwave originated with a cohort of millennial artists who reimagined the musical soundtracks of 1980s-1990s consumerism with an adroit mixture of irony and sincerity. One of these was Eyeliner, the alias of New Zealand computer musician Luke Rowell (a.k.a. Disasteradio). For his vaporwave masterpiece, Rowell harnessed computer software to craft a unique album, a catchy, funky, and witty tour through the utopias of advertising at “the end of history.” BUY NOW epitomizes a new kind of album for the internet age: made DIY-style, all digital, free, licensed under Creative Commons, and released to a “virtual” community, an online scene without geographic center. Drawing on original interviews and the album's production archive, this book uses BUY NOW's story to investigate what it means to create, distribute, and consume independent music in an era of global networks and digital technology. It places the album in both the real-world and online contexts of Rowell's life and career, from early websites to the Spotify era, from Lower Hutt to the world.

The Beatles: Complete (Easy Guitar Edition) Ray Connolly,1983-05-31 The Beatles wrote 176 of the greatest songs ever to appear in popular music. This songbook includes every single one of them. Each piece is arranged for easy Guitar, with melody lines, chord diagrams and full lyrics. These simplified arrangements are accompanied by original photographs and some of the strangest, full-colour illustrations to ever grace a book. The wonderfully surreal presentation, along with an absorbing article by Ray Connolly, makes this a commemorative collectible as much as a book of music.
