

Imperium Francis Parker Yockey

George Johnson

Imperium Francis Parker Yockey, 2013-01-14 Written without notes in Ireland, and first published pseudonymously in 1948, *Imperium* is Francis Parker Yockey's masterpiece. It is a critique of 19th-century rationalism and materialism, synthesising Oswald Spengler, Carl Schmitt, and Klaus Haushofer's geopolitics. In particular, it rethinks the themes of Spengler's *The Decline of the West* in an effort to account for the United States' then recent involvement in World War II and for the task bequeathed to Europe's political soldiers in the struggle to unite the Continent—heroically, rather than economically—in the realisation of the destiny implied in European High Culture. Yockey's radical attack on liberal thought, especially that embodied by Americanism (distinct from America or Americans), condemned his work to obscurity, its appeal limited to the post-war fascist underground. Yet, *Imperium* transcends both the immediate post-war situation and its initial readership: it opened pathways to a deconstruction of liberalism, and introduced the concept of cultural vitalism—the organic conceptualisation of culture, with all that attends to it. These contributions are even more relevant now than in their day, and provide us with a deeper understanding of, as well as tools to deal with, the situation in the West in current century. It is with this in mind that the present, 900-page, fully-annotated edition is offered, complete with a major foreword by Dr Kerry Bolton, Julius Evola's review as an afterword (in a fresh new translation), a comprehensive index, a chronology of Yockey's life, and an appendix, revealing, for the first time, much previously unknown information about the author's genealogical background.

Imperium. The philosophy of history and politics. [By] Ulick Varange-Francis Parker Yockey. (Second printing.). Francis Parker YOCKEY, 1963

The Lost Writings of Francis Parker Yockey Francis P. Yockey, 2013-04-04 For the first time, a collection of all Francis Parker Yockey's writings that were written both before and after his masterpiece *Imperium*. Some, thought to have been lost forever and others not known of until now. Gain more insight into one of the greatest minds of the last century. A man ahead of his time and a soldier for the renaissance of western civilization. Go on a historical journey with Yockey and delve into issues from the past that are just as relevant today as they were sixty years ago.

The Enemy of Europe Francis Parker Yockey, 2022-02-25 Powerful people tried to stop you from reading this book. Francis Parker Yockey's *The Enemy of Europe* narrowly escaped total destruction. Published in 1953 in West Germany, *The*

Enemy of Europe argued that Europeans should regard the United States, not the Soviet Union, as their greater enemy in the Cold War. West Germany's liberal democratic regime banned the book and destroyed every copy that came into its hands. Only a few copies of Yockey's German translation survived. This new edition completes The Enemy of Europe's return from the ashes. It includes the first complete English version of The Enemy of Europe, reverse translated from the German edition by Thomas Francis and F. Roger Devlin. Also included is Yockey's German translation, fully corrected and annotated, with its own index. Yockey biographer Kerry Bolton's extensive Introduction places The Enemy of Europe in its Cold War context. The Enemy of Europe is an indispensable volume for understanding America's most important anti-liberal thinker.

The World in Flames Francis Parker Yockey, 2018

Imperium Francis Yockey, 2021-06-08 This is Yockey's famous masterpiece. It is inspired by Oswald Spengler's Decline of the West. Imperium advocates the creation of a pan-European empire governed by sound principles or 'absolute politics'. It is divided into five parts, which are concerned with History, Politics, 'Cultural Vitalism', America and the World Situation. Imperium deals with doctrinal matters as well giving a survey of the 'world situation' in the 20th century. In this book, writes Yockey, are the precise, organic foundations of the Western soul, and in particular, its Imperative at the present stage. ...What is written here is also for the true America, even though the effective America of the moment, and of the immediate future is a hostile America, an America of willing, mass-minded tools in the service of the Culture-distorting political and total enemy of the Western Civilization. The mission of this generation is the most difficult that has ever faced a Western generation. It must break the terror by which it is held in silence, it must look ahead, it must believe when there is apparently no hope, it must obey even if it means death, it must fight to the end rather than submit. ...The men of this generation must fight for the continued existence of the West... The soil of Europe, rendered sacred by the streams of blood which have made it spiritually fertile for a millennium, will once again stream with blood until the barbarians and distorters have been driven out and the Western banner waves on its home soil from Gibraltar to North Cape, from the rocky promontories of Galway to the Urals. The book's Chicago-born author, Francis P. Yockey, was just 30 years old when he wrote Imperium in six months in a quiet village on Ireland's eastern coast. His masterpiece continues to shape the thinking and steel the will of readers around the world.

Imagining Community in White Nationalism's Mediated Network Kevan A. Feshami, 2025-11-13 This book illustrates how white nationalism emerged and maintained itself as a global movement in the years after the Second World War, contending that its international scope was made possible by a network of individuals and groups who depended on media to communicate with each other. By establishing and maintaining mediated networks, Feshami posits, members of the movement were able to more persuasively communicate not only their ideas and worldview but also-perhaps more compellingly-the personal emotions, narratives, and experiences which have encouraged them to construct and understand

their identities as part of a national community fighting for its survival. To that end, he analyzes a variety of archival white nationalist media artifacts as case studies to demonstrate how the movement has historically utilized media to construct and foster an identity grounded in ideas of racial unity, geographical belonging, and perceived existential threats. As white nationalists attempt to draw larger audiences by shifting cultural attitudes toward their vision of a globally united white nation, Feshami positions this network as a mediated space comprising a social architecture in which participants are encouraged to form core understandings of the self, one's relationship to others, and one's place in the larger world. In doing so, they seek to grow a movement that threatens the future of democratic and pluralist societies.

Colonialism and Enlightenment Bettina Brandt, Teaching Professor of German and Jewish Studies Bettina Brandt, Daniel L. Purdy, 2025 Colonialism and Enlightenment draws connections between imperial German colonialism and the first theories of racial difference written during the Enlightenment. The essays from new and leading scholars across several disciplines examine how skin-color racism was first presented as a scientific way to classify humans, and the lasting consequences of these ideas as they reappeared over a hundred years later among colonialists and Nazis.

A World After Liberalism Matthew Rose, 2021-01-01 A bracing account of liberalism's most radical critics introducing one of the most controversial movements of the twentieth century One of the best discussions of the extreme right's intellectual foundations that I have ever read.--George Hawley, author of Making Sense of the Alt-Right One of the best books I've read this year. . . . Its importance at this critical moment in our history cannot be overstated.--Rod Dreher, American Conservative In this eye-opening book, Matthew Rose introduces us to one of the most controversial intellectual movements of the twentieth century, the radical right, and discusses its adherents' different attempts to imagine political societies after the death or decline of liberalism. Questioning democracy's most basic norms and practices, these critics rejected ideas about human equality, minority rights, religious toleration, and cultural pluralism not out of implicit biases, but out of explicit principle. They disagree profoundly on race, religion, economics, and political strategy, but they all agree that a postliberal political life will soon be possible. Focusing on the work of Oswald Spengler, Julius Evola, Francis Parker Yockey, Alain de Benoist, and Samuel Francis, Rose shows how such thinkers are animated by religious aspirations and anxieties that are ultimately in tension with Christian teachings and the secular values those teachings birthed in modernity.

Blood and Politics Leonard Zeskind, 2009-05-12 More than fifteen years in the making, Blood and Politics is the most comprehensive history to date of the white supremacist movement as it has evolved over the past three-plus decades. Leonard Zeskind draws heavily upon court documents, racist publications, and first-person reports, along with his own personal observations. An internationally recognized expert on the subject who received a MacArthur Fellowship for his work, Zeskind ties together seemingly disparate strands—from neo-Nazi skinheads, to Holocaust deniers, to Christian Identity churches, to David Duke, to the militia and beyond. Among these elements, two political strategies—mainstreaming

and vanguardism—vie for dominance. Mainstreamers believe that a majority of white Christians will eventually support their cause. Vanguardists build small organizations made up of a highly dedicated cadre and plan a naked seizure of power. Zeskind shows how these factions have evolved into a normative social movement that looks like a demographic slice of white America, mostly blue-collar and working middle class, with lawyers and Ph.D.s among its leaders. When the Cold War ended, traditional conservatives helped birth a new white nationalism, most evident now among anti-immigrant organizations. With the dawn of a new millennium, they are fixated on predictions that white people will lose their majority status and become one minority among many. The book concludes with a look to the future, elucidating the growing threat these groups will pose to coming generations.

Speculative Whiteness Jordan S. Carroll, 2024-10-22 Reveals the alt-right's project to claim science fiction and—by extension—the future Fascists such as Richard Spencer interpret science fiction films and literature as saying only white men have the imagination required to invent a high-tech future. Other white nationalists envision racist utopias filled with Aryan supermen and all-white space colonies. *Speculative Whiteness* traces these ideas through the entangled histories of science fiction culture and white supremacist politics, showing that debates about representation in science fiction films and literature are struggles over who has the right to imagine and inhabit the future. Although fascists insist that tomorrow belongs to them, they have always been and will continue to be contested by antifascist fans willing to fight for the future.

The Enemy of My Enemy George Michael, 2006 In the violent world of radical extremists, the enemy of my enemy is my friend. This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe. It provides an insightful and sane look at the possibilities for collaboration between these groups.

Willis Carto and the American Far Right George Michael, 2008 In addition to his role in Youth for Wallace, Carto has made other forays into electoral politics, including his involvement with the Populist Party in the mid-1980s and his support for the political career of David Duke. After the Liberty Lobby was forced to disband in 2001 in the wake of a damaging civil suit, he quickly reconstituted the organization as the publisher of the American Free Press.--BOOK JACKET.

The Neo-Nazis Jerry Bornstein, 1986 Observes the development of nazism in the United States from Hitler's time to today, the current status of Nazi followers, the psychology of the movement, civil liberties issues, and possible solutions.

Architects of Fear George Johnson, 1983

Imperium Francis Parker Yockey: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. Imperium Francis Parker Yockey : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Imperium Francis Parker Yockey : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
