The Middle Pillar Israel Regardie, 1998 Break the barrier between the conscious and unconscious mind through the Middle Pillar exercise, a technique that serves as a bridge into magic, chakra work, and psychology. The Middle Pillar Israel Regardie, 2012-09 2012 Reprint of 1945 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. Israel Regardie, born Francis Israel Regudy (1907-1985) was an occultist and writer, author of books on the Hermetic Order of the Golden Dawn. The exercise known as the Middle Pillar was devised by the Hermetic Order of the Golden Dawn. Regardie expanded upon it and made it public over 60 years ago in the first edition of this book. Since that time, the exercise has been altered and adapted for just about any spiritual use you could think of. It is a mainstay of many Western traditions of magic. The exercise is intended as a technique to break the barrier between the conscious and unconscious. This classic work provides an introduction to magic and occultism while providing directions as to how to perform the Qabalistic Cross, the Lesser Banishing Ritual of the Pentagram and the Middle Pillar exercise. It remains a classic book in the field.

Kabbalah for Health & Wellness Mark Stavish, 2007 Shrouded in secrecy and symbols, Kabbalah can be downright daunting for beginners. Mark Stavish bypasses the baroque ritual and cuts to the core of this esoteric tradition in Kabbalah for Health & Wellness. Blending Kabbalist teachings with energy healing, this accessible, user-friendly guide offers a clear and practical application of Kabbalah. Students can learn to use the Tree of Life, the Hebrew alphabet, the Middle Pillar, planetary powers, and alchemy to direct energy for physical and emotional healing. Guided imagery techniques, meditations, and other exercises anchor these concepts in daily life-transforming mere ideas into personal knowledge, power, and experience. Requiring only fifteen minutes daily, these practices are designed to enhance healing potential, inspire spiritual awakening, and introduce readers to the lifelong Path of Becoming.

The Magician's Workbook Donald Tyson,2001 Contains everything that beginners need to start their esoteric training The Magician's Workbook has a single purpose: to present a graded and integrated series of practical exercises designed to teach the essentials of ritual magic. It contains no history or theory-just forty exercises that anyone can do without prior training, special tools, or costly materials. The content ranges from simple mental exercises to complete rituals that form templates for future work in Western magic. These exercises do not merely teach-they transform. When practiced regularly, they cause changes in the body, brain, perceptions, emotions, and the will-changes necessary for the successful working of magic in any of its ancient or modern traditions. A complete basic training manual for serious beginners who want to start performing ritual magic, rather than just reading about it Presents a progressive, forty-week schedule of daily study that fully integrates inner mental conditioning with external movements, gestures, and words Enables students to go on to study the Golden Dawn system in greater depth, or move forward with confidence to any other form of Western magic

It consists of a series of articles on key areas, providing the reader with easy access to basic facts, together with a carefully planned guide to further reading. Critical comments on the recommended books allow the reader to select those which best suit their interests. The authors have also included a 'Who's Who of the occult' to provide short biographies of some of the more amazing figures who have already travelled down the mystic path. The book offers a programmed system of exploration into the realms of the unknown. It will be invaluable to the increasing number of people who are concerned with the exploration of enlarging human consciousness.

and 1992, draw together research by leading academics in the area of the occult and provide a rigorous examination of related key issues. Familiar Spirits Donald Tyson, 2004 For centuries, familiars have assumed many forms-the heavenly lover of the shaman, the wise imp of the witch, and the elemental companion of the theurgist. But the time-honored practice of summoning a magical assistant has been mostly forsaken due to the false perception that it is both difficult and dangerous. Now, renowned occultist Donald Tyson shares his revolutionary system for safely and successfully summoning, directing, and dismissing a familiar. Accessible to dedicated beginners, these techniques do not require expertise in formal ritual, astrology, or the Kabbalah. Revealed here for the first time is Tyson's unique system for generating spirit sigils based on a set of symbols called Power Glyphs. Familiars summoned by this method become valuable assistants who will do everything in their power to fulfill your goals.

By Names and Images Peregrin Wildoak, 2012 The Golden Dawn (GD) system of magic is the main source of the esoteric and magical wisdom and techniques practiced in the West today. While the rituals and bare teachings of the tradition have been published for sixty years, the inner workings and esoteric keys that empower those rituals have largely remained unpublished or unexplored in contemporary works. By Names and Images remedies this lack by providing detailed and clear instructions for the visualisations, spiritual connections and energetic practices required for every major GD practice and ritual, as well as several unpublished techniques. Focusing on the meanings and use of sacred names and practical techniques of visualisation, the book thoroughly explores meditation and divination, purification ritual, invocation and evocation, grades of initiation, and direct experience of the inner realms. Also covered is an explanation of the Qabalah and its use as a magical framework. While the book is sufficiently practical and clearly explained to be of huge benefit to a newcomer to magic, its primary aim is to allow people already practicing the Golden Dawn system to do so more effectively, and to be touched by the amazing spiritual blessings the rituals offer.

The Art of True Healing Israel. Regardie, 2013-01-15 The Art of True Healing details a powerful exercise that stimulates the body, mind, and spirit to help us create physical health and personal success. Originally published in 1932, predating by more than a half century the current interest in the mind's power to heal, this concise work guides readers through what Israel Regardie calls the Middle Pillar meditation -- a technique that combines the mystical concepts of yoga's chakras and the Kabbalah's Tree of Life to create a simple and effective healing tool. In this edition, editor Marc Allen brings Regardie's work into the twenty-first century -- showing us how to unleash energy to heal our bodies and, ultimately, every part of our lives. Like few books before or since, The Art of True Healing provides both the theory and practices necessary for attaining well-being and fulfillment.

The Circuit of Force Dion Fortune, Gareth Knight, 1998 Dion Fortune describes techniques for raising the personal magnetic forces within the human aura and their control and direction in magic and in life, which she regards as 'the Lost Secrets of the Western Esoteric Tradition'. Gareth Knight provides subject commentaries on various aspects of the etheric vehicle, filling in some of the practical details and implications that she left unsaid in the more secretive esoteric climate of the times in which she wrote.

Divine Waba (Within, Among, Between and Around) J. Marvin Spiegelman, 2003 WABA is J. Marvin Spiegelman's mnemonic for the various manifestations of the experience of the divine: Within, Among, Between, and Around. He details how Zen Buddhism, Hinduism, and the Kabbalah exemplify the divine within/ the Islamic pilgrimage to Mecca clearly illustrates the divine among/ the Alchemical model exemplifies the divine between/ and the numinous experiences we find in nature, art, and synchronicity reveal the divine around us. Using his vast knowledge of symbolism and his desire for an ecumenical approach to religion, Spiegelman unfolds the fascinating images of the world's major spiritual traditions and how they relate to each other. There are chapters devoted to The Zen Ox-Herding Pictures, the Kundalini Path of Hinduism, and

the Kabbalistic Tree of Life. He further explores the rosary and its symbolism of the Christian mysteries, women's mysteries as illustrated in the Villa of the Mysteries in Pompeii, and the path of the shaman.
