American Women Artists in Wartime, 1776-2010 Paula E. Calvin, Deborah A. Deacon, 2011-09-29 For generations, men have left their homes and families to defend their country while their wives, mothers and daughters remained safely at home, outwardly unaffected. A closer examination reveals that women have always been directly impacted by war. In the last few years, they have actively participated on the front lines. This book tells the story of the women who documented the impact of war on their lives through their art. It includes works by professional artists and photographers, combat artists, ordinary women who documented their military experiences, and women who worked in a variety of types of needlework. Taken together, these images explore the female consciousness in wartime.

Street Art in the Middle East Sabrina de Turk, 2019-06-27 Since the 2011 Arab Spring street art has been a vehicle for political discourse in the Middle East, and has generated much discussion in both the popular media and academia. Yet, this conversation has generalised street art and identified it as a singular form with identical styles and objectives throughout the region. Street art's purpose is, however, defined by the socio-cultural circumstances of its production. Middle Eastern artists thus adopt distinctive methods in creating their individual work and responding to their individual environments. Here, in this new book, Sabrina De Turk employs rigorous visual analysis to explore the diversity of Middle Eastern street art and uses case studies of countries as varied as Egypt, Tunisia, Lebanon, Palestine, Bahrain and Oman to illustrate how geographic specifics impact upon its function and aesthetic. Her book will be of significant interest to scholars specialising in art from the Middle East and North Africa and those who bring an interdisciplinary perspective to Middle East studies.

Magazine of Art, 1950

The Civil War DK, 2015-02-02 Following Abraham Lincoln's presidential victory in 1861, eleven Southern states withdrew from the Union to form the Confederate States of America, sparking a war between the North and South in which a series of bitterly contested battles and sieges, and countless minor skirmishes, were fought. DK's *The Civil War* is divided into seven chronological chapters, each introduced by a general overview of the military and political situation. Each of the war's major

engagements is treated individually, while still connecting the complicated relationships between the war's far-flung theaters or the overall strategies of the two sides. The Civil War also includes the reactions of ordinary soldiers and civilians to the momentous events they witnessed, as well as features on major personalities--military and civilian--and on aspects of the war away from the battlefield, such as the effects of the Northern blockade or the fate of prisoners. The casualty toll of the Civil War still exceeds that of every other American war, before and since, put together. Race and states' rights remain potent issues to this day, making the story of the Civil War as gripping today as it was when it divided the nation more than 150 years ago.

Art Matters Pamela Gordon,2023-10-13 'Art Matters' enables students to experience art actively and meaningfully, weaving together innovative pedagogy and compelling stories about a wide assortment of artworks and artists to show students that art is everywhere, art is vibrant, and art matters.

Chicago Tribune Index ,2007

A Short History of the Civil War DK,2020-05-05 Explore the fascinating history of America's bloodiest ever conflict. Combining expert historical insight with the eyewitness accounts of soldiers and civilians, *A Short History of the Civil War* offers a brilliant summary of the key events and wider context of the hostilities between North and South. Profiles of influential military and political leaders, and thought-provoking features on themes and experiences, from the evils of slavery to the treatment of wounded soldiers, bring the story dramatically to life. This book also features clear timelines that give an instant overview of the developments during the tumultuous war. Richly illustrated with a wealth of original artifacts, weaponry, and equipment, photography, and maps, this unique combination of imagery provides the most accessible, episode-by-episode account ever.
