William Shakespeare

Richard Wright Keneth Kinnamon, 2014-11-04 African-American writer Richard Wright (1908-1960) was celebrated during the early 1940s for his searing autobiography (Black Boy) and fiction (Native Son). By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.

Critical Essays on Richard Wright Yoshinobu Hakutani, 1982

The Art of Richard Wright Edward Margolies, 1969 Richard Wright's major themes in both fiction and nonfiction -- freedom, existential horror, and black nationalism--are here discussed for the first time in a book-length critical work. Although Wright's fame never diminished in Europe, at the time of his death in 1960 he had long since been dismissed in America as a phenomenally successful Negro author of the thirties and forties whose protest literature had subsequently become unfashionable. But, as Edward Margolies illustrates, Wright is important both for his literary achievements and as a Negro spokesman of the 1940's who fairly accurately predicted the events of the 1960's, having studied their causes. Alienation, dread, fear, and the view that one must construct oneself out of the chaos of existence--all elements of his fiction--were for Wright a means of survival and constituted a bond with the existentialist authors Camus and Sartre with whom he

was sometimes associated in France in the late forties.

Richard Wright and Racial Discourse Yoshinobu Hakutani, 1996 Taking into consideration the social and cultural milieu of Wright's time, Hakutani compares and contrasts Wright's works with those by other writers dealing with similar subjects. For examples, he discusses *Native Son* in comparison with Twain's *Pudd'nhead Wilson* and in contrast with Dreiser's *An American Tragedy*. In a similar vein he weighs *The Outsider*, a controversial novel among critics, against Camus's *The Stranger*. And *The Man Who Lived Underground* is read as an existentialist work that contains elements of Zen philosophy.

The Example of Richard Wright Dan McCall, 1969 The author discusses Wright's work in terms of its relevant literary, moral, and political contexts. Mr. McCall undertakes an intensive close analysis of Richard Wright's major and most representative achievements, a historical study of Wright's position as a left-wing polemicist and Black Spokesman ('Black Power' is Wright's phrase), and an appraisal of Wright's influence on subsequent black writers and of the continuing importance of his work.

Student Companion to Richard Wright Robert Felgar, 2000-05-30 It serves students of both literature and social history as it explores the themes of racism and all types of institutionalized oppression that Wright exposed in his writing.--BOOK JACKET.

Richard Wright Reader Richard Wright, 1997-03-21 Richard Wright (1908-1960) was one of the landmark authors of twentieth-century American literature as well as one of the most formidable and eloquent black voices of his day. In nearly 900 pages the editors have collected his most essential and evocative writing: essays like *Black Power* and *Pagan Spain*; selections from his autobiography *Black Boy*; most of the photographs and the complete text of Wright's folk history of the African-American experience *12 Million Black Voices*; representative criticism, articles, letters, and poetry; the complete novellas *The Man Who Lived Underground* and *Big Black Good Man*; and generous excerpts from novels like *Uncle Tom's Children*, *Native Son*, *The Outsider*, *The Long Dream*, *Savage Holiday*, and *Lawd Today*. The result is a beautifully wrought miniature panorama of the career of a writer whose immense talent was matched only by his humanity.

From Richard Wright to Toni Morrison Jeffrey Jay Folks, 2001 Folks (literature, Doshisha U., Japan) explores the relationship between literature and contemporary ethical problems, focusing on southern US and African American writers, his special interest. Deploying theoretical approaches from ethnicity studies, regional criticism, and postcolonial theory, he inserts a reading of ethics in the critical study of fictional and nonfictional narratives. The Critical Response to Ralph Ellison Robert Butler, 2000-04-30 Ralph Ellison's literary career began in 1937 with the publication of his review of Waters Edward Turpin's *These Low Grounds*. Over the next 15 years he published 10 short stories and 37 essays on literary, cultural, and political topics. But when *Invisible Man* was published in 1952, Ellison received immediate acclaim from a wide variety of critics, scholars, and novelists. While his novel emerged as a major work of African American literature, it also engaged the European literary tradition and influenced an entire generation of post-World War II writers. Ellison is now one of the most studied African American writers, and the posthumous publication of his second novel, *Juneteenth*, in 1999 has drawn even more attention to his contribution. Through previously published reviews and essays, and original material, this book charts the response to Ellison's writings. While the bulk of the volume focuses on *Invisible Man*, the book also includes sections devoted to Ellison's short fiction and nonfiction, as well as posthumous estimates of his work. A chronology highlights the most important events in his life and career, while an introductory essay overviews the broad trends in Ellison scholarship. The volume concludes with a selected bibliography of primary and secondary works.
