## Toon Tellegen

*Stuck In Her Head* Kylie Wang, Liana Tang, 2023-10-24 15-year-old Emma Chan is an aspiring musician with her eyes aimed at the stars. Sure, she might not have won any notable competitions, but she isn't bad by any means-unless you've met her easygoing and charming best friend, Naomi Lin, who seems to have the unique ability to accelerate Emma's heartbeat. On the surface, Naomi has her life together. Outside of being dubbed a child musical prodigy, she's just another 15-year-old who likes coding, spending time with her friends, and reading celebrity gossip. But deep down, she longs to escape her life of expectations and build one that she truly desires, even if she doesn't know what that means yet. When the two friends team up to compete in a coding contest hosted by their childhood idol, their seven years worth of friendship is jeopardized by deepening feelings, desperately hidden secrets, and the pressure of growing up. Emma and Naomi will have to adapt to the changing shape of their relationship, even if it means realizing that life can be so much more complicated than they imagined.

Stuck In Her Head ,

**The Walnut Mansion** Miljenko Jergovic, 2015-10-27 This grand novel encompasses nearly all of Yugoslavia's tumultuous twentieth century, from the decline of the Austro-Hungarian and Ottoman Empires through two world wars, the rise and fall of communism, the breakup of the nation, and the terror of the shelling of Dubrovnik. Tackling universal themes on a human scale, master storyteller Miljenko Jergovic traces one Yugoslavian family's tale as history irresistibly casts the fates of five generations. What is it to live a life whose circumstances are driven by history? Jergovic investigates the experiences of a compelling heroine, Regina Delavale, and her many family members and neighbors. Telling Regina's story in reverse chronology, the author proceeds from her final days in 2002 to her birth in 1905, encountering along the way such traumas as atrocities committed by Nazi Ustashe Croats and the death of Tito. Lyrically written and unhesitatingly told, *The Walnut Mansion* may be read as an allegory of the tragedy of Yugoslavia's tormented twentieth century.

**People Promoting and People Opposing Animal Rights** John M. Kistler, 2002-11-30 What is the difference between animal rights and animal welfare? What inspires people to take on the different causes of non-human animals? How do people vary in their views on the rights of animals? Students will be encouraged to think critically as they discover there are no black and white answers to these and other questions. This fascinating collection of profiles is written by and about those

who are actively involved in the pro/con aspects of the animal rights and animal welfare movements. Over 35 individual stories written by those who are on the frontlines, fighting for what they believe, bring the controversies surrounding animal rights and welfare into sharp focus. The same interview questions were asked of each participant. Readers will enjoy the personal element of these profiles, while discovering the similarities and differences among those involved in these movements. An introduction to the volume provides students with the definitions and background information they need to clearly understand the entries that follow and to encourage them to question what they read and to draw their own conclusions.

*The Hedgehog's Dilemma* Toon Tellegen, 2025-04-01 INTERNATIONAL BESTSELLER: The first in a series of witty, philosophical animal stories with whimsical illustrations — for adult fans of *The Boy*, *The Mole*, *The Fox and His Horse*! We've all been there: When a lonely hedgehog hosts a party for his friends, he's suddenly wracked by social anxiety and self-doubt... The hedgehog is feeling rather lonely, so one day he decides to invite all the other animals for a party. But the hedgehog is also rather a shy, reserved animal, and is terribly worried about doing or saying something he shouldn't, and about all the things that could go wrong. What if nobody comes? What if too many of them come? What if the elephant shows up and breaks all the furniture? Will anyone be able to hear the hedgehog talk above the frog's croaking? Maybe inviting the others over wasn't such a good idea after all... An international bestseller, with more than 1 million copies sold in the Netherlands, *The Hedgehog's Dilemma* is the perfect gift for the shy, retiring 'hedgehog' in your life. This lovely—and loving book—addresses deep emotional and philosophical themes with humor, kindness, and intelligence.

*The Algebraist* Iain M. Banks, 2024-04-02 As complex, turbulent and spectacular as the gas giant on which it is set, this novel from Iain M. Banks is space opera on a truly epic scale. "An enormously enjoyable book, full of wonderful aliens, a sense of wonder and subtle political commentary on current events." -Publishers Weekly (Starred Review) It is 4034 AD. Humanity has made it to the stars. Fassin Taak, a Slow Seer at the Court of the Nasqueron Dwellers, will be fortunate if he makes it to the end of the year. The Nasqueron Dwellers inhabit a gas giant on the outskirts of the galaxy, in a system awaiting its wormhole connection to the rest of civilization. In the meantime, they are dismissed as decadents living in a state of highly developed barbarism, hoarding data without order, hunting their own young and fighting pointless formal wars. Seconded to a military-religious order he's barely heard of - part of the baroque hierarchy of the Mercatoria, the latest galactic hegemony - Fassin Taak has to travel again amongst the Dwellers. He is in search of a secret hidden for half a billion years. But with each day that passes a war draws closer - a war that threatens to overwhelm everything and everyone he's ever known. "Banks is a phenomenon...writing pure science fiction of a peculiarly gnarly energy and elegance." -William Gibson "Banks writes with a sophistication that will surprise anyone unfamiliar with modern science fiction." -The New York Times For More from Iain M. Banks, check out: The Culture series: Consider Phlebas The Player of Games Use of Weapons The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata
