Charles James Foster

Behold! a Pale Horse Milton Cooper, 2018-05-02 William Cooper turned out to be right; and that's all we have to say about his self-published Book. Let's keep copies of this treatise for our grandchildren and their children, so the spectre of corruption and perfidy that we the late 20th century generation experienced, will never occur again in seven generations.

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The only man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

The White Horse and the Wandjina Greg Reid, 2016-11-30 Greg Reid shares lessons learned as a cowboy/stockman, radio announcer, and writer in Queensland, Australia, in this memoir. On a cattle ranch growing up, he came to understand that

riding horses is much like negotiating life. Once a horse bucked him off in a certain way, he learned that lesson. Its like that in life, too: We have the opportunity to learn from our mistakes. A constant theme is his love for Christ, who he did not give himself to fully until 1989, when he had an out-of-body experience at Kurramine Beach, traveling back to the night when Judas betrayed Christ in the Garden of Gethsemane. He confesses to being both a healer and a sinner something that took him nearly a lifetime to figure out but that has helped him discover Christ, change his life, and help others. Join the author as he acknowledges his frailties, explores other dimensions, and reveals how God and spirituality interact with the culture of indigenous Australia in *The White Horse and the Wandjina*.

Hating God Bernard Schweizer, 2010-11-04 While atheists such as Richard Dawkins have now become public figures, there is another and perhaps darker strain of religious rebellion that has remained out of sight--people who hate God. In this revealing book, Bernard Schweizer looks at men and women who do not question God's existence, but deny that He is merciful, competent, or good. Sifting through a wide range of literary and historical works, Schweizer finds that people hate God for a variety of reasons. Some are motivated by social injustice, human suffering, or natural catastrophes that God does not prevent. Some blame God for their personal tragedies. Schweizer concludes that, despite their blasphemous thoughts, these people tend to be creative and moral individuals, and include such literary lights as Friedrich Nietzsche, Mark Twain, Zora Neale Hurston, Rebecca West, Elie Wiesel, and Philip Pullman. Schweizer shows that literature is a fertile ground for God haters. Many authors, who dare not voice their negative attitude to God openly, turn to fiction to give vent to it. Indeed, Schweizer provides many new and startling readings of literary masterpieces, highlighting the undercurrent of hatred for God. Moreover, by probing the deeper mainsprings that cause sensible, rational, and moral beings to turn against God, Schweizer offers answers to some of the most vexing questions that beset human relationships with the divine.

Where Dragons Soar: And Other Animal Folk Tales of the British Isles Pete Castle, 2016-02-03 Within these pages are tales of scheming creatures and ferocious animals from across the British Isles, passed down through the generations. Amongst the more famous beasts of myth and legend, such as the Loch Ness monster lurking in Scotland's black waters and the Hartlepool monkey that was mistaken for a French spy, are the less well-known stories of the peculiar, fantastical and extraordinary. Discover the fox Scrapefoot and his run-in with bears, the fisherman's wife who was really a seal, and the two

warring dragons hidden under Caernarf on – all brought to life by noted storyteller Pete Castle. Illustrated with unique drawings, these enchanting tales will appeal to young and old, and can be enjoyed by readers time and again.

Folk Music and Song in the WPA Ex-Slave Narratives John Minton, 2025-02-17 Between 1937 and 1940 fieldworkers in the Works Progress Administration's Federal Writers' Project interviewed around 3,500 formerly enslaved people in North America, resulting in roughly 20,000 pages of still unedited and inadequately indexed typescript. These accounts—the WPA ex-slave narratives—are the most substantial collection by far of folklore and oral history gathered directly from enslaved people in America. It is arguably the single greatest body of African American folklore extant, and a significant portion is devoted to folk music and song. This book considers this treasure trove in all its relevant social, cultural, and historical contexts. Nineteenth-century Black folk music developed against the backdrop of North American slavery, the American Civil War, Emancipation, the Federal occupation of the South, and a successful white supremacist paramilitary and political insurgency that led to Federal withdrawal, officially sanctioned racial terror, and Southern apartheid. The WPA ex-slave narratives describe that history in remarkable detail. Despite their inestimable value, most of the ex-slave narratives remained unpublished until the late 1970s, being almost unknown except to folklorists. Even after publication, the collection's sheer size was a barrier. Quoting extensively from the narratives and exhaustively annotated and indexed, this volume provides readers with detailed explanations and full references for every musical item or tradition featured in the ex-slave narratives. John Minton covers instrumental music and social dancing, spirituals and hymns, singing games and lullabies, ring plays and reels, worksongs, minstrel songs, ballads, war songs, slavery laments, and much, much more. Written for both specialists and general readers, with 134 illustrations, the book also offers a general overview of the ex-slave narratives, their contents, creation, and relation to the field of African American folklore as a whole.
