**Thomas Grinfield**

*The Attributes* Rich Diviney, 2021-01-26 Do you have what it takes to succeed in any situation? According to a retired commander who ran training for Navy SEALs, true optimal performance goes beyond just skill. It's all about THE ATTRIBUTES. "Diviney's incredible book explains why some people thrive—even when things get hard."—Charles Duhigg, New York Times bestselling author of *The Power of Habit* During his twenty years as a Navy officer and SEAL, Rich Diviney was intimately involved in a specialized SEAL selection process, which whittled a group of hundreds of extraordinary candidates down to a handful of the most elite performers. Diviney was often surprised by which candidates washed out and which succeeded. Some could have all the right skills and still fail, while others he might have initially dismissed would prove to be top performers. The seemingly objective criteria weren't telling him what he most needed to know: Who would succeed in one of the world's toughest military assignments? It is similarly hard to predict success in the real world. It happens often enough that underdog students accomplish exceptional achievements while highly skilled, motivated employees fail to meet expectations. Dark-horse companies pull away from the pack while dream teams flush with talent and capital go under. In working with and selecting top special operators for decades, Diviney saw that beneath obvious skills are hidden drivers of performance, surprising core attributes—including cunning, adaptability, courage, even narcissism—that determine how resilient or perseverant we are, how situationally aware and how conscientious. These attributes explain how we perform as individuals and as part of a team. The same methodology that Diviney used in the military can be applied by anyone in their personal and professional lives, and understanding these attributes can allow readers and their teams to perform optimally, at any time, in any situation. Diviney defines the core attributes in fresh and practical ways and shares stories from the military, business, sports, relationships, and even parenting to show how understanding your own attributes and those of the people around you can create optimal performance in all areas of your life.

Sample Book Insights: #1 You should be able to: Navigate uncertain situations. -> You should be able to navigate uncertain situations. Your skills aren't as important as your attributes. What matters more are your attributes. #2 Our attributes, which are wired into our internal circuitry, drive our behavior. They are largely invisible and often taken for granted. But they are extremely important. They matter. #3 CQC is a complex sequence of movements that

has to be improvised in a fluid, high-stress environment. It can be fatal if mistakes are made. #4 The attributes that drive your behavior are largely invisible and often taken for granted. They are extremely important.

**Masters of Uncertainty: The Navy Seal Way to Turn Stress Into Success for You and Your Team** Rich Diviney, 2025-02-25 Easy to understand and simple to implement, Masters of Uncertainty is essential for any person or team that wants to operate even better than they do now. --Simon Sinek, optimist and New York Times bestselling author of Start With Why and The Infinite Game Retired Navy SEAL commander and performance expert Rich Diviney reveals a revolutionary method for training individuals and teams to perform at their best, no matter what. For Navy SEALs, success isn't only a result of relentless training in shooting, skydiving, or combat--though they are experts at those things. The real secret is that they use their innate human capabilities to turn the stress of uncertain and complex situations to their advantage. In more than two decades of leading, training, and coaching top performers, Rich Diviney (founder of the SEALs' Mind Gym) discovered that while most elite individuals and teams are masters of preparation, it's how they react when things don't go according to plan that separates the best from the rest. They are Masters of Uncertainty. With Diviney's science-backed Mastering Uncertainty Method, you and your team will learn how to: · Turn any uncertain or chaotic moment into an opportunity · Use your body's natural performance engine to keep going when the going gets tough · Stay cool and calm in the heat of any moment · Become a person or team who gets better under pressure · Gain new insight into your raw self (inherent identity and attributes) to figure out the best course of action in any scenario · Avoid the traps that cause 95% of teams using traditional business and leadership models to consistently underperform · Cultivate the four domains of trust that are common to all high-performing teams Masters of Uncertainty is a battle-tested handbook for everyone--working together or alone--to survive and thrive in our increasingly unpredictable world.

**The Harmony of the Divine Attributes in the Contrivance and Accomplishment of Mans Redemption (Classic Reprint)** Emeritus Professor Department of Biology William Bates, William Bates, 2015-07-06 Excerpt from The Harmony of

the Divine Attributes in the Contrivance and Accomplishment of Mans Redemption The Justice of God in Redemption. - III. The completeness of Christ's satisfaction proved from the causes and effects of it. The causes are the quality of his person and degrees of his sufferings. The effects are his resurrection, ascension, intercession at God's right hand, and his exercising the supreme power in heaven and earth. The excellent benefits which God reconciled bestows on men, are the effects and evidences of his complete satisfaction. They are pardon of sin, grace, and glory. That repentance and faith are required in order to the partaking of the benefits purchased by Christs death, doth not lessen the merit of his sufferings; that afflictions and death are inflicted on believers doth not derogate from their all-sufficiency. Practical Inferences. - I. In the death of Christ there is the clearest discovery of the evil of sin. II. The strictness of divine justice is most visible in it. III. The consideration of the ends of Christs death takes off the scandal of the cross, and changes the offence into admiration. IV. The satisfaction of justice by Christ's sufferings affords the strongest assurance that God is ready to pardon sinners. V. The absolute necessity of complying with the terms of the gospel for justification. There are but two ways of appearing before the supreme Judge; either in innocence, or by the righteousness of Christ. The causes why men reject Christ are, a legal temper that is natural to them, and the predominant love of sin. The unavoidable misery of all that will not submit to our Saviour. The Holiness of God in Redemption. - Of all the divine perfections, holiness is peculiarly admirable. The honour of it is secured in our redemption. I. In the bitter sufferings of Christ, God declared himself unappeasable to sin, though appeasable to sinners. II. The privileges purchased by Christ, are conveyed upon terms honourable to holiness. Pardon of sin, adoption, the inheritance of glory, are annexed to special qualifications in those who receive them. III. The Redeemer is made a quickening principle to inspire us with new life. In order to our sanctification, he hath given us the most perfect rule of holiness, he exhibited a complete pattern of it, he purchased and conveys the Spirit of holiness to us, he presents the strongest motives to persuade us to be holy. The perfect laws of Christ are considered, as they enjoin an absolute separation from all evil, and command the practice of all substantial goodness. Some particular precepts, which the gospel especially enforces, with the reasons of them, are considered. The Perfection of the Laws of Christ. - The perfection of Christ's laws appears by comparing them with the precepts of Moses. The temple service was managed with pomp suitable to the disposition of the Jews, and the dispensation of the law; the Christian service is pure and spiritual; the Levitical ceremonies and ornaments are excluded from it, not only as unnecessary, but inconsistent with its spirituality. The obligation to the rituals of Moses is abolished, to introduce real righteousness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Holy Attributes! Bobbie Gulley,2015-05-20 Most people want to do their best at everything that they do. They pursue educational training or develop their natural skills in order to be successful. However, they will also need to incorporate certain Attributes into their mental framework. These Attributes are COURAGE, BOLDNESS, DARING, KNOWLEDGE, COMMON SENSE, WISDOM, LOVE, VALUE, INTEGRITY, CHARACTER, DISCIPLINE, HOPE, FAITH and HONESTY. With Attributes and skills, there is no telling how far a person may go in life or what that person may achieve. The Play, Holy Attributes! explains what some of them are and in whom you should find them.
