The Fellowship of the Ring (The Lord of the Rings, Book 1) J. R. R. Tolkien, 2009-04-20 Darkness Will Bind Them... watch The Lord of the Rings: The Rings of Power season 2 on Prime Video

The Lord of the Rings: The Fellowship of the Ring, The Two Towers, The Return of the King J. R. R. Tolkien, 2009-04-20 Darkness Will Bind Them... watch The Lord of the Rings: The Rings of Power season 2 on Prime Video

The Fellowship of the Ring J. R. R. Tolkien, 2005 Wayne G. Hammond and Christina Scull examine Tolkien's masterpiece chapter by chapter, offering expert insights into its evolution, structure, and meaning. They discuss in close detail important literary and historical influences on the development of The Lord of the Rings, connections between that work and other writings by Tolkien, errors and inconsistencies, significant changes to the text during its fifty years of publication, archaic and unusual words used by Tolkien, and words and passages in his invented languages of Middle-earth.

The Lord Of The Rings J.R.R. Tolkien, 2012-02-15 Immerse yourself in Middle-earth with J.R.R. Tolkien's classic masterpieces behind the films... This special 50th anniversary edition includes three volumes of The Lord of the Rings (The Fellowship of the Ring, The Two Towers, and The Return of the King), along with an extensive new index—a must-own tome for old and new Tolkien readers alike. One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them. In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins. From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion. When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom. The Lord of the Rings tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider. J.R.R. Tolkien (1892-1973), beloved throughout the world as the creator of The Hobbit, The Lord of the Rings, and The Silmarillion, was a professor of Anglo-Saxon at Oxford, a fellow of Pembroke College, and a fellow of

Merton College until his retirement in 1959. His chief interest was the linguistic aspects of the early English written tradition, but while he studied classic works of the past, he was creating a set of his own.

Illustrated World of Tolkien: The Second Age David Day,2023-12-12 An illustrated guide to the least-known period in Middle-earth's history, the Second Age. The lore and legends of this period are given life through hundreds of illustrations from artists who have studied Tolkien's work, and insightful commentary from David Day makes this a valuable addition to the shelf of anyone with a keen interest in exploring more of Tolkien's world--

The Fellowship of the Ring John Ronald Reuel Tolkien,Christina Scull,2005 The Fellowship of the Ring is the first part of JRR Tolkien's epic masterpiece The Lord of the Rings. This 50th anniversary edition features special packaging and is the first paperback edition to include the definitive edition of the text. Impossible to describe in a few words, JRR Tolkien's great work of imaginative fiction has been labelled both a heroic romance and a classic fantasy fiction. By turns comic and homely, epic and diabolic, the narrative moves through countless changes of scene and character in an imaginary world which is totally convincing in its detail. Tolkien created a vast new mythology in an invented world which has proved timeless in its appeal. Now, to celebrate the 50th anniversary of its first publication, the text has been fully restored with almost 400 corrections - with the full co-operation of Christopher Tolkien - making it the definitive version of the text, and as close as possible to the version that J.R.R. Tolkien wanted. In addition to now having the definitive version of the text, this paperback features special packaging to commemorate the golden anniversary of the Nation's Big Read.

J.R.R. Tolkien Bodleian Library,1992 Originally written to accompany a 1994 Bodleian Library exhibition, this is a beautifully-illustrated and elegantly written testament to the cross-fertilization of European culture and tradition in the Middle Ages and early Modern period. The manuscripts and books presented here—including Ptolemy's *Cosmographia* and a Pilgrim's guide to the Holy Land—reveal the lively trafficking of ideas across the Continent.

Doing Digital Humanities Constance Crompton,Richard Lane,Ray Siemens,2016-09-13 Digital Humanities is rapidly evolving as a significant approach to/method of teaching, learning and research across the humanities. This is a first-stop book for people interested in getting to grips with digital humanities whether as a student or a professor. The book offers a practical guide to the area as well as offering reflection on the main objectives and processes, including: Accessible introductions of the basics of Digital Humanities through to more complex ideas A wide range of topics from feminist Digital Humanities, digital journal publishing, gaming, text encoding, project management and pedagogy Contextualised case studies Resources for starting Digital Humanities such as links, training materials and exercises Doing Digital Humanities looks at the practicalities of how digital research and creation can enhance both learning and research and offers an approachable way into this complex, yet essential topic.

The Lord of the Rings John Ronald Reuel Tolkien,2004 In time for the golden anniversary of the arrival of part one of

Tolkien's epic masterpiece on these shores comes a spectacular new edition of *The Lord of the Rings*. The text is fully corrected under the supervision of Christopher Tolkien to meet the author's exacting wishes, and includes two large-format fold-out maps, a ribbon placemaker, and exceptionally elegant packaging. 0-618-51765-0 \$100.00 / Houghton Mifflin

The Tower and the Ruin Michael D. C. Drout, 2025-12-02 A leading scholar draws on fifty years of reading and studying J.R.R. Tolkien to explain how he created an entire world. No writer has surpassed the epic achievement of J.R.R. Tolkien, who spent decades refining his Middle-earth—a world that has felt so real to so many readers that it is almost impossible to imagine that any single person could have simply created it, seemingly out of thin air. In *The Tower and the Ruin*, Michael D. C. Drout takes us deep into Tolkien's genius, allowing us to glimpse the making of not only *The Lord of the Rings*, *The Hobbit*, and *The Silmarillion* but also lesser-known books such as *The Fall of Gondolin* as well as Tolkien's poetry and innovative scholarship. Drout, who has spent decades reading, studying, and teaching Tolkien, allows us to understand the author's methods and to embrace his works as never before. With great erudition and sparkling prose, Drout shows us how Tolkien invented myths, legends, cultures, languages, histories, and an intricate, multivocal narrative. We come to understand how Tolkien drew upon and modified material he found in *Beowulf*, the *Kalevala*, and other medieval literature from northern Europe, using the subtle qualities of those famous works as inspiration for his own. We also see the process by which he created the complex form of sorrow that is the primary emotional effect of his mature works, a sadness "blessed without bitterness," carefully woven through a tapestry of themes that has resonated with generations of readers. Sweeping and hugely perceptive—and enhanced throughout by Drout's personal reflections on how Tolkien has shaped his own life and relationships—*The Tower and the Ruin* illuminates Tolkien anew and will come to be seen as an essential work for anyone who has journeyed to Middle-earth.

The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume, *The Encyclopedia of Science Fiction*, this massive reference of 4,000 entries covers all aspects of fantasy, from literature to art.

Mapping Recreational Literacies Margaret Mackey, 2007 Being a fully literate adult means something different today than it did fifty years ago. Adults aged 18-34, having grown up with the technological innovations that have revolutionized the way we live and read - the Walkman, the video cassette recorder, the affordable domestic computer, the game console, the DVD, the Internet, and a variety of mobile and portable communications equipment - are the first generation to take the new world of literacy for granted. This book explores what it means to be a literate adult today, with the help of nine adults ranging in age from 19 to 36. It explores their detailed responses to a variety of particular texts: a digital game, an online poem, a picture book, a set of graphic novels. *Mapping Recreational Literacies* looks at how we make selections in the face of a plethora of textual options, and raises new questions about the importance of adult play with texts, the significance of ownership in a consumer society, and the role of reading both inside and outside of books. This book looks at the significance

of these issues for professionals such as teachers and librarians who work with younger readers.
