Cycling the Coast to Coast Route Nicolas Mitchell, 2015-08-31 The 137-mile Coast to Coast Route (C2C) was the first national cycle route in Britain and has grown to become the most popular long-distance cycle ride in the country. Tackling the route over five days is a marvellous mini-adventure that should appeal to all sorts of cyclists. Every stage of the route, from Whitehaven on the west coast of Cumbria to Tynemouth in the east, is described by author Nicolas Mitchell, including fascinating accounts of its rich industrial heritage and details of the many opportunities to explore its glorious natural history. The guide includes route maps and elevation charts indicating the ascent and descent; full-colour and archive photographs of all the sights along the way; details listings of accommodation, places to eat and drink and local bike shops

and finally, advice on how to prepare yourself and your bike for the trip. Fully illustrated with 75 colour photographs, 6 route maps and 6 elevation graphs.

The No-Drop Zone Patrick Brady, 2010-02 The No-Drop Zone contains all the information necessary for new cyclists to gain the knowledge and skills to take them from buying their first bicycle to starting their first race. Cyclists learn how to handle the bike, perform minor maintenance, select clothing and accessories, join clubs, and find events. The book also covers every aspect of riding in a group, emphasizing such specific skills as how to avoid bumping into other riders when riding in close quarters and fixing a flat quickly enough to rejoin the group. Author Patrick Brady explores the particular pleasures that come from group riding, a unique experience at once social (talking with friends while riding), exciting (descending in a group), and exhilarating (finishing a long hill). Brady also details the enormous fitness benefits of riding in a group. The No-Drop Zone has all the knowledge a cyclist needs to move to that next level of skill.

Like a Boy but Not a Boy andrea bennett, 2020-10-13 Inquisitive and expansive, *Like a Boy but Not a Boy* explores author andrea bennett's experiences with gender expectations, being a non-binary parent, and the sometimes funny and sometimes difficult task of living in a body. The book's fourteen essays also delve incisively into the interconnected themes of mental illness, mortality, creative work, class, and bike mechanics (apparently you can learn a lot about yourself through truing a wheel). In "Tomboy," andrea articulates what it means to live in a gender in-between space, and why one might be necessary; "37 Jobs 21 Houses" interrogates the notion that the key to a better life is working hard and moving house. And interspersed throughout the book is "Everyone Is Sober and No One Can Drive," sixteen stories about queer millennials who grew up and came of age in small communities. With the same poignant spirit as Ivan Coyote's *Tomboy Survival Guide*, *Like a Boy but Not a Boy* addresses the struggle to find acceptance, and to accept oneself; and how one can find one's place while learning to make space for others. The book also wonders it means to be an atheist and search for faith that everything will be okay; what it means to learn how to love life even as you obsess over its brevity; and how to give birth, to bring new life, at what feels like the end of the world. With thoughtfulness and acute observation, andrea bennett reveal intimate truths about the human experience, whether one is outside the gender binary or not.
