Teatro, ecología y gastronomía en las dos primeras décadas del siglo XXI José Romera Castillo, 2023-10-26 La cadena de estudios del Centro de Investigación de Semiótica Literaria, Teatral y Nuevas Tecnologías, dirigido por el Dr. José Romera Castillo, sobre estos ámbitos artísticos es ya muy numerosa. Este volumen, editado por el mencionado profesor, Teatro, ecología y gastronomía en las dos primera décadas del siglo XXI -patrocinado por varias entidades (Academia de las Artes Escénicas de España, Asociación Internacional de Teatro del siglo XXI, Asociación Española de Semiótica, Instituto del Teatro de Madrid, además de la UNED)- se centra en el estudio de las relaciones de estas áreas tan importantes en la cultura universal con el teatro en nuestro siglo, cuyo examen ha tenido escaso cultivo hasta el momento. En el volumen, tras una introducción sobre el tema, se presentan, de un lado, en “Teatro y ecología”, diecisiete estudios sobre la utilización de los espacios teatrales para la conservación de la naturaleza y el medio ambiente; y, de otro, en “Teatro y gastronomía”, se editan

ocho trabajos sobre esta relación a la que ha recurrido el teatro para dar mayor realismo a las tramas de las historias tratadas o para caracterizar a los personajes, de manera más o menos explícita o simbólica. Un volumen muy novedoso en los estudios teatrales actuales.

CINCO MILLONES DE AÑOS DE CAMBIO FLORÍSTICO Y VEGETAL en la Península Ibérica e Islas Baleares

JOSÉ CARRIÓN coordinador ,2015-05-25 La Península Ibérica y las Islas Baleares suponen un centro de biodiversidad vegetal de gran importancia en la biogeografía del extremo occidental de Eurasia. En este libro se analizan y discuten los registros paleobotánicos para los últimos cinco millones de años de cambio ambiental, incluyendo estudios sobre polen y carbón fósil, restos macroscópicos preservados y otros microfósiles de importancia en la reconstrucción de ecosistemas pretéritos. La utilidad de este conocimiento excede su ámbito temático y alcanza la biología de la conservación y la gestión del patrimonio natural.

La Restauración, la Guerra Civil, el franquismo, la Transición, etc. la revisión de periodos tan complejos siempre conlleva el riesgo de olvidar una parte del relato. Apostar por reflexiones maduras, plurales y desde diferentes perspectivas se presenta como una necesidad a la hora de comprender lo sucedido en una o varias etapas concretas.

Comunicación e historia olvidada: una mirada transversal desde la contemporaneidad es el título de esta monografía en la que, a lo largo de sus páginas, se encuentran planteamientos firmados por investigadores de distintas áreas y con sensibles diferencias en su interpretación sobre la época que estudian. En sus capítulos se desentierra esa historia «olvidada» que adquiere una dimensión especial en los medios de comunicación. Periodismo, opinión pública, política, identidad, ideología, términos como estos se dan cita en una obra que pretende ofrecer una lectura amena, rica en matices, pero ajustada a los criterios de rigor y profesionalidad que implica la misión de conectar el ayer con las miradas contemporáneas. The influence of the past on the present and the need to revise and update it are concerns that transcend the professional field of historians. The Restoration, the Civil War, Franco's regime, the Transition, etc. The revision of such complex periods always entails the risk of forgetting part of the story. The importance of having mature, plural reflections from different perspectives is a requirement when it comes to understanding what happened in one or more specific periods. Communication and forgotten history: a cross-sectional view from contemporaneity is the title of this book in which we find approaches signed by researchers from different areas and with sensitive differences in their interpretation of the period they are studying. Its chapters unearth that «forgotten» history that acquires a special dimension in the media. Journalism, public opinion, politics, identity, ideology, terms such as these come together in a work that aims to offer a pleasant reading, but in accordance with the criteria of rigor and professionalism that the mission of connecting yesterday with contemporary views implies.
