Existiríamos el mar Belén Gopegui,2021-09-16 Porque sería posible vivir de otra manera. Una novela luminosa sobre la lealtad y la convivencia. En el portal 26 de la Calle Martín Vargas de Madrid, Lena, Hugo, Ramiro, Camelia y Jara han logrado convertir el piso que comparten en un espacio de vida en común. A sus cuarenta años viven juntos por necesidad y porque forma parte de su manera de entender la convivencia y las relaciones personales. Pero la situación y el carácter de Jara son más inestables: hace tiempo que no tiene trabajo y siempre vive en vilo. ¿Por eso se ha ido sin avisar y sin dejar nota de su paradero? Existiríamos el mar es un soplo de energía que nos lleva a los caminos donde se unen la fragilidad y la fuerza, lo difícil y lo posible, los nuevos comienzos, y formas diferentes de perseverancia y de lealtad. Belén Gopegui ha escrito una novela osada y conmovedora de historias comunes donde lo más intenso no reside ni en lo más oscuro ni en lo más turbio, sino, a veces, muchas veces, en momentos de respeto, risas, charla, felicidad, apoyo mutuo o rabia compartida.

La crítica ha dicho: «Vuelve a defender la bondad con una mirada política y nos habla de los principios que hacen que la vida sea más vivible. Esto va de cómo vivir juntos sin hacernos daño, entre la honestidad y la furia.» Marta García Miranda, La hora extra «Una novela que oxigena y zarandea; una corriente de aire que le cambia el sentido a los portazos y abre de golpe y sin ruido las puertas, no las cierra. Qué maravilla.» Bop Pop «Belén Gopegui es mi búnker.» María Unanue, Pikara Magazine «Romper las barreras entre lo individual y lo colectivo, lo privado y lo público. Este es uno de los proyectos narrativos que persigue Belén Gopegui.» Rafael Conte «Sólo disponiendo de un orden, parecen decirnos las narraciones de Gopegui, es posible detectar los vacíos de los que se hurtó una pieza.» Juan Carlos Peinado, Revista de Libros De Quédate este día y esta noche conmigo se dijo: «Vuelven sus novelas-dique; historias con las que armarnos de sentido para entender mejor lo que duele.» Juan Losa, Público «Esta magnífica novela es una hermosísima línea de código que busca entrar en el algoritmo del gran informador/informante Google.» Bob Pop, La Marea «Quédate este día y esta noche conmigo tiene el poder de parar el tiempo y el mundo.» Carmen G. Magdaleno De El comité de la noche se dijo: « El comité de la noche se convierte en el punto más logrado -desde mi personal y discutible punto de vista- de la trayectoria de Gopegui desde Lo real (2001), y la obra donde mejor ha logrado esa síntesis exquisita y terriblemente difícil al conjugar una obra semánticamente cruda, desasosegante, cívica, valiente y crítica con una potencia literaria demoledora.» Vicente Luis Mora «Belén Gopegui se rebela ante la escritura como mero entretenimiento y construye una novela contra el poder, ajena al maniqueísmo y llena de connotaciones morales.» Carlos Zanón, El País «La prosa acumulativa y con voluntad más profunda de Gopegui logra tenerme en vilo, lápiz en mano, asintiendo o discrepando pero convencido de la pertinencia de leerla: no tienen desperdicio sus aproximaciones al fenómeno tecnológico, a la clandestinidad combativa, al parado como presencia a la que sacar provecho.» Nadal Suau, El Cultural «Belén Gopegui obliga a revisar nuestra escala de valores y a reinterpretar la labor que nos corresponde como ciudadanos en este thriller social repleto de lirismo.» Culturamas

La fórmula Albert-László Barabási, 2019-05-23 Los principios científicos que permiten alcanzar el éxito. «Las leyes que rigen el éxito son las que diferencian a los libros más vendidos de los libros de saldo, a los millonarios de los arruinados. Ilustran lo defectuosas que son las reglas de las competiciones, puesto que en muchas de ellos el ganador se decide al azar. Nos demuestran que, con frecuencia, los «expertos» -los profesionales que valoran el vino, las actuaciones de música clásica o los patinadores artísticos, u otro tipo de jueces- no están más capacitados que cualquiera de nosotros para determinar la calidad de las cosas. »Estas reglas explican también por qué el tipo que destaca en las reuniones de personal, pero que a menudo no está al día o bien informado en otros ámbitos, acaba convirtiéndose en nuestro jefe. Muestran por qué arriesgarse con un competidor que lleva las de ganar puede tener un gran impacto, o por qué una única donación inicial puede catapultar o tirar por tierra una campaña de recaudación de fondos. »Y pueden, incluso, enseñarnos por qué una canción muy mala -escojamos la que más rabia nos dé-, se convierte sorprendentemente en un éxito. Las Leyes del Éxito han regido

nuestras vidas y nuestras carreras de forma tan inmutable como la gravedad durante siglos, pero, hasta hace muy poco, ni siquiera sabíamos que existían.» Albert-László Barabási Reseñas: «Este no es solo un proyecto importante sino imperativo: aborda el problema de la aleatoriedad y el éxito utilizando el arsenal científico de vanguardia a nuestro alcance. Barabási es la persona más indicada para ello.» Nassim Nicholas Taleb, autor de El cisne negro «László Barabási es un científico extraordinario que ha obtenido un gran éxito. Y, para nuestro provecho, utiliza su talento para explicarnos cómo alcanzarlo.» Nicholas Christakis, coautor de Conectados « La fórmula es una lectura indispensable para todas aquellas personas que aspiran a mejorar sus resultados y a dejar su impronta en el mundo.» James A. Evans, profesor de sociología de la University of Chicago «Es un hecho singular que la lectura de un libro sobre el éxito sea tan adictiva. Habrá que tener La fórmula junto con Freakonomics o de Fuera de serie.» Geekwire

República Liberal: sociedad y cultura Rubén, Sierra Mejía, 2009-06-30 Ningún otro periodo de la historia colombiana del siglo XX muestra el volumen de realizaciones, en todos los campos correspondientes a la acción del Estado, como la llamada República Liberal (1930-1946): fueron suficientes dieciséis años para dejar una huella profunda en la vida política, social y cultural del país. Este libro se centra en dos campos en los que el liberalismo mostró la mayor creatividad, a saber: la cultura y los problemas sociales.
