The Men's Hair Book Rogelio Samson, 2013-04-04 The Men's Hair Book: A Male's Guide To Hair Care, Hair Styles, Hair Grooming, Hair Products and Rocking It All Without The Baloney is exactly what it says in the title. Written by popular men's hair expert Rogelio Samson, The Men's Hair Book gives the modern male an in-depth blueprint to getting his hair looking as he wants it to look without the baloney that abounds the men's hair field. The Men's Hair Book: A Male's Guide To Hair Care, Hair Styles, Hair Grooming, Hair Products and Rocking It All Without The Baloney is based on Rogelio's hair-management equation: a pioneering system that optimizes the profiling, grooming, styling and caring of your hair so as to yield the overall solution of great-looking, convenient hair. The hair-management equation covers and optimizes everything that has to do with having hair that you can finally be happy with, and this system serves as the backbone of The Men's Hair Book and Rogelio's goal of spreading the word so as to have men worldwide carrying their hair with pride and in a self-actualizing manner. What's more is that The Men's Hair Book is related to the real world through barbershop case studies in every chapter so that you are able to relate your newly-acquired knowledge to the practical side of male hair care. This is what you will find in the 240+ pages of The Men's Hair Book: - A hair-profiling system that puts your hair into a type and length category and that also measures how much your hair may curl, altogether creating your particular hair ID. - The Norwood male-balding classification explained in detail so that you can identify any current or future hair loss you may suffer. - Rogelio's popular hair-grooming method, including his No Shampoo method and his Sebum Coating method. - All about cleaning your hair, from how to use shampoo to cleaning your hair without shampoo and via natural alternatives. - All about conditioners and how to make the most of the sebum you secrete (yes, your hair follicles secrete sebum!). - A full analysis of all hair products and how to select the appropriate ones according to your unique hair ID. - An in-depth coverage of how to style your hair, including the relevant hairstyles that suit your hair ID. - The correct methods to optimally using hair dryers and hair straighteners as a male without frying your hair. - Guidelines for growing your hair long and working out how long your hair will take to reach certain lengths and hairstyles. - A guide on how to shop for the correct barber or hairdresser. - A plan of action that has you seeing the optimizing of your hair as a journey that follows an optimal and efficient order and that is made up of a set of steps and actions to be implemented. - A big list of busted myths that will not only be extremely helpful for your hair-optimizing efforts but will also be great for bar talk! - The last chapter contains 36

miscellaneous questions that Rogelio has answered in depth so as to bulletproof your journey. - An appendix section with 29 visual references used throughout the book. - Every chapter is neatly summarized at the end with a Conclusion section to ensure that you have picked all the important knowledge taught in the chapter. - Each chapter is ended with a real-life case study that has occurred in a professional barbershop and that is related to the lesson learnt in the given chapter. The Men's Hair Book is of great use and benefit for: - Men who want to finally master their hair and stop wasting time with Mickey-Mouse stuff. - Men who want to stop wasting money on their hair and want their hair to become economically viable. - Men desiring to spice up their image and improve their self-esteem. - Men with sons who need help managing and embracing their hair.
