**Dance in America: A Reader's Anthology** Mindy Aloff, 2018-11-20 From ballet and Balanchine to tap and swing, a treasury of unforgettable writing about the beauty and magic of American dance. From the beginning, American dance has been an exciting fusion of many disparate influences, with European traditions of ballet and social dancing encountering Native American rituals and African American improvisations to create something new and extraordinary. In this landmark collection, dance critic Mindy Aloff brings together an astonishing array of writers—dancers and dance creators, impresarios and critics, and enthusiastic literary observers—to tell the remarkable story of the artistry, innovation, and sheer joy of a great American art form. Here is dance in its many varieties and locales: from tap and swing to ballet and modern dance, from Five Points to Radio City Music Hall, and from the Lindy Hop to Michael Jackson's Moonwalk. With 100 selections spanning three centuries, this is the biggest and best anthology on American dance ever published. Here are the most acclaimed dance critics, including Edwin Denby, Joan Acocella, Lincoln Kirstein, Jill Johnston, and Clive Barnes; the most inventive and influential choreographers and dancers, among them George Balanchine, Merce Cunningham, Paul Taylor, Twyla Tharp, Allegra Kent, and Mikhail Baryshnikov; and a dazzling roster of literary figures, such as Ralph Waldo Emerson, Emily Dickinson, Hart Crane, Edmund Wilson, Langston Hughes, and Susan Sontag. Here too are rare and hard-to-find texts, several previously unpublished, among them Jerome Robbins's reflections on the secret of choreography and an inspiring commencement address from Mark Morris. Brilliant profiles of unforgettable performers—Stuart Hodes on Martha Graham; John Updike on Gene Kelly; Alastair Macaulay on Michael Jackson—join incisive, often deeply personal pieces—Zora Neale Hurston on hoodoo ritual; Arlene Croce on dance in film; Yehuda Hyman on Hasidic dances—to form a one-of-kind reading experience every dance lover will cherish. A twelve-page color insert presents iconic photographs of key figures from Isadora Duncan to Michael Jackson.

*I Was a Dancer* Jacques D'Amboise, 2011-03-01 “Who am I? I’m a man; an American, a father, a teacher, but most of all, I am a person who knows how the arts can change lives, because they transformed mine. I was a dancer.” In this rich, expansive, spirited memoir, Jacques d’Amboise, one of America’s most celebrated classical dancers, and former principal dancer with the New York City Ballet for more than three decades, tells the extraordinary story of his life in dance, and of America’s most renowned and admired dance companies. He writes of his classical studies beginning at the age of eight at The School of American Ballet. At twelve he was asked to perform with Ballet Society; three years later he joined the New York City Ballet and made his European debut at London’s Covent Garden. As George Balanchine’s protégé, d’Amboise had more works choreographed on him by “the supreme Ballet Master” than any other dancer, among them Tchaikovsky Pas de Deux; Episodes; A Midsummer’s Night’s Dream; Jewels; Raymonda Variations. He writes of his boyhood—born Joseph Ahearn—in Dedham, Massachusetts; his mother (“the Boss”) moving the family to New York City’s Washington Heights; dragging her son and daughter to ballet class (paying the teacher \$7.50 from hats she made and sold on street corners, and with chickens she cooked stuffed with chestnuts); his mother changing the family name from Ahearn to her maiden name, d’Amboise (“It’s aristocratic. It has the ‘d’ apostrophe. It sounds better for the ballet, and it’s a better name”). We see him, a neighborhood tough, in Catholic schools being taught by the nuns; on the streets, fighting with neighborhood gangs, and taking ten classes a week at the School of American Ballet . . . being taught professional class by Balanchine and by other teachers of great legend: Anatole Oboukhoff, premier danseur of the Maryinsky; and Pierre Vladimiroff, Pavlova’s partner. D’Amboise writes about Balanchine’s succession of ballerina muses who inspired him to near-obsessive passion and led him to create extraordinary ballets, dancers with whom d’Amboise partnered—Maria Tallchief; Tanaquil LeClercq, a stick-skinny teenager who blossomed into an exquisite, witty, sophisticated “angel” with her “long limbs and dramatic, mysterious elegance . . .”; the iridescent Allegra Kent; Melissa Hayden; Suzanne Farrell, who Balanchine called his “alabaster princess,” her every fiber, every movement imbued with passion and energy; Kay Mazzo; Kyra Nichols (“She’s perfect,” Balanchine said. “Uncomplicated—like fresh water”); and Karin von Aroldingen, to whom Balanchine left most of his ballets. D’Amboise writes about dancing with and courting one of the company’s members, who became his wife for fifty-three years, and the four children they had . . . On going to Hollywood to make *Seven Brides for Seven Brothers* and being offered a long-term contract at MGM (“If you’re not careful,” Balanchine warned, “you will have sold your soul for seven years”) . . . On Jerome

Robbins (“Jerry could be charming and complimentary, and then, five minutes later, attack, and crush your spirit—all to see how it would influence the dance movements”). D’Amboise writes of the moment when he realizes his dancing career is over and he begins a new life and new dream teaching children all over the world about the arts through the magic of dance. A riveting, magical book, as transformative as dancing itself.

*Moving Music* Stephanie Jordan, 2000 An in-depth study of the relations between music and dance in the work of George Balanchine, Frederick Ashton and Anthony Tudor. It seeks to offer a depth of focus and to throw light on general connections between music and dance.

**Handbook of Public Pedagogy** Jennifer A. Sandlin, Brian D. Schultz, Jake Burdick, 2010-07-29 Bringing together scholars, public intellectuals, and activists from across the field of education, the Handbook of Public Pedagogy explores and maps the terrain of this burgeoning field. For the first time in one comprehensive volume, readers will be able to learn about the history and scope of the concept and practices of public pedagogy. What is 'public pedagogy'? What theories, research, aims, and values inform it? What does it look like in practice? Offering a wide range of differing, even diverging, perspectives on how the 'public' might operate as a pedagogical agent, this Handbook provides new ways of understanding educational practice, both within and without schools. It implores teachers, researchers, and theorists to reconsider their foundational understanding of what counts as pedagogy and of how and where the process of education occurs. The questions it raises and the critical analyses they require provide curriculum and educational workers and scholars at large with new ways of understanding educational practice, both within and without schools.

Children's Literature in the Elementary School Charlotte S. Huck,1979 In Children's Literature in the Elementary School

Charlotte S. Huck advances the view that exposing children to good quality children's literature is a vital element of successful school reading programs. Books for children should be 1) works of high literary quality, 2) useful in the curriculum, and 3) appeal to the young reader. Volumes that address this subject have traditionally been tasked with meeting a wide variety of objectives in higher education: if adopted by education departments methodological matters are stressed; under the school of library science bibliography is the object; and under the English department textual analysis is emphasized. This text is sufficiently broad as to adapt itself to any one of these approaches, and should serve as a valuable guide for teachers, librarians, and elementary educators in any capacity.
