Race in America Matthew Desmond, Mustafa Emirbayer, 2019-11 Every chapter of *Race in America* examines how racism intersects with other forms of social division—those based on gender, class, sexuality, ability, religion, and nationhood—as well as how whiteness surrounds us in unnamed ways that produce and reproduce a multitude of privileges for white people. In the revised second edition, students will find relevant examples drawn from the headlines and from their own experiences. Each chapter is updated to include references to recent social movements and popular culture, making the book a more helpful tool for navigating society's critical conversations about race, racism, ethnicity, and white privilege. And throughout the book, students will find updated scholarship and data figures, reflecting the most cutting-edge sociological research--

The Racial Order Mustafa Emirbayer, Matthew Desmond, 2024-05-31 Proceeding from the bold and provocative claim that there never has been a comprehensive and systematic theory of race, Mustafa Emirbayer and Matthew Desmond set out to reformulate how we think about this most difficult of topics in American life. In *The Racial Order*, they draw on Bourdieu, Durkheim, and Dewey to present a new theoretical framework for race scholarship. Animated by a deep and reflexive intelligence, the book engages the large and important issues of social theory today and, along the way, offers piercing insights into how race actually works in America. Emirbayer and Desmond set out to examine how the racial order is structured, how it is reproduced and sometimes transformed, and how it penetrates into the innermost reaches of our racialized selves. They also consider how—and toward what end—the racial order might be reconstructed. In the end, this project is not merely about race; it is a theoretical reconsideration of the fundamental problems of order, agency, power, and social justice. *The Racial Order* is a challenging work of social theory, institutional and cultural analysis, and normative inquiry.

Poverty, by America Matthew Desmond, 2024-03-26 #1 NEW YORK TIMES BESTSELLER • The Pulitzer Prize-winning author of *Evicted* reimagines the debate on poverty, making a “provocative and compelling” (NPR) argument about why it persists in America: because the rest of us benefit from it. A BEST BOOK OF THE YEAR: *The New Yorker*, *The New York Times Book Review*, NPR, Oprah Daily, Time, The Star Tribune, Vulture, The Christian Science Monitor, Chicago Public Library, Esquire, California Review of Books, She Reads, Library Journal “Urgent and accessible . . . Its moral force is a gut

punch.”—The New Yorker Longlisted for the Inc. Non-Obvious Book Award • Longlisted for the Andrew Carnegie Medal The United States, the richest country on earth, has more poverty than any other advanced democracy. Why? Why does this land of plenty allow one in every eight of its children to go without basic necessities, permit scores of its citizens to live and die on the streets, and authorize its corporations to pay poverty wages? In this landmark book, acclaimed sociologist Matthew Desmond draws on history, research, and original reporting to show how affluent Americans knowingly and unknowingly keep poor people poor. Those of us who are financially secure exploit the poor, driving down their wages while forcing them to overpay for housing and access to cash and credit. We prioritize the subsidization of our wealth over the alleviation of poverty, designing a welfare state that gives the most to those who need the least. And we stockpile opportunity in exclusive communities, creating zones of concentrated riches alongside those of concentrated despair. Some lives are made small so that others may grow. Elegantly written and fiercely argued, this compassionate book gives us new ways of thinking about a morally urgent problem. It also helps us imagine solutions. Desmond builds a startlingly original and ambitious case for ending poverty. He calls on us all to become poverty abolitionists, engaged in a politics of collective belonging to usher in a new age of shared prosperity and, at last, true freedom.

Evicted Matthew Desmond, 2016 'I wish the rent was heaven sent.' Evictions in American cities used to be so rare they drew crowds. Now they happen day in, day out. This searing, heartbreaking book tells the story of poverty today, and the people who live it. Arleen spends nearly all her money on rent but is kicked out with her kids in Milwaukee's coldest winter for years. Doreen's home is so filthy her family call it 'the rat hole'. Lamar, a wheelchair-bound ex-soldier, tries to work his way out of debt for his boys. Scott, a nurse turned addict, lives in a gutted-out trailer. This is their world. And this is the twenty-first century- where fewer and fewer people can afford a simple roof over their head. From abandoned slums to shelters, eviction courts to ghettos, Matthew Desmond spent years living with and recording the stories of those struggling to survive - yet who won't give up. A work of love, care and humanity, *Evicted* reminds us why, without a home, nothing else is possible. It is one of the most necessary books of our time. Praise for *Evicted*

Tell Me Who You Are Winona Guo, Priya Vulchi, 2021-02-02 An eye-opening exploration of race in America In this deeply

inspiring book, Winona Guo and Priya Vulchi recount their experiences talking to people from all walks of life about race and identity on a cross-country tour of America. Spurred by the realization that they had nearly completed high school without hearing any substantive discussion about racism in school, the two young women deferred college admission for a year to collect first-person accounts of how racism plays out in this country every day--and often in unexpected ways. In *Tell Me Who You Are*, Guo and Vulchi reveal the lines that separate us based on race or other perceived differences and how telling our stories--and listening deeply to the stories of others--are the first and most crucial steps we can take towards negating racial inequity in our culture. Featuring interviews with over 150 Americans accompanied by their photographs, this intimate toolkit also offers a deep examination of the seeds of racism and strategies for effecting change. This groundbreaking book will inspire readers to join Guo and Vulchi in imagining an America in which we can fully understand and appreciate who we are.

Systemic Racism Ruth Thompson-Miller, Kimberley Ducey, 2017-10-17 This volume identifies some of the remaining gaps in extant theories of systemic racism, and in doing so, illuminates paths forward. The contributors explore topics such as the enduring hyper-criminalization of blackness, the application of the white racial frame, and important counter-frames developed by people of color. They also assess how African Americans and other Americans of color understand the challenges they face in white-dominated environments. Additionally, the book includes analyses of digitally constructed blackness on social media as well as case studies of systemic racism within and beyond U.S. borders. This research is presented in honor of Kimberley Ducey's and Ruth Thompson-Miller's teacher, mentor, and friend: Joe R. Feagin.

Mapping Inequality in an Era of Neoliberalism Stephen Valocchi, 2024-09-20 Offering a unique, comprehensive, and critical introduction to increasingly visible social inequalities, this textbook examines the political and economic causes and cultural consequences of a stratifying system that allocates material resources and human dignity on the basis of private profit and labor exploitation. *Mapping Inequality in an Era of Neoliberalism* foregrounds capitalism as the major source of the power relations in the United States, as a class system that serves the dominant vector of inequality and sets the parameters of social mobility. The book starts with racialized capitalist power and shows how this power is constituted in structures of opportunity and constraint. It also uses ethnographic accounts to "flip the script" to show how individuals in the class structure construct identities. Providing students with tools for understanding, Valocchi engagingly introduces many of the crucial concepts in this area of sociology – power, opportunity structures, ideology, social and cultural capitals, and intersectional class identities – connecting them as part of a uniquely critical approach.

Achieving Creative Justice in the U.S. Creative Sector antonio c. cuyler, 2025-05-02 Caste and the discrimination, exclusion, marginalization, othering, oppression, subalterning, and subjugation that it produces continue to challenge creative industries compromising culture's verisimilitude as a public good. *Achieving Creative Justice in the U.S. Creative*

Sector explores the relationships between access, diversity, equity, and inclusion (ADEI), and creative justice in the U.S. creative sector as a solution to meaningfully address enduring creative injustices. Whether it's the #BlackLivesMatter, #LandBack, or #MeToo movements, caste remains structurally and systemically built into U.S. Society, and thereby the creative sector. Acknowledging this realization after George Floyd's murder in 2020 has galvanized a quest for solutions. This book encourages sincere consideration for the human toll of insisting on artistic excellence and artistic merit at the expense of profound and unnecessary identity-based human suffering. Providing a practical guide on how to activate ADEI to achieve creative justice and a research agenda, this book is an essential reading for practitioners and scholars who feel compelled to address creative injustices that constrain the creative flourishing of historically and continuously low-casted peoples throughout the entire cultural ecosystem that defines the U.S. creative sector. Racial Domination, Racial Progress: The Sociology of Race in America Mustafa Emirbayer, Matthew Desmond, 2009-10-08
Racial Domination, Racial Progress: The Sociology of Race in America looks at race in a clear and accessible way, allowing students to understand how racial domination and progress work in all aspects of society. Examining how race is not a matter of separate entities but of systems of social relations, this text unpacks how race works in the political, economic, residential, legal, educational, aesthetic, associational, and intimate fields of social life. Racial Domination, Racial Progress is a work of uncompromising intersectionality, which refuses to artificially separate race and ethnicity from class and gender, while, at the same time, never losing sight of race as its primary focus. The authors seek to connect with their readers in a way that combines disciplined reasoning with a sense of engagement and passion, conveying sophisticated ideas in a clear and compelling fashion.

A Reader on Race, Civil Rights, and American Law Timothy Davis, Kevin R. Johnson, George A. Martínez, 2001
This anthology offers a range of legal and related literature analyzing the major issues of race and civil rights in the modern United States. Unlike previous works, which have tended to focus on the relationship between Caucasians and African Americans, this anthology considers race and civil rights issues from a wide range of minority perspectives -- African American, Asian American, Latino, and Native American. The debate over race issues is examined in numerous contexts, including the role of race in laws affecting education, housing, employment, voting rights, immigration, and the administration of criminal justice. In this anthology, editors Davis, Johnson, and Martinez explore broader themes such as the history of racial subordination of African Americans, Native Americans, Asian Americans and Latinos; affirmative action; hate speech; and the subordination of women of color. In setting the stage for an examination of race in these diverse contexts, the anthology's first selections explore the concept of race. The anthology is geared toward, but not limited to, law school

classes focusing on civil rights and race relations. The selections are of such a nature that the anthology should also appeal to anyone interested in foundational readings in this area. Each chapter begins with an introduction that strives to provide a framework from which the reader can analyze the current debates over issues of race in the United States.

Whiteness Interrupted Marcus Bell, 2021-06-28 In *Whiteness Interrupted* Marcus Bell presents a revealing portrait of white teachers in majority-black schools in which he examines the limitations of understandings of how white racial identity is formed. Through in-depth interviews with dozens of white teachers from a racially segregated, urban school district in Upstate New York, Bell outlines how whiteness is constructed based on localized interactions and takes a different form in predominantly black spaces. He finds that in response to racial stress in a difficult teaching environment, white teachers conceptualized whiteness as a stigmatized category predicated on white victimization. When discussing race outside majority-black spaces, Bell's subjects characterized American society as postracial, in which race seldom affects outcomes. Conversely, in discussing their experiences within predominantly black spaces, they rejected the idea of white privilege, often angrily, and instead focused on what they saw as the racial privilege of blackness. Throughout, Bell underscores the significance of white victimization narratives in black spaces and their repercussions as the United States becomes a majority-minority society.

Enduring Empire katrina quisumbing king, 2025-07-08 In 1898 the United States became a formal overseas empire and claimed sovereignty over the Philippine islands, justifying its rule in explicitly racial terms. Less than fifty years later, in 1946, Philippine independence was recognized by the United States, even as it continued to exert influence over the domestic and foreign affairs of the newly decolonized Republic. Despite some differences, U.S. control remained racial and imperial. *Enduring Empire* shows how U.S. federal state actors translated their ideas of race into state structures. Through innovating constitutional law, bureaucratic administration, and legislation, state actors built a durable and flexible system of racial-imperial rule that not only lasted beyond the period of formal empire but continues to this day. katrina quisumbing king traces debates among U.S. presidents, federal legislators, administrators, and justices about what kind of state the United States should be, the place of nonwhite people in the polity, and the best way to maintain U.S. white hegemony. In charting how state actors' positions—some nativist, isolationist, and protectionist and others expansionist, interventionist, and imperialist—evolved, quisumbing king identifies key moments when they cemented racial ideas into law and reshaped the terms of U.S. racial-imperial formation.
